

## DARK STRANGLER' SEEKS A NEW TRIAL GIRL INVOLVES HICKMAN IN A THIRD MURDER

### THIRD MURDER MAY BE TACKLED LINKED TO HICKMAN

Court Declares Murder-  
in Drug Store Crime  
Resembled "Fox"

### HICKMAN FLEES FROM ALIENISTS

Wants to Take "Lie" Test;  
Refuses at the Door of  
Cell

ANGELES, Cal., Jan. 10.—The  
of suspicion for possible com-  
in a third murder today was  
over William E. Hickman, the  
slayer of Marian Parker and  
and accomplice in the killing of  
poms, a druggist.

The alienists examined the youthful  
per in his jail cell, a girl witness  
fied a court room where three  
are on trial for murder by de-  
the robber she saw kill a store  
stor looked more like Hickman  
Harvey Leshar, one of the three  
anists.

Ma Scrivner, the witness, was pres-  
hen the three robbers entered the  
store on November 1 last and  
A. V. Miles, the proprietor. Lesh-  
two companions, William Rohan  
like Garvey, are accused of the  
anists.

cross-examination by defense  
el, Miss Scrivner said, although she  
identified Leshar from a police  
graph as one of the robbers, she  
felt that the man visiting the  
in the robbery looked more like  
an. Attorneys for Leshar im-  
ately began rearranging his de-  
man, his face ashen grey and his  
side with fear, fled from a room  
three psychiatrists were ex-  
ng him to the door of his cell,  
he covered until the steel gate  
opened and he rushed inside.

at caused Hickman to become so  
ozed was not revealed and the  
alienists declined to comment on  
findings. They planned to ques-  
him again. Juries say they un-  
and the experts wanted him to  
the "lie test," in which a machine  
ers emotional vibrations.  
he refused to do and was not  
elled to submit to this.

### WANT PLEADS NOT GUILTY

at Step in Fight for Free-  
om; Expected to Testify  
Against Hickman

ANGELES, Cal., Jan. 10.—Plead-  
not guilty to a murder indictment  
the death of Ivy Thoms, a drug-  
16-year-old Wiley Hunt today took  
first step in his fight for freedom

to the witness stand to testify  
that William E. Hickman, his for-  
del.

Went's plea entered in superior court  
ed to confirm his attorney's plea  
the boy set as a witness against  
man when the latter's sanity  
begins January 25 in connection  
his confessed slaying of Marian  
er.

### Liquor Ship Sinks; Four British Columbia Men Drown

VANCOUVER MOTORSHIP NOBLE

CAPT. W. L. KERR

SID W. ELVY

The Vancouver motorship, Noble,  
owned by B. G. Piroe, which ran onto  
a reef near Eclanta Reef, on Van-  
couver Island during a storm and  
sank with four of her crew of six.

The Noble which figured in a sen-  
sational rum running case last Sep-  
tember when, loaded with liquor it  
was seized by a Canadian cruiser and  
brought into Victoria to face customs  
charges had been south with a cargo  
of liquor and was returning empty to  
Vancouver.

Drowned were: Captain W. L. Kerr,  
H. Williams, chief engineer; M. B.  
Wall, mate, and Sid W. Elvy, a cook.  
Two others, Cliff Deschamps, wireless  
operator and F. Bell, second engineer  
managed to swim to a small island  
when the ship struck and were res-  
cued by the government patrol boat,  
Givenchy.

### THREE ONTARIO MEN APPOINTED TO THE SENATE

Spence, Little, Lacasse Honor-  
ed; Ahern Becomes Privy  
Councillor

OTTAWA, Jan. 10.—Three senatorial  
appointments in Ontario were an-  
nounced tonight by Premier King. J.  
S. Spence, K.C. of Toronto, E. S. Little  
of London and Dr. Gustave Lacasse of  
Tecumseh, are appointed to the senate.  
T. Ahern of Ottawa becomes a mem-  
ber of the privy council, the prime  
minister announces.

The appointment of Mr. Ahern to  
the privy council was the occasion for  
a word of appreciation from Premier  
King.

He said that the government was  
glad indeed to have Mr. Ahern in a  
position where he could be consulted  
when occasion arose. Mr. Ahern, he  
said, had given life-long service to the  
country. He had been a pioneer in the  
development of electricity in Canada  
and through his efforts difficult prob-  
lems had been solved. Mr. King said  
that it was largely through Mr. Ahern's  
efforts that the celebration of Canada's  
diamond jubilee celebration at Ottawa  
had been carried successfully all over  
the Dominion.

Of the three new senators, Mr. Spence  
has been mentioned repeatedly in fore-  
casts of senate appointments. He is a  
well known lawyer of Toronto.

Mr. Little is a former mayor of Lon-  
don, was president of the board of  
trade for a number of years and is a  
member of the board of governors of  
Western university.

Dr. Lacasse resides in the riding of  
North Essex, where there is a consider-  
able French population.

### PLANS DIRIGIBLE SERVICE OVER SEA

BRITISHER IS CONSTRUCTING AIR-  
SHIP CAPABLE OF CARRYING  
100 PASSENGERS

LONDON, Jan. 10.—Commander  
Charles Burney, M.P., builder of the  
R-100 a huge passenger dirigible in  
which he plans to fly the Atlantic  
next summer on a commercial trip, is  
leaving for North America on board  
the steