

BOTH SILENT

Conference With C. P. R. Men Ended

RESULT IS NOT KNOWN

GENERAL BELIEF IN WINNIPEG THAT COMPROMISE SATISFACTORY TO COMPANY AND EMPLOYEES HAS BEEN REACHED—BOTH SATISFIED.

WINNIPEG, April 7.—The questions at issue between the C. P. R. and the federated mercantile unions of the company, which have been a subject of conference, have been amicably settled, the friction which has existed between the company and the men ever since the settlement of the trouble last fall has been almost entirely removed.

The unions have secured practically everything of importance affecting the western lines which they desired, and a schedule and working agreement eminently satisfactory to them will be the result. A matter of prime importance to the older men especially is their re-instatement to the pension roll from which they were removed after the strike. This has been conceded by the company. It has also been agreed that any of the mechanics who struck last summer on the western lines, and who have not yet been taken back shall be at once reinstated if they desire. As a result of the conference and the conciliatory spirit in which both sides approached the consideration of the questions, both the company and the men understand each other better than before and it is expected that a long period of harmonious relations has been inaugurated.

The agreements have not yet been signed actually but there is no doubt they will be immediately upon the return of G. Hall, superintendent of motive power for the company, from the west. Only comparatively minor matters of detail remain to be settled.

The company has been successful in its contention for separate and distinct schedules for the eastern and western lines, but the actual composition of schedule committee to conduct the eastern negotiations has not yet been definitely settled. The western lines desire representation thereon, but it is not likely that this will be agreed to. A joint committee to meet in Winnipeg and Montreal, however, is by no means an impossible thing.

The western unions have secured the closed shop and the integrity of their organization which was somewhat impaired by the result of the strike.

(Western Associated Press.)

WINNIPEG, April 7.—Totally conflicting stories are published here regarding the result of negotiations between the C. P. R. officials and representatives of the C. P. R. mercantiles. One authority (the Free Press) declares the questions amicably settled and that there will be no strike scare. It is stated that while the schedule and agreements are not yet signed, the late strikers are to be reinstated to the pension roll and that all men not yet returned to work will be placed immediately, if they so desire. The company is successful in their contention to keep separate the eastern and western divisions and schedules. On the other hand westerners retained the closed shop and integrity of the union, and it is also stated there will be no change in wage schedules.

Another story is that the company demanded a five per cent. reduction and this caused the breaking off of negotiations. Certain it is negotiations are suspended for the present. Grant Hall, superintendent of motive power and Master Mechanic C. P. Temple having accompanied General Superintendent Arundel to Saskatoon, the former two continuing negotiations.

There was a general scattering of responsible officials. Vice-president Whyte is leaving for the coast. En route he will look into the shipment of Albertan wheat to Vancouver. General Manager Bury also left the city, going to Fort William. The general exodus of responsible heads and the marked silence of both parties would seem to indicate the question is not settled and the more probable occurrence was the presentation by the company of an ultimatum to the men containing the principal concessions mentioned in first report, coupled with acceptance of the disputed schedule introduced last spring. The mechanics' union is holding secret sessions.

MANHATTAN BRIDGE OPENED

New Yorkers Now Have Choice of Three Crossings.

NEW YORK, April 7.—A giant steel girder with an American flag attached swung into place over the middle of the East river today, marked the completion of the great steel superstructure of the Manhattan bridge, the fourth of the spans linking Manhattan Island and Long Island. The engineers' computations are said to be exact, the steel chords from the two sections of the bridge meeting to the

inch as calculated. A formal celebration of the connection is being held next week. Mayor McClellan is to make the first trip over the new structure.

Three bridges across the East river are now in use, the third, the Blackwell's island or Queensborough bridge of cantilever construction having been opened last week.

The Manhattan bridge, like the first Brooklyn bridge and the Williamsburg bridge, is of the suspension type.

MINIMUM DUTY ON OIL

SIGNAL VICTORY FOR OPPONENTS OF STANDARD

LARGE BODY OF REPUBLICANS JOIN WITH DEMOCRATS

WASHINGTON, April 7.—This was a bad day for the republican organization of the house. By a combination of republican "insurgents" and democrats, the ways and means committee was bowled over and the advocates of free crude oil and its products won a signal victory, when the amendment by Mr. Norris of Nebraska, placing the insignificant duty of one per cent. ad valorem on those articles was adopted by a substantial majority. The decision of the chairman that the amendments could not be offered to the oil schedules other than that covered by the one last Monday which provided for the removal of countervailing duties on crude petroleum and applying an ad valorem duty of 25 per cent. was overturned and not even a fervent appeal by the speaker in an endeavor to rally the republican forces was sufficient to stem the tide avowedly opposed to the Standard Oil Co. By a practically unanimous vote the countervailing duty went out as the committee had recommended.

On all other propositions the committee was sustained. The barley schedule ran the gauntlet without any change. Tea and coffee were placed on the free list and the duty on harytes increased from 75 cents to \$1.50 per ton.

The colloquy was humorous but later developed into personalities. Mr. Stanley of Kentucky and Mr. Clarke of Florida were silenced only upon the objection of Mr. Crumpacker of Indiana, that it was against the dignity of the house. The bill was laid aside at 5:45 and the house adjourned.

SEALERS HAVE ROUGH TIME

St. John's Fleet Encountered Heavy Weather.

ST. JOHN'S, Nfld., April 7.—The sealing season in the gulf of St. Lawrence has not been an utter failure as was feared when the sealing steamer Harlaw arrived here empty on Sunday last but the St. John's sealing fleet has had a rough time, according to the first news from the fleet which arrived here today. The catch reported totals about 125,000. Since March 21 the steamers Bellaventure, Bonaventure, Gothic, Virginia Lake and Adventure have been lost in the heavy ice floes and they are drifting slowly towards the shore at the mouth of Notre Dame bay. Today the Virginia Lake was in such bad shape that it was feared she would have to be abandoned as her shaft had been broken by the ice. The other five steamers were in a dangerous position.

Bostonians Jarred.

BOSTON, April 7.—In a trolley car collision on Washington street near Poplar in Roslynville this afternoon an empty and unoccupied car and a well filled car which was climbing the hill, one person was seriously injured and a dozen others slightly hurt. The accident was said to be due to the breaking of the connection between the empty car and the one which was hauling it.

One man was taken to the hospital with a fractured skull, while the others were treated for cuts, sprains and bruises by physicians who rushed to the scene and were subsequently sent to their homes. Both cars were badly smashed, the empty car forcing itself under the other and pushing it up in the air, while the street on both sides of the track was littered with broken glass and other fragments.

British Destroyer Lost.

LONDON, April 7.—The British torpedo boat destroyer Blackwater was sunk at midnight last night off Dungannon as a result of a collision with the British steamer Hero. The crew of the Blackwater was saved. The Hero had her bows stove in. The Blackwater had a displacement of 550 tons and was 225 feet long. She had a complement of 70 men and was capable of steaming 25 knots an hour.

Assimilate Western Idea.

CONSTANTINOPLE, April 7.—Constantin Hassan Effendi, general editor of the newspaper Serbesti, was shot and killed by an unknown man as he was entering his office today. A government official accompanying the editor was wounded. The crime is believed to be political. The Serbesti has been carrying on a campaign against the committee of union and progress.

Aerial Cruiser Wanted.

PARIS, April 7.—General Picquart, minister of war, has offered a prize of \$1,000 for the best design of an aerial cruiser. The conditions provide for a steerable ship which must be able to maintain a speed of at least 31 miles an hour for at least 15 hours with six passengers. Its total volume is not to exceed 20 meters and diameter through the centre 30 meters.

KEEP IN LEAD

Vancouver Still Urges Aid to Navy

NON-POLITICAL MEETING

WILL FOLLOW UP RESOLUTION OF BOARD OF TRADE—NEW DISTRICT IN CITY THROWN OPEN—DYKING SCHEME ABANDONED.

VANCOUVER, April 7.—A non-political public meeting will be held in the city hall next Tuesday evening on the question whether it is desirable that Canada should make an immediate contribution to the imperial navy. Sir C. H. Tupper, G. H. Cowan, M. P., J. H. Senkler, H. O. Bell Irving and other prominent gentlemen will speak.

Two hundred lots including some business property on the west side of Granville street will be sold next week by the C. P. R. in a new subdivision lying between Granville street and the Lulu Island railway and between Ninth and Thirteenth avenues. No announcement has yet been made respecting the prices at which the lots will go but it is learned that the figures will be reasonable, possibly \$700 or \$800 residential lots. There is such a strong demand for the business lots fronting on Granville street that it has been determined by the railroad company to offer these by tender only. But nineteen lots will be sold on Granville street. These lots are 27 feet in width. All the residential lots to be offered have a width of 50 feet. The new subdivision is admirably situated on high ground from which a magnificent view in all directions may be obtained. The natural drainage of the land is excellent.

The British Columbia electric railroad company has abandoned the Sumas dyking scheme owing to the excessive expenditure required as shown in the final reports of the engineers. This decision is announced officially as follows:

"The board of directors has decided in view of the prohibitive cost of reclaiming the Sumas district, that they will not be able to proceed with the scheme. A large sum of money has been spent in making the most careful survey of the works and estimates of the cost of alternatives schemes have been carefully prepared by the most eminent engineers obtainable. Mr. J. F. Lebaron, C. E., the well known authority on land reclamation in his final report recently submitted dealt in a most comprehensive and exhaustive manner with every detail of the undertaking. To carry out the work in the substantial manner required to make the scheme absolutely safe and permanent entailed a very large increase over the original estimates and as the revised estimates of the cost exceed by a very considerable sum the amount which the company was prepared to contribute, the board felt itself reluctantly compelled to withdraw from the undertaking.

VANCOUVER, April 7.—The firemen at the city incinerator this morning started their work as usual, loading the cells of the plant with the garbage brought in yesterday afternoon. The door of the cell was closed and the men started work at the other end of the furnace, when suddenly a single sharp detonation from the farther chamber aroused them. In a moment this was followed by a miniature Gatling gun exhibition in the cell and the workmen began to think it was time to make investigations. When the cell was opened it was found that some explosives had been put in with the refuse, the work of the powder being plainly evident. Superintendent Booth heard of the matter and a search of the garbage still remaining in the hopper was made. This resulted in the finding of a large number of cartridges in the pile. The cartridges were in packages marked as ingested in 1907. From their effectiveness in the incinerator they are still evidently all right.

EDMONTON AND STRATHCONA

Cities Cooperate With Dominion Authorities For It.

EDMONTON, April 7.—It is probable that on Friday or Saturday there will be a meeting of a joint committee of the Edmonton and Strathcona city councils to consider the question of the proposed high level bridge between the two cities. As a result of a conference between the two mayors several days ago the government public works department are now changing the plans to apply to a bridge with a straight approach from Strathcona instead of winding down the hill as at first contemplated. The proposal now is to come of the bridge at the Strathcona side at a three per cent grade and continue this to the top of the hill.

American Grain Reports.

WASHINGTON, April 7.—A winter wheat average of 82.2 per cent. of normal as against 91.3 a year ago and a rye average of 87.2 against 89.2 a year ago were announced in the report of the department of agriculture today

CASTRO IS VERY ANGRY

EX-DICTATOR OF VENEZUELA CAN GO NO FARTHER

LANDS ON FRENCH ISLAND—SAYS HE IS BADLY USED

PORT DE FRANCE, Martinique, April 7.—Cipriano Castro, in a rage against the British government and the state department at Washington, left the steamer Gaudeloupe at this port today and has taken no quarters on shore. Finding all ports in the West Indies excepting Port de France barred against him, the present course was the only one left open to the former Venezuelan dictator. Senor Castro's wife will continue on board the Gaudeloupe to La Guayra. The American cruiser North Carolina came into port this morning.

The Gaudeloupe on board which Castro and his party sailed from France on March 29th came into Port de France late yesterday evening. While at Point a Pitre on the island of Gaudeloupe, where the steamer touched yesterday, Castro was informed by the British consul that the British government had decided not to permit him to disembark at Port of Spain, Trinidad. Consequently Castro decided to leave the Gaudeloupe here. The decision of the British government, acting on the request from the state department at Washington, not to let him land at Trinidad, was unofficially communicated to Castro a second time this morning. The former president expressed himself as exceedingly angry at this decision. He characterized it as a violation of the rights of a man. He is furiously angry at the American government and the French Steamship line. The latter has refused to let him continue on board the Gaudeloupe to Colon. Castro also protested against the belittling intentions with regard to the existing political situation in Venezuela with which he has been credited and he declared that his only purpose in returning to Venezuela was to attend to his private business. Castro will be attending during his stay by his secretary and a body servant. He appears still to be in ill health.

PARIS, April 7.—The Venezuelan government has sounded France to ascertain whether or not difficulties would be encountered if Castro were arrested on board the steamer Gaudeloupe at a Venezuelan port. The reply of France indicated that she would not make a protest in such an event.

WASHINGTON, April 7.—The Netherlands, France, Colombia and Panama are all in accord, it is understood, in their desire to avoid any further complications and it is believed that they are all using the utmost liberty as neutral nations to prevent Castro from making their territory a basis for any strategic move to advance any personal ambition. While no statement is made at the state department, it is understood there was been a free exchange of views among the representatives of the various governments interested.

PARIS, April 7.—A despatch to the Journal from Basseterre, Gaudeloupe, says that general Castro learning that he will not be able to land at Trinidad has decided to leave the ship at Port de France.

The news that he would not be allowed to land at Trinidad threw Castro into a violent rage. Prior to leaving Point a Pitre he left a vigorous protest with the British consul against the instructions of the British government. He showed particular annoyance at the presence of an American cruiser which will escort the Gaudeloupe to her final destination.

To the Journal correspondent he said: "The existing Venezuelan government has certainly asked for the intervention of the United States of America which means that a revolution is eminent at Caracas. I shall refrain from taking any part in it."

Senor Castro will send his family to Laguayra.

PORT OF SPAIN, Trinidad, April 7.

There is much excitement in the Venezuelan colony over the interdiction issued by the British government against ex-dictator Castro. Prior to the announcement that Senor Castro would not be permitted to land in Trinidad the coming of the ex-president to this port had been looked forward to by Venezuelans here with some eagerness and now the interest is centered in the question as to how long Castro will be permitted to remain in Port de France. The United States cruiser North Carolina arrived here this morning and the cruiser Montana. It is understood, will follow the Gaudeloupe to Port of Spain, where the commanders of the two warships may have a consultation. A report received today states that the United States gunboat Paducah will arrive at La Guayra tomorrow.

Far From Home.

NAPLES, April 7.—A young man supposed to be an American, after dining at Torrelaveta near Pozzuoli climbed to the top of a high hill and threw himself from the cliff yesterday. He was picked up dead. A book found in his pocket contained the inscription "I. Macpherson, Seattle." There is no other trace of the man's identity.

A. Y. P. Stamps.

WASHINGTON, April 7.—Postmaster General Hitchcock has approved a design for a special issue of stamps on June 1, commemorative of the Alaska-Yukon-Pacific exposition. The stamp bear a ribbon inscribed "Alaska-Yukon-Pacific 1909" and a circle frames and the picture of a fur seal standing on a cake of ice.

TIMES' ADVICE

Thunderer Asks Prompt Acceptance

SHOULD WELCOME OFFERS

HOPES CANADIAN INITIATIVE WILL NOT BE STRANGLING BY RED TAPE—BRITISH MEMBERS ARRANGING TOUR OF THE DOMINION.

(Canadian Associated Press) LONDON, April 7.—The Times hopes that the naval and military scheme to be submitted to the admiralty will receive sympathetic and prompt consideration, and that the Canadian initiative will not be strangled by too much red tape.

SYDNEY, N.S.W., April 7.—West Australia has joined Victoria in the offer of a Dreadnought. Speaking to a large meeting here ex-premier Deakin said that having regard to Australia's isolation no price was too great to pay for defence. They should stand by beside New Zealand. (Prolonged cheers.) The commonwealth must pay its share to prove the utility of its empire. Mr. Deakin predicted a budget deficiency of half a million pounds and the impossibility of paying the old age pensions without borrowing.

LONDON, April 7.—A movement is afoot to organize a parliamentary and municipal tour of Canada next autumn. Percy Aiden, liberal M.P. for Tottenham, is taking the initiative in response to the expressed desire of Earl Grey, Sir Wilfrid Laurier and the mayors of the principal cities of the dominion. Premier Asquith is evidencing the strongest sympathy with the proposal.

LONDON, April 7.—Imports from Canada during March were: Cattle, 345, £57,922; wheat, 863,000 cwt., £386,188; meat and flour 103,300 cwt., £55,100; peas, 11,190 cwt., £4153; bacon, 29,954, £81,735; hams, 1542 cwt., £3597; butter, 1262 cwt., £6304; cheese 35,948 cwt., £110,096; horses, 14, £700.

Charles Henry Somerset Butler, earl of Carrick, who served in the Fenian invasion in Canada in 1870, is dead. He was born in 1851.

CAMPAIGN CONTINUES

FURTHER EVANGELISTIC MEETINGS HELD IN CITY

PROGRAM OF GATHERINGS ARRANGED FOR TODAY

In connection with the Kootenay evangelistic campaign yesterday a meeting was held at 12:30 noon, at the Vancouver Lumber company's sawmill which was attended by the men, the Hindus listening to the singing of Messrs. Lowe and Thompson. Simultaneously Dr. Granstaff and Mr. Pugh conducted a public service in the Empire theatre at which the latter sang solo. Dr. Granstaff spoke briefly and forcibly on the "Mindfulness of Christianity and sinners." Today he would speak at the Reasonableness of Christianity. The children's meeting in the roller rink at 4:30 was again largely attended. Mr. Lowe covered his story of the life of Jesus and illustrated it by means of moving pictures representing the miracles evoked a serious interest.

At the mass meeting in the evening Rev. E. Newton Powell presided. Rev. Dr. Shearer, Toronto, was present and gave an account of the campaign in Fernie, Cranbrook and other places. Probably no religious movement in the history of Canada had excited so widespread an interest as this Kootenay campaign. An interesting feature of this meeting was the reception of requests for prayer on behalf of individuals and of the lonely settlers throughout the country who are deprived of religious privileges. In response to a special request Mr. Pugh promised that at the meeting tonight he would sing Snoddy's "Nimty and Nime". The attendance showed an increasing interest.

Dr. Granstaff took for his subject "Gains and Losses", and pointed out that the Bible is sometimes paradoxical. It is more often pictorial. It illustrates virtues and vices by depicting human lives. He took Lot as a pictorial instance of a man who tried to get as much out of the world without losing hold of the world to come. Among his gains was his getting his own way. He got best pasturage in Palestine and prospered exceedingly. But God has always the last word. Gradually drawing nearer to Sodom he finally located there and became a prominent personage. He had a key of gold. He finally got more than he bargained for. The devil always looks after that for those who make terms with him. Just so the drunkard's grave is in his own pocket. We choose the end from the beginning. With the splendid life of the city Lot had to take his vice and sin. What did he have? First his friends, Paul was right in warning us not to be unequally yoked with unbelievers. Then he lost communion with God. So also he lost power with God. To use God's power a man must obey God. Power with God implies obedience to God. You must prevail with God in private if you are to prevail with men in public. Lot lost influence with the people around him and also with his own family. That has happened over and over again since. Lot further lost influence with his prosperity. The church of the coming generations will have no such implacable enemies as the children of those who are sacrificing their spiritual life for worldly gain. Then Lot actually lost his family. Many parents are more anxious to get their children into society than to get them into the Kingdom of Heaven. Parents bringing up their children not in the way they should go but in the way they want to go, and by and by away they go. Count up the losses and gains and say whether it ever pays to live a double life. The trouble with many of us is that they insist on choosing for themselves

as Lot did, and get nothing. Let God choose for us. When Lot moved into Sodom, Sodom moved into him. What is the cure for all this? We need the vision of the other world, and that before it is too late.

Mr. Pugh's solo singing was highly appreciated and the united choir rendered efficient service. The meetings for today are as follows: 12:30 p. m., meeting at C. P. R. shops, conducted by J. A. Thomson and J. J. Lowe. 12:30 to 1 p. m., public service at the Empire theatre. Solo by G. F. Pugh. Short address on "The Reasonableness of Christianity" by Dr. Granstaff. 4:30 children's meeting at Alice roller rink, illustrated "Life of Christ" by J. J. Lowe. 8 o'clock mass meeting in Alice roller rink.

HE LIKES SHEEP CREEK

PROMINENT AMERICAN MINING MAN ON NEW CAMP.

P. P. ROONEY SAYS MINING GENERALLY IS REVIVING

P. P. Rooney, a prominent mining man from the States, is on a trip of inspection through British Columbia and Yukon generally. Interviewed at the Home last night by a reporter of the Daily News Mr. Rooney said that he had traveled since he had left Michigan, where he was interested in copper mining, through the mining districts in Canada from Sault Ste. Marie to Nova Scotia and had seen little of this mass of British Columbia but he intends before returning east to become better acquainted with them. He had, however, seen ore from Sheep Creek and from the Le Rio No. 2 mine at Rossland and spoke in the highest terms of both. With regard to Sheep Creek he said that in his opinion the ore was remarkably rich and that it was only a question of proving that it ran to sufficient depths for outside capital to come in with a rush. He had not seen the camp but from what he had heard the depth to which the ore bodies ran at Sheep Creek had already been shown to be considerable.

One of the richest veins Mr. Rooney said, was in the Lawson mine, in which John McMartin was one of the largest holders. This vein was showing ore containing from 40 to 60 per cent silver which could be seen when in the mine and when looked at from above extended in the sun. Mr. Rooney says that he has noticed distinct revival in mining activity not only in British Columbia but throughout the country. He hopes to leave for Seattle this morning and will return to Nelson shortly.

CONFER ON WATER RIGHTS.

A. B. Aylesworth in Washington on St. Mary's River Question.

WASHINGTON, April 7.—The treaty relating to the disposition of the waters of St. Mary's river between Michigan and the Canadian boundary which was ratified by the senate in an amendment today was today the subject of a conference of representatives of the Canadian and American governments. Hon. A. B. Aylesworth, minister of justice and George C. Gibson represented the dominion of Canada, while secretary Knox, senator Root, attorney general Wickersham, secretary Dickinson of the war department and Chandler Anderson, attorney for the department of state, represented the United States. The visitors, it is understood, were favorably impressed with the statements made to them by the Americans regarding the investigation of the senate amendment by which a disposition of the waters of the St. Mary's river available for power purposes shall be on the basis of the territorial rights of the two governments. The conference today led to the hope that a settlement of the controversy over the treaty will be reached shortly. The Canadians will remain in Washington for several days, but no further conferences have been arranged.

Cowan Addresses Meeting.

VANCOUVER, April 7.—Mr. G. H. Cowan, M. P., addressed a large Conservative meeting tonight on several topics including recent developments at Ottawa, and the increase in the interest that is being accorded British Columbia and Vancouver. He concluded with a loyal peroration in regard to naval contribution, and a resolution was passed by the meeting expressing the opinion that Canada should at once do her duty in the premises.

Brakeman Convicted.

COBOURG, April 7.—C. P. R. brakeman Charles J. Reid was found guilty tonight by a jury on the assizes of criminal negligence in connection with a wreck which occurred on November 23d last near Sandbank a station north of here on the C. P. R., in which the engineer, Wm. Findlay, his 2 emar, William Conroy, and a brakeman by the name of Sweet lost their lives. The jury retired about 6:30 and returned again at 8 p.m. with a verdict of guilty with a recommendation to mercy. His Honor Judge Britton said he would pass sentence in the morning.

King and Queen Collide.

MADRID, April 7.—King Alfonso and Queen Victoria recently had a narrow escape from injury while the King was leaving the palace courtyard and the Queen was entering in their automobiles. The machines came into collision in the narrow passage and both were badly damaged but their majesties were not hurt.

Grand Duke as Aeronaut.

DIEPPE, France, April 7.—A balloon with the Grand Duke of Tuscany aboard landed at Angerville yesterday. The balloon left Tinton Sunday night and passed over Munich and Strassburg travelling a distance of about 585 miles.

Zepplin's Latest Success.

FRIEDERICHSHAFEN, Apr. 7.—Zepplin's airship made a successful flight today of 13 hours duration. It was first to Wagen in Wurtemberg and returned to Friederichshafen by a different route.

ONLY ONE MAN

Desired Strike in the Coal Mines

STATEMENT OF LEMIEUX

MINISTER OF LABOR SAYS HE IS ASSURED FROM INTERNATIONAL ALL OFFICER OF SETTLEMENT—PARLIAMENT PREPARING TO PROROGUE.

(Western Associated Press.) OTTAWA, April 7.—Forty-eight members gathered in the commons chambers this afternoon to receive the summons from the gentleman usher of the black rod to attend in the upper chamber while the deputy governor general gave his assent to legislation passed so far in session. Before the functionality of the upper house put in an appearance the members of the opposition improved the time by plying the ministers with questions.

George Taylor, conservative whip, enquired if any information had been received from western Canada as to the strike situation. Hon. Rodolphe Lemieux produced a telegram he had received some days ago to the effect that Frank Sherman had ordered the strike after an agreement had been ratified by a referendum vote. The minister said that he had received a second telegram from officials of the United Mine Workers accepting the agreement arrived at. He believed that everything would be arranged satisfactorily before the end of the week. "I understand," said Mr. Lemieux, "that there is only one man who wants a strike."

Dr. Sproule enquired as to the whereabouts of the "prospective minister of labor," had he been taken possession of by the mikado? Hon. Mr. Lemieux presumed that Dr. Sproule referred to Mackenzie King. As to his becoming minister of labor, he said that was a rumor in the press. Mr. King, he went on to say, had attended the international opium conference and had then proceeded to Pekin. He would sail for Canada shortly. The opium conference, Mr. Lemieux told the house, had been a success. Thanks to the attitude taken by the British officials, the traffic will be regulated in such a way that it will eventually be suppressed. Owing to the action taken by the Canadian parliament last session Mr. King's mission had been an easy one. The effect of that legislation had been that no opium is now sold in Canada except for medical purposes. Mr. King would make a full report to parliament on his arrival.

Mr. David Henderson, Halton, rose to put another question but was interrupted by the arrival of the black rod and the members trooped out after the speaker to the senate chamber where 48 bills were assented to by Sir Charles Fitzpatrick, deputy governor general. The government and opposition have arrived at an agreement to have parliament prorogue, if possible about May 19.

Lord Aylmer, formerly inspector general of the militia forces, and his family are moving to Queen's bay, Lake Kootenay, next week where he will engage in fruit farming. He has purchased a farm on the lake shore. According to returns compiled by the customs department, Vancouver taxes fourth place among the principal cities of the dominion in the collection of customs revenue last year. Montreal is first with \$12,928,197.28; Toronto second, with \$9,435,172.06; Winnipeg third with \$3,329,921.93 and Vancouver fourth with \$2,540,912.50. The returns show a decrease in every case.

Collision Near New York.

NEW YORK, April 7.—The Ward line steamer Havana ran into the Munson line freighter Cubana near the quarantine station on Staten Island at 7:20 today, tearing a large hole in the Cubana's side near the stern. The Havana was not damaged. The Cubana was towed by tugs towards the beach at Clifton, Staten Island. The Cubana which arrived from Mantanzas, Cuba, last night, was anchored off the quarantine station when the Havana, which was arriving from Havana, struck the freighter on the port quarter. The Havana cut a gash in the Cubana's side extending below the water line and the freighter began to fill with water. Tugs came promptly to her assistance and towed her in shore until she grounded on Staten Island.

Storm on Black Sea.

CONSTANTINOPLE, April 7.—A severe storm has been raging on the Black Sea for at least two days. Several Turkish vessels have been wrecked and a number of lives lost.

States Want Death Duties.

BOSTON, April 7.—The Massachusetts senate late today adopted resolutions to memorialize congress against the taking of the inheritance tax from the states.

Shah's Chief Murdered.

ST. PETERSBURG, April 7.—Persian despatches received here state that a revolutionary soldier has assassinated the Shah's commander-in-chief near Tabriz, with a bomb.

Easter Greeting

This the glad season of spring is the time when you should "Spruce-up" and look prosperous. Our new stock of EASTER CLOTHING fittingly represents the joyous spirit of the season. They have that distinctive quality of exclusiveness that marks the wearer as being in close touch with current modes—suits that fit faultlessly—show individuality—express style and put clothes confidence into the wearer.

SUITS \$15, \$18, \$20, \$22.50, \$25, \$28, \$30.

Woman's Power Over Man

Woman's most glorious endowment is the power to awaken and hold the pure and honest love of a worthy man. When she loses it and still loves on, no one in the wide world can know the heart agony she endures. The woman who suffers from weakness and derangement of her special womanly organism soon loses the power to sway the heart of a man. Her general health suffers and she loses her good looks, her attractiveness, her amiability and her power and prestige as a woman. Dr. R. V. Pierce, of Buffalo, N. Y., with the assistance of his staff of able physicians, has prescribed for and cured many thousands of women. He has devised a successful remedy for women's ailments. It is known as Dr. Pierce's Favorite Prescription. It is a positive specific for the weaknesses and disorders peculiar to women. It purifies, regulates, strengthens and heals. Medicine dealers sell it. No honest dealer will advise you to accept a substitute in order to make a little larger profit.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

Dr. Pierce's Pleasant Pellets regulate and strengthen Stomach, Liver and Bowels.

BIG MEET FOR WINNIPEG

DOMINION AMATEUR ATHLETIC CONTEST ARRANGED

FIRST TIME EVER HELD WEST OF TORONTO

WINNIPEG, April 7—President Du Van of the Manitoba Amateur Athletic association, announced last evening that the Dominion of Canada Amateur Athletic championships will be held in the city of Winnipeg on July 15 and 17 in conjunction with the Winnipeg industrial exhibition.

At a meeting of the Winnipeg industrial executive held recently it was unanimously decided to request that the championships be held in the capital of Manitoba, and accordingly President Du Van of the M. A. A. wired Pres-

ident Merrick of the Canadian Amateur Athletic union, as follows:

"Manitoba Amateur Athletic association will conduct Dominion championships in Winnipeg July 15 and 17, as suggested in correspondence exchanged on subject, under conditions specified therein."

The championships heretofore have never been held west of Toronto. Last year they were conducted in Halifax with such success that the board of governors was desirous of giving the west an opportunity of undertaking the premier athletic event of the year. It is known that Toronto was anxious to secure the meet this year, but the board of governors of the union expressed a wish that Manitoba branch be encouraged to accept the contests. The meet will involve championship events in nearly all the field sports, short and long distance running, standing and running jumps, high jumping, vaulting, throwing the discus, etc.

with probably a Marathon race, and contestants from all parts of the Dominion will compete.

It is difficult to estimate to what an extent this will advertise the city and province, for, being held as it will be, during exhibition week, competitors and athletic enthusiasts from all parts of the Dominion will take advantage of the reduced railway fares to attend, and the industrial being in full swing, visitors will have a wonderful opportunity of gaining some knowledge of the west, its people and products.

The Manitoba Amateur Athletic association will spare no efforts to far surpass any previous attempt in the Dominion of Canada in conducting the meet, and with the substantial backing it is receiving from the city and the exhibition board, little doubt has been expressed concerning its ability to handle the proposition with success.

BOXING IN NEW YORK.

Further Action Will Be Taken to Prevent Prize Fights.

NEW YORK, April 7—District Attorney Jerome said yesterday in reference to a report from Albany that Governor Hughes had started an investigation of the alleged violations of the law against prize fighting in New York. "I have received a letter from Governor Hughes asking me to look into the reports printed recently about boxing bouts and particularly with reference to the O'Brien-Ketchell bout. I have ordered an investigation and shall turn the report over to Governor Hughes. If the legislature wants to stop boxing in its present form it can pass a law making it a crime to spar in public. If, however, they only wish to curb the sport as a money making institution they may forbid sparring before more than 25 persons or where-ever admission is charged. Such a law, Mr. Jerome said, would effectually bar the clubs which were evading the law, but would not prevent boxing for the sake of sport.

As the result of the communications from Governor Hughes to District Attorney Jerome and Police Commissioner Bingham, Assistant District Attorney Murphy began today an inquiry into the fight in the National Athletic club on March 28 between Philadelphia Jack O'Brien and Stanley Ketchell. Governor Hughes had read that the fight had terminated in a knockout and asked that the investigation be made to determine whether the law had been violated. Mr. Murphy today said that he had procured a certified copy of the National Athletic club's articles of incorporation and was looking up the incorporation. Only one of them, he said, had been found at the address given in the directory. The incorporator, W. K. Kingdel, had promised to call at the District Attorney's office tomorrow. Mr. Murphy said the club's officials, it was stated, had agreed to submit tomorrow a copy of the by-laws and a full list of the directors of the organization.

BURNS AFTER JOHNSON

Ex-Champion Wants Another Chance for the Title.

NEW YORK, Apr. 7—Tommy Burns, from whom Jack Johnson wrested the heavyweight championship of the world in Australia, is anxious for another fight with the negro pugilist. H. D. Macintosh, who promoted the Johnson-Burns fight, has since assumed the management of Burns, is anxious to arrange for a return match with the black man. He said he would post \$5,000 today to bind such a match. Burns, he declared, was willing to fight Johnson anywhere, in Australia, America, England or France and on any terms. If Johnson does not accept, McIntosh said, Burns would fight Ketchell and Kauffman but certain terms, which he would not make public at present would have to be complied with by the last two named. Burns will fight Johnson, Ketchell, Kauffman, one or all of them, McIntosh declares.

Relay Marathon.

PITTSBURG, April 7—Albert C. Nash of Philadelphia, an Indian better known as "Black Hawk" and Percy Smallwood of Conroy, Wales, last night defeated Pat Sweeney and William Schoellen of Pittsburg in an indoor professional relay Marathon race, the first relay race of its kind ever run. The official time was 2:28 55 1-5. The Indian ran first, making his half of the full Marathon distance in 1:25.59 beating Sweeney a mile and a third. Official measurements were made of the track so last night's record will be considered official.

Lawn Tennis in Mexico.

MEXICO CITY, April 7—In yesterday's play of the annual tennis tournament of the Mexican country club, all the United States entrants, won. Bridges of North Carolina, Sisenbaugh and Brown of California and Rees of Minnesota will all play in the finals. Miss May Sutton is today defending her title as world's champion in woman's singles.

Burns is Ready.

MELBOURNE, April 7—Tommy Burns, the Canadian pugilist who recently lost the heavyweight championship to Jack Johnson, has sent a telegram to Hugh McIntosh, the Australian fight promoter, who is now in New York, expressing his readiness to meet Al. Kauffman or Stanley Ketchell for a purse of \$20,000.

Heavy Roads for Weston.

WOOSTER, O. April 7—Edward Payson Weston arrived here yesterday at 5.30 p. m. from Canton having covered 38 miles during the day. The roads were very heavy and until after dinner there was a steady fall of rain causing the veteran to say that he had put in a miserable day. He left here at 7 a. m. for Ashland.

Californians Beat Vancouver.

VANCOUVER, April 7—In the second match of the international asso-

ciation football series the touring California team defeated Vancouver yesterday by a score of three goals to one. The Californians played classy football and their all round playing was much superior to that of the locals.

Foul Blow Prevents Victory.

BOSTON, Mass., April 7—Sandy Ferguson of Chelsea defeated Jim Barry of Chicago in the tenth round of a scheduled 12 round bout at the Armory athletic association last night, but was prevented from winning a straight victory by a foul blow from Barry.

Monte Carlo Motor Races.

MOMNTE CARLO, April 7—In the motor boat races yesterday the Delabaye II. won the 50 kilometre event (31 miles) for cruisers over 24 feet and under 36 feet. The time was one hour 13 minutes, 55 seconds.

Longboat and St. Ives.

TORONTO, April 7—Tom Flanagan says he has challenged St. Ives to a Marathon race with Longboat for a purse of \$5,000. He is convinced Longboat can beat the Frenchman in three weeks.

Canadian Wins in London.

LONDON, April 7—At the twenty-ninth annual championship tournament of Amateur Boxing association today in bantam weights, W. E. Turley of Toronto beat Mathias of London.

Nelson, B. C.
Liquidator, J. H. Reid & Co., Ltd.

How Tall are you and How Big around?

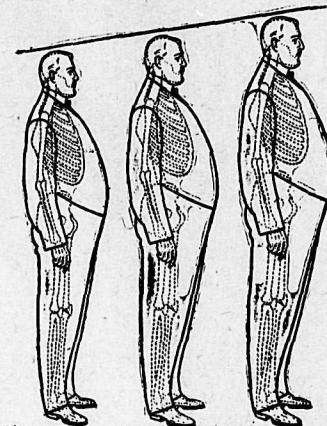

You can increase or decrease the appearance of length or the lack of it.

A Coat that looks well on a man six feet tall will surely look ill on the man of five feet.

A pattern or a style that is becoming to a slender man will be unseemly on a stout man.

One great advantage of getting Clothes tailored the Semi-ready way is the fact that our tailor can study his client and show him patterns that suit his personality, and styles that blend with his individuality. He has a Semi-ready stock suit ready to finish in two hours. He

has the physique type chart, and he has besides 250 cloth patterns of made-in-four-day suits, if one or another of the many suits shown do not exactly meet approval.

It makes no difference to the Semi-ready dealer what you want, a check or a plain cloth. He can add to your inches by an arrangement of stripe pattern or decrease a generous girth by using judgment in the selection of a design which "pulls in" an abundant waist.

Semi-ready Clothes not only fit the figure, but fit each man's personality.

With from \$5 to \$15 saved on a suit you cannot afford to overlook the full possibilities of the Semi-ready Tailor-made

Semi-ready Tailoring

ESTIMATES, THEN AND NOW.

Some interesting facts, showing the improvidence of the government's policy in regard to the construction of the Grand Trunk Pacific, have been brought out in the course of the discussion in the house of commons of the proposal to loan the company \$10,000,000 on a fourth mortgage on the prairie section. Briefly, it has been shown that the company is providing only one-tenth of the cost of this line, while the country is supplying nine-tenths of the necessary capital. When the line has been constructed the company will own most of it and control the rest, while the government, although owning a large portion of it, will have no more control over any portion of the system than it has over any private owned railway in the dominion.

The revised figures of the cost of construction of the railway are very much different from those quoted by the government at the time the deal was put through, to say nothing of increased interest charges, etc. They are as follows:

Winnipeg-Moncton	\$133,000,000
Prairie Section	33,000,000
Mountain Section	67,000,000
	\$233,000,000

When the deal was being put through in 1904, the government estimated the cost as follows:

Winnipeg-Moncton	\$ 64,425,000
Prairie Section	21,509,926
Mountain Section	26,880,000
	\$112,814,926

The difference between the present estimated cost of the line and the estimated cost when the government was asking the country five years ago to endorse the deal is most remarkable. The increase perhaps would not be worthy of so much attention were the railway to bear it. But it is not. It is the people of Canada who must bear the burden of the difference.

The government, as is generally known, is building the eastern section between Winnipeg and Moncton and on its completion will lease it to the Grand Trunk Pacific railway for 50 years. During the first seven years of this term the company will pay the government no rental whatever and for the next three will pay 3 per cent interest on the cost of construction, if the earnings are sufficient to do so. If they are not, this interest is added to the capital account of the line and for the remaining 40 years the company will pay the government 3 per cent on this amount as well as on the cost of the road. The actual cost of the road, including terminals and a bridge across the St. Lawrence at Quebec, is now estimated by the government at \$133,000,000, but this is not by any means all this line will cost the country. There is the interest on the money during construction and also during the first seven years of operation to be provided for, which will amount to over \$36,000,000, bringing the cost of the eastern section to the people of Canada up to \$169,000,000. To this also is almost certain to be added interest for the next three years which will amount to about \$11,000,000, so that the whole cost of this section to Canada will likely be at least \$180,000,000. The amount which the government will get as the rental of this line for 50 years is at most interest at 3 per cent for 43 years on the cost of construction, \$133,000,000, but more likely it will be this amount for 40 years, plus 3 per cent on the deferred interest for three years, \$11,000,000. In either case the government will be receiving a very small return on an investment of \$169,000,000, or \$180,000,

000, as the case may be.

In connection with the eastern section it may also be pointed out that, from Quebec to Moncton, it will parallel the government's own Intercolonial railway, which at present is anything but a paying proposition. In 1904 the government gave as an excuse for the building of this line, that it would save 140 miles between Quebec and Moncton, as compared with the Intercolonial. The lines have now been run and it has been found that the actual saving will be 29 miles. To effect this the government is building a line that will cost \$29,000,000, besides what it will mean to the country in loss of revenue to the Intercolonial. Does this look like good business?

So much for the portion of the line being built by the government. The manner in which the line from Winnipeg to the Pacific is being built is equally interesting. The original estimate of the cost of the prairie section, from Winnipeg to Edmonton, was, in 1904, placed at \$21,509,926, while the present estimate is \$33,000,000. This section was to have been jointly financed by the government and Grand Trunk railway, by a guarantee of bonds. Government bonds were to be issued to the extent of \$11,908,000 and Grand Trunk bonds to \$9,601,926. This was surely a one-sided arrangement in regard to a railway line that was to be owned when completed by the Grand Trunk Railway. After spending the amount realized from these bonds, however, the railway finds that it wants another \$10,000,000 to complete this section and it forthwith applies to the government for further assistance and the government has by its agreement with the Company placed the country in such a position that it cannot refuse. The government, therefore, will provide \$21,980,000 out of the total of \$33,000,000 required for this portion of the transcontinental line, while the Grand Trunk will have to provide \$9,601,926, or perhaps a million or so more at the outside. The road when completed will be the absolute property of the Grand Trunk Pacific Railway company.

The situation in regard to the mountain section is equally bad, although there has not been the same progress on it as on the prairie section. This portion of the line, it was estimated in 1904, would cost \$26,880,000, while the latest figures of the government engineers are \$67,000,000. The government guarantees three-fourths of the cost of this line and the Grand Trunk one-quarter. At the rate that these bonds are bringing it will require an issue of \$73,000,000 to meet the cost of construction. The amount of the bonds for which the government will be responsible will thus be \$54,750,000, while the Grand Trunk will provide \$18,250,000. This, however, is not all the aid the government has given the company in respect of the mountain section. It has bonused the line to the extent of seven years interest on the bonds which will amount to \$13,413,750. This makes a total aid to this section in cash and bond guarantee of \$68,163,750.

From these figures it will be seen that while the government provides this amount for the mountain section and \$21,980,000 for the prairie section and also builds the eastern section at a cost of at least \$169,000,000, and more likely \$180,000,000, all that the Grand Trunk provides is a bond guarantee of \$18,250,000 for the mountain section and of \$9,601,926, or thereabouts, for

the prairie section. In other words the country is providing practically all the money for the line while the company gets all the financial benefit that may accrue from its operation.

Summing up, it will be seen that the total contribution by the government to this line in cash is:

Eastern Section	\$180,000,000
Mountain Section, interest.	13,413,750
Prairie Section, loan	10,000,000
	\$203,413,750

and in guarantee of bonds:

Mountain Section	\$ 54,750,000
Prairie Section	11,908,000
	\$ 66,658,000

The Grand Trunk Railway company's contribution is in guaranteed bonds as follows:

Mountain Section	\$ 18,250,000
Prairie Section	9,601,926
	\$ 27,851,926

It may be asked, what has become of the \$25,000,000 common stock which the Grand Trunk Pacific was authorized to issue. In view of the manner in which the line has been financed it would seem only fair that the government should have all or practically all this stock, but as a matter of fact it does not get a dollar's worth. It all goes to the Grand Trunk Railway company. Even this might not be so had if the Grand Trunk company paid an amount equal to the face value of this stock into the Grand Trunk Pacific treasury. It has not, however. All that the Grand Trunk company has paid out in return for this stock is \$200,000. It gets the remainder, \$24,800,000, for guaranteeing Grand Trunk Pacific bonds to the extent of \$27,851,926, while the country puts up all told \$203,413,750 in cash and \$66,658,000 in guarantees and gets nothing in return, except whatever benefit may accrue to the general public from the construction of the line. This benefit, no disinterested man can say, is worth the price the government is paying for it but this nevertheless is the scheme which the government foisted upon the people of this country by the misleading figures which it gave the public at the time the deal was put through.

Icebergs in Baltic.
 ST. PETERSBURG, April 7.—There is no truth in the report that upwards of 1,400 Russian fishermen have been drowned by the overturning of a huge iceberg near Riga on which they had taken refuge. According to Riga advices a large number of fishermen did land on a berg, but they were all rescued. Eighty-seven fishermen from Riga were forced by heavy weather to take refuge on floating ice on April 4. They were carried out to sea for some distance but rescuing parties went after them and brought them back.

Minard's Liniment for sale everywhere.

HORSEMEN, READ THIS.
 I have used MINARD'S LINIMENT in my stables for over a year, and consider it the VERY BEST for horse flesh I can get, and would strongly recommend it to all horsemen.

SALMO NOTES

(Special to The Daily News.) SALMO, April 7.—A. Mesker, Midway, is paying a visit to town.

R. Muffin is spending a few days in Nelson.

The first ear load of pack and saddle horses arrived today for W. R. Salisbury.

Mr. Beale has come in from the Mother Lode and Kootenay Belle mines on Sheen creek and reports that the mines are doing well.

William Grey has started to excavate for the new addition to his hotel, the Salmo.

Mr. Green, of Green Bros & Burden, D. L. St., came in this morning to do some work up on Sheep creek.

George Matthews is spending a few days around town.

Unequaled as a Cure for Croup. "Besides being an excellent remedy for colds and throat troubles, Chamberlain's Cough Remedy is unequaled as a cure for croup," says Harry Wilson of Wayne-town, Ind. When given as soon as the croupy cough appears, this remedy will prevent the attack. It is used successfully in many thousands of homes. For sale by all druggists and dealers.

Lever Brothers, Toronto, will send you free a cake of their famous Piantol toilet soap, if you mention this paper.

Oster Brau

An Easter Drink—a drink for Spring, Summer, Autumn, Winter—a drink for "the hull year 'round—is OSTER BRAU. You never get tired of it, because it's a cure for that famous "tired feeling." Here's to your health in OSTER BRAU. In quarts, pints or keg.

The Nelson Brewing Co., Ltd. Phone 24.

SUNLIGHT SOAP

meets you half-way—does all your work in half the time if you follow directions.

Sunlight Soap—absolutely pure—saves clothes from injury—hands from roughness—life from drudgery.

CAMPAIGN IN KOOTENAY

REV. DR. SHEARER TELLS OF EVANGELISTIC WORK

DAILY PAPER IS BEING PUBLISHED AT FERNIE.

Rev. Dr. J. G. Shearer of Toronto, secretary of the board of moral and social reform of the Presbyterian church and general secretary of the committee on evangelism under whose auspices the big campaign in the Kootenays has been organized, gave some interesting particulars of the work of the revivalists to a representative of The Daily News last night. The leading men, stated Dr. Shearer, taking part in the present campaign were among the workers in the recent remarkable spiritual revival movement in Boston. In order to give an idea of the extent of the campaign in this district, Dr. Shearer gave the following particulars of the leading men engaged in the various towns in which the simultaneous campaign is being carried on: In Cranbrook the preacher is Rev. D. S. Toy and the singer Prof. J. W. Reynolds; in Fernie, Rev. James O. Buswell is the preacher and Prof. W. W. Weaver is leading the singing. They are assisted by Fred W. Davis, who makes special appeals to the men in the street and the barrooms and in the shops and mines; in Moyle, Rev. W. D. Reid, pastor of Taylor's, the largest church in Montreal, and Rev. Walter Russell are in charge; in Coleman, Rev. A. E. Mitchell of Knox church, Hamilton, and William McBretney, a well known vocalist of Toronto, are leading the campaign.

Continuing, Dr. Shearer said that Prof. Kilpatrick commenced a campaign at Creston last night and that Rev. J. M. Millar of Nainaimo and T. A. Woods commenced their campaign at Kaslo at the same time.

The first simultaneous campaign of evangelism will last about three weeks and will be followed by another of equally extensive lines at the following places: Hosmer, Mitchell, Slovan, New Denver, Silverton, Sandon, Rossland, Trail, Grand Forks, Greenwood, Phoenix, Cascade, Enholt, Denora and Fork Creek. There will also be a campaign in Arrowhead, Revelstoke, Golden and Field. The work will all together last until May 19 and at some points will extend to the end of next month.

In Fernie, said Dr. Shearer, the place of meeting is not sufficiently large to hold all the people who wish to attend. There being no daily newspaper there the executive decided to issue a sheet entitled "The King's Business," which has already a daily circulation of over 1000. The enthusiasm in the coal city is very marked, stated Dr. Shearer. "The King's Business" being the topic of conversation on the street, in places of business and on trains travelling through the Crow's Nest Pass. A special feature of the meetings at Cranbrook is the trained choir of nearly 100 persons. On Sunday night some 700 persons attended the opening service and about 300 have gathered each night since. Dr. Shearer will be in Nelson today and will attend and take part in the various meetings. He will later visit Kaslo, Rossland and Trail before returning east through the Crow's Nest Pass.

French Prelates' Troubles.

PARIS, April 7.—The meeting of the French episcopate to be held in Rome on April 18 on the occasion of the canonization of Jean of Arc is expected to result in several important decisions especially with regard to the further political attitude of French Catholics. It is reported that disciplinary measures are contem-

plated against Mgr. Amlette, the archbishop of Paris, for a passage in a diocesan address counselling respect for the laws of the republic, and against Mgr. Mignot, archbishop of Toulouse and Mgr. Fuzet, archbishop of Rouen, for modernist views.

DECIDEDLY UNOFFICIAL

Prince Rupert Weather Records Taken By Optometrist.

VANCOUVER, April 7.—The records which are quoted in most of the literature sent out by the Grand Trunk Pacific are decidedly unofficial. Those for Prince Rupert were made by an employee of the company without the aid of an observatory. It is understood that his method was to call that day "rainy" on which it poured from morning until night, while other days, except some days on which it snowed are given as "fair" or "blue". Vancouver is classed as "cloudy" days but apparently the sun always shines at Prince Rupert until the moment it begins to rain. Anyhow, there appear to have been no "cloudy" days there in the whole eight months, which is contrary to government reports.

London Stock Market.

LONDON, April 7.—The closing of the London stock market today was as follows: Anaconda, 9 1/2; Atchafalpa, 10 1/2; Baltimore and Ohio, 11 1/2; C. P. R., 11 1/2; Chesapeake and Ohio, 7 1/2; Chicago and Great Western, 5 1/2; Chicago, Milwaukee and St. Paul, 15 1/4; De Beers, 12 1/2; Denver and Rio Grande, 5 1/2; Denver and Rio Grande, p. d., 3 1/2; Erie, 3 1/2; Erie, 1st pfd., 4 1/2; Erie, 2nd pfd., 3 1/2; Grand Trunk, 10 1/2; Illinois Central, 15 1/2; Louisville and Nashville, 13 1/2; Missouri, Kansas and Texas, 5 1/2; New York Central, 15 1/2; Norfolk and Western, 5 1/2; Norfolk and Western, pfd., 5 1/2; Ontario and Western, 4 1/2; Pennsylvania, 10 1/2; Rand Mines, 5 1/2; Reading, 7 1/2; Southern Railway, 20 1/2; Southern Railway, pfd., 15 1/2; Southern Pacific, 12 1/2; Union Pacific, 19 1/2; Union Pacific, pfd., 15 1/2; United States Steel, 11 1/2; United States Steel, pfd., 11 1/2; Wabash, 19 1/2; Wabash, pfd., 19 1/2; Spanish Ports, 9 1/2; Amalgamated Copper, 17 1/2; Bar Silver, steady, 23 7/8 per ounce.

Governor Scolded.

TORONTO, April 7.—Earl Grey and his Mortimer Clark were denounced by the Toronto Presbytery today for patronizing the Woodbine race meet. The moderator requested Findlay to bring the matter before the chair formally in a resolution. This was done and af-

BAKER STREET NELSON, B. C.

NEWS OF THE DOMINION

TORONTO, April 7.—T. G. Rice, president of the T. G. Rice Wire Manufacturing company, is dead.

OTTAWA, April 7.—Eight cases have been laid for selling liquor to Indians on the St. Regis reserve, one of which is against a Cornwall hotel keeper.

TORONTO, April 7.—The estate of the late H. D. Warren, president of the Toronto Gutta Percha Rubber Co., is valued at \$1,138,106. Mrs. Warren is left in control of the company.

TORONTO, April 7.—A new \$1,500,000 hotel of most up to date construction is planned for the site of the present Arcade on Yonge street. New York and Boston men are behind the deal.

TORONTO, April 7.—A million dollar merger of nearly all the large basket manufacturing companies of Canada from the Atlantic to the Pacific, backed by English capital, is to be effected within a few days.

LONDON, April 7.—A cyclone struck London at noon today doing heavy damage throughout the city. Chimneys crashed through the roof of one of the city schools injuring half a dozen scholars, one probably fatally.

WINNIPEG, April 7.—Oscar Bonin, aged 35, a farmer of St. Norbert, while engaged in tearing down an old building on his farm yesterday had his back broken by one of the walls falling on him. Physicians say he cannot recover.

VICTORIA, April 7.—D. J. Cromwell of Vancouver, formerly of Portland, Ore., today sold 38 timber berths near Jordan river for \$160,000. Mr. Cromwell is a member of a New York syndicate, and the sale is to a number of Minneapolis people.

VICTORIA, April 7.—The B. C. Salvage company's tug William Joliffe will be taken on a time charter by the Dominion government and it is expected that it will be commissioned in a few days as a fishery protection cruiser to work with the Kestrel in northern waters.

CHESTERVILLE, April 7.—Six business blocks, including Saunders' big departmental store, the Record printing office and a dozen small stores, were destroyed by fire this morning. Fulton Bros. grocery and Mererick's Implement and Carriage company were also badly damaged.

MOOSE JAW, April 7.—An indication of the great rush of American immigrants to the Canadian west this year is found in the fact that during last month 485 cars of settlers' effects arrived at this point over the Soo line. It is believed that next month these figures will be doubled.

MONTREAL, April 7.—Antoni Lalli, Italian, 16 years old, either committed suicide or was murdered at his home on Bisson street today. Twelve men and women were in the house and are being held by the police pending the result of an autopsy. The father and grand father of the lad and two other men who were in the house, are missing.

TORONTO, April 7.—A terrific wind storm, the tail end of a cyclone from the southwest states, struck Toronto about 11 o'clock this morning. At 12 o'clock the wind had reached a velocity of 48 miles an hour and at 5.30 this afternoon the observer recorded 56 miles per hour and still increasing. Considerable damage was done to signs and awnings. Many of the large electric signs which adorn Yonge street have been blown down and destroyed. So far, however, no person is reported injured. Several

of the steamer fleet scheduled for regular runs have cancelled their trips.

TORONTO, April 7.—The amalgamation of all architectural organizations in Canada was discussed at a largely attended meeting of the council of the Institute of Architecture of Canada yesterday. It was decided to have prepared a digest of all proposals made. Representatives were present from British Columbia, Saskatchewan, Alberta, Manitoba, Ontario and Quebec associations.

WINNIPEG, April 7.—James Fisher, legal representative of the Great Northern railroad here, yesterday filed plans with premier Roblin, railway commissioner, for an air line from Emerson on the boundary line, to Winnipeg. The work is to be started immediately and completed by Sept. 1. The Great Northern is at present using the Canadian Northern tracks but the new line will be several miles shorter.

COBOURG, April 7.—Two indictments, one charging him with manslaughter and the other with criminal negligence and willful neglect of duty, were presented to the grand jury for the united counties of Northumberland and Durham here yesterday in the case of Charles Read, brakeman, accused of having been responsible for a wreck at Sandbank on November 23 last, in which an engineer and brakeman were killed.

WINNIPEG, April 7.—The C. P. R. mechanics have reached an agreement with the company, the main feature of which is that the men gain the closed shop and while nothing else of practical value is secured it opens the way for negotiations on a better basis with the company next year. Both the men and the company appear to be gratified at the result. The union is recognized.

Lever Brothers, Toronto, will send you free a cake of their famous Plantol toilet soap, if you mention this paper

Sealed tenders will be received by the Warden of the Provincial Gaol, Nelson, B. C., until noon, April 15th, for the supplies for one year from April 15th, 1920. To March 31st, 1920.

Plans and specifications can be had at the Provincial Gaol, Nelson.

The lowest or any tender not necessarily accepted.

W. R. JARVIS, Warden. Dated, Wednesday, April 7th, 1920. 296-1

IN THE COUNTY COURT OF WEST KOOTENAY, HOLDEN AT NELSON. In the matter of Nelson Demers, and in the matter of the official Administrator's Act.

Take notice that by order of His Honor J. A. Forin made the 15th day of February, A. D. 1920, I was appointed Administrator of the estate of Nelson Demers, deceased, and all parties having claims against the said estate are hereby required to furnish same properly verified to me, on or before the 12th day of April, 1920, and all parties indebted to the said estate are required to pay the amount of their indebtedness to me forthwith.

S. P. TUCK, Official Administrator. Dated the 2nd day of April, A. D. 1920. 292-3

Corporation of the City of Nelson.

NOTICE. Notice is hereby given that under the provisions of Bylaw No. 50, "Poison and Dog Tax Bylaw," it is unlawful for any person to suffer any horse, mule, bull or cow, sheep, goat, pig or other cattle, or poultry, to run at large within the limits of the City of Nelson.

Every owner, possessor or harbinger of a dog in the City of Nelson is required to pay annually a tax of two dollars for each dog, and a tax of five dollars for every bitch owned by him.

No person shall suffer or permit his dog to run or be at large in the City of Nelson for which such person has not paid the tax required of him unless such dog shall have round his neck a collar or strap to which shall be attached a metallic plate to be supplied by the city on payment of the said tax.

Warning is hereby given that any person guilty of an infraction or violation of any of the provisions of the above named Bylaw is in addition to the fees and charges set forth herein, liable upon summary conviction to a penalty of One Hundred Dollars and the costs of prosecution, and in default of payment to imprisonment for a term not exceeding two months. By Order: W. E. WASSON, City Clerk. Nelson, B. C., April 6th, 1920. 292-12

MORTGAGE SALE. Pursuant to the powers contained in a certain Indenture of Mortgage, which will be presented at the time of sale, notice is hereby given that on Thursday, the 25th day of March, A. D. 1920, at the hour of 11 o'clock in the forenoon, Charles A. Waterman and Company, Auctioneers, will sell by public auction, on the premises, the building erected on Lots Thirteen (13) and Fourteen (14), in Block Ninety-one (91) of the Town (now city) of Nelson, according to the official plan filed in the Land Registry Office; said building being known as the "Alice Skating Rink."

For terms and conditions of sale, apply to William Charles Arthur, Bailiff, the Auctioneers, or to LENNIE & WRAGGE, Solicitors for the Mortgagee. Dated this 6th day of March, A. D. 1920.

The above sale is postponed until April 5th at 11 a. m. at the same place.

SHERIFF'S SALE. By virtue of several executions issued out of the Supreme Court of British Columbia, and the County Court of East Kootenay, holden at Cranbrook against the goods and chattels of the Sullivan Group Mining Company, I have seized and taken in execution all the right, title and interest of the said Sullivan Group Mining Company in and to, a quantity of raw and roasted ore now in the yard of the smelter of the said Company at Marysville, B. C., and also in a large quantity of mining tools and mining machinery, assay materials, supplies and implements, fire brick and fire clay, Vancouver cement and other articles and supplies for mining and smelting, office furniture, cooking utensils, and other goods and chattels, a full inventory of which may be seen at my office in the Court House at Nelson, and the various goods and chattels may be seen upon application to John P. Adams, bailiff, in possession at the smelter at Marysville, and at the Sullivan mine.

I shall offer all of the said goods for sale at public auction at Marysville, B. C., on Thursday the 22nd day of April, A. D. 1920.

S. P. TUCK, Sheriff of South Kootenay. Dated at Nelson, B. C., 2nd April, 1920.

NOTICE. Notice is hereby given that on Tuesday, April 20th, 1920, the Court of Revision for the Municipality of the City of Slokan, will be held on the above date in the City Hall, Slokan, for the purpose of revising the Assessment Roll of the City of Slokan. Those making complaints against their assessments must give notice in writing to the city clerk at least ten days before the first sitting of the Court of Revision.

Dated at Slokan, March 13th, 1920. N. M. MORRISON, C. M. C.

TENDERS WANTED. Sealed bulk tenders will be received by the undersigned up to six o'clock p. m. on Tuesday the 13th day of April, 1920, for the construction of school buildings at Cranbrook, B. C.

Plans and specifications can be seen at the office of the Secretary of the Board, G. T. Rogers. A marked cheque equal to 10 per cent. of the amount of bid made payable to the Chairman of Board of School Trustees in trust, must accompany each tender.

The lowest or any tender not necessarily accepted. G. T. ROGERS, Secretary. Cranbrook, B. C., 2nd April, 1920. 292-5

NOTICE TO CONTRACTORS. Sealed tenders will be received until Thursday the 8th inst., at 4 o'clock p. m. for the erection of a stone and brick building for Green Bros. and Burden. Plans and specifications may be seen at my office in the Griffin Block. The lowest or any tender not necessarily accepted. ALEX. CARRIE, Architect. 292-2.

FRUIT LANDS FOR SALE. TOYE TAYLOR & McQUARRIE. NO. 1—RIVER FRONTAGE—24 ACRES with good river frontage; 61 acres fine bottom land, balance first class fruit land, well watered. Soil rich and productive. Location is good; would subdivide to advantage. A snap for quick sale, \$17.00 per acre; \$300 cash. Ask for plan and description. NO. 2—BURNING CREEK FAIRM. Finely situated in Burton Valley, we are offering some extra choice lots; land is clear, easy to clear, free from stone, close to store, post office school and steamboat landing; good wagon roads. The best fruit land in the district. Price very easy terms arranged. See plan and photos.

NO. 3—SLOKAN VALLEY: 156 ACRES waste land cleared and ready for store, school, mill, and post office at Winlaw Siding in Slokan Valley. 20 acres cleared, house and barn. Laid out in 100 acre lots from stone. Would subdivide to make six good farms. Price \$35.00 per acre, terms given. Get plan and complete description. NO. 4—RIVER FRONTAGE. 161 ACRES 8 miles west of Nelson on railroad with frontage on Kootenay river. 40 acres cleared and ready for planting. Rich soil and excellent location. Would subdivide to advantage. Price \$50 per acre, clear title and easy terms arranged. See plan and photos. NO. 5—IMPROVED FRUIT FARM OF 13 acres situated on railroad 14 miles from Nelson. Has a beautiful river view of the town. Government wagon road passes farm with it. R. station 100 yards distant; school and post office close by. Best making powder, Cyphers Model Incubators and Brooders. Agents for Lagritz Nurseries, Best B. C. Fruit Trees. Mail orders filled promptly.

NO. 6—KOOTENAY LAKE FRONTAGE—7 acres, cleared and ready for building; 1 1/2 miles from Nelson. Comfortable dwelling, bearing fruit trees, strawberries, raspberries, currants and gooseberries, well watered. See plan and photos. Price \$3500.00.

NO. 7—IMPROVED FARM—25 ACRES fronting on Slokan river. Five to six miles from Slokan City. Fine two storey frame dwelling in good repair; barns and outhouses; 18 acres of land cleared and ready for planting. Good creek running through farm. Contains about 40 acres of choice bottom land, with many fine trees, including apple, cherry, plum, etc. Balance in brush and suitable for fruit growing purposes. First class government wagon road passes through the property. One of the best general farming properties in the district. Plans and full particulars furnished. Price \$35 per acre, terms given.

NO. 8—DIVISION OF 10 ACRES lots at Edgewood, is the best that has yet been placed on the market. Every lot contains 10 acres of first class fruit trees. New government dock built in front of property. Government wagon road passes through it. Some very choice lake frontage in this subdivision. Write for plans, complete description and illustrated booklet. Prices from \$100 to \$100 per acre.

NO. 9—SLOKAN JUNCTION LANDS—At Slokan Junction, 18 miles west of Nelson, we have for sale some very fine acre blocks of improved fruit land. The quality of the soil is No. 1 for fruit growing and the land is fairly easy to clear. There is no timber or underbrush on the property, but generally speaking it is fairly open. The location is good. These farms front on the river and run down to the post office of a mile of a school, post office and Lancaster station. Daily freight and passenger service. Government wagon road passes this property and farmers living there will be able very shortly to drive right into the city. On account of its very fine location, beautiful view of the Kootenay and Slokan rivers surrounded by good settlement and general all round good quality of the land, it is good but low at the price, \$100.00 per acre. Terms 1/4 cash, balance 1, 2 and 3 years, 7 per cent interest.

NO. 10—ACRES AT PROBERT—Close to lake shore and steamboat landing, would make a first class fruit farm. Price \$100, terms to suit purchaser. 294-1.

NO. 11—ACRES—A SURE MONEY maker for the buyer. A adjoining quarter sections situated in the heart of the Valley. Fine view of the river, water and beautiful fully timbered. Good proposition for subdividing. See our complete report. Price \$30 per acre. Terms arranged to suit purchaser. 294-5.

NO. 12—IMPROVED 10 ACRE FRUIT farms—2 adjoining 10 acre farms at Lancaster, 18 miles from Nelson, on the City of Vancouver Railway station at your gate. One farm cleared and planted to orchard, land is level and free from stone, has good soil and post office 1 1/2 miles distant. Price \$2000 each, on easy terms.

NO. 13—FOR SALE—CLOSE TO NELSON—2 1/2 acres, 10 acre block situated on wagon road, 4 miles from Nelson. Surrounded by improved properties. Make fine fruit and potato land. Price \$100 per acre, on easy terms.

An important meeting of Court Royal Nelson, A. C. F., will be held in I. O. O. F. hall tomorrow night at 7:30. All members are requested to be present as after the business of the evening, which includes some initiations, a degree team practice will be held.

Mr. and Mrs. J. D. Wells, who have been spending an extended holiday in Nelson for the past 12 months, leave this morning for Chicago via the Great Northern railway. Mr. Wells will, on arriving at that city, take up again his business as a real estate and insurance broker.

Fred Steiner, head brewer of the Nelson Brewing company, has prepared a special treat for users of beer, consisting of a brew of Oster Brau, a Bavarian beer which, although of a darker color than ordinary beer, is much lighter in body.

Procter and Blackwood, local agents of the Scottish Union & National Insurance company have presented the officers and men of the 16th regiment with a reproduction in colors on a wood panel of Lady Butler's famous painting, "Scotland for Ever," depicting the charge of the Scots Greys at Waterloo.

All barber shops will keep open on Thursday night until 8 p. m. and close all day on Good Friday.

The flavor, fragrance, purity and delicateness of "Saiadu" Tea commend it to the favor of every lover of good tea.

The International Brotherhood of Maintenance of Way Employees will meet in Milners' hall, on April 25th, at 2 p. m.

For the Easter Holidays the Canadian Pacific Railway Company announce a rate of fare and one-third for the round trip. Tickets will be on sale April 8th to April 12th, inclusive, good to return until April 13th.

Do you want any acreage near Vancouver? If so communicate with G. C. Hodge, Hume Hotel, Nelson.

Minard's Liniment Cures Diphtheria.

SPRING STYLES

This cool weather is just a breathing spell for spring to gather strength.

Get away with you new Spring Suit before the other fellows pick out the smartest and best fabrics.

Select your Suit, while you have the choice of the greatest variety of exclusive patterns that will be shown this season.

The most attractive Suits are the first to go. Get a good start—select you Suit today.

See the new fabrics in Blues, Olives, Browns. See the new stripes—the handsomely cut Coats with broad collar and lapels—the concave shoulders—the splendid tailoring—the ease and graceful hang of the trousers.

Suits at \$18.00, \$20.00, \$22.00, \$25.00 to \$30.00

You'll find nothing exceedingly striking about these prices—but if you will drop in for a look, you'll discover many striking things about the fit and tailoring of all our clothes.

If you buy clothes here once, you'll do it again and again. We've a whole army of patrons who have met with this experience and never think of going elsewhere.

We guarantee every garment we sell, for the reason that we will sell no garments we can not guarantee. You're safe here.

Fit-Reform EMORY & WALLEY Nelson, B. C.

"THE HOUSE OF BONDAGE."

Florence Roberts, Well Known Actress Will Present it Here.

Of the plays selected for prominent dramatic stars this season, none seems to have reached greater success than "The House of Bondage", in which Miss Florence Roberts is declared to have made the success of her rosy career.

MINERS ARE REIMBURSED

Colorado Makes Good Damages Sustained in Cripple Creek War.

The Denver Daily News in its issue of April 3 contains the following in its report of the proceedings of the state legislature:

"Appropriating \$350,000 for the payment of expenses incurred by the troops being in the Cripple Creek district."

"Appropriating \$5,000 to reimburse the Western Federation of Miners for destruction of stores and other property."

"Appropriating \$4,337 to reimburse the miners' union of Victor for damage to its building and furniture."

"The bills in the cases authorized bonds to raise the money for the payment. There was little debate on the question."

ALICE MINE MAY RE-OPEN

Quite Likely Creston Property Will Recommend Shipping.

T. G. Procter together with William Bradley and E. Ehrenberg, of Spokane and G. Lowenberg, of Creston last week for the purpose of inspecting the Alice mine, a silver lead property, near that place. Mr. Procter is looking after the interests of the owners of the mine.

The mine is completely equipped with ore cars, concentrating mill and bank-house and it is likely that active work will commence on the property this coming summer. A year ago 40 men were employed at the mine and concentrating and the hoped for renewal of work will be of considerable importance to Creston. Mr. Lowenberg has been in charge of the property for the past three or four years.
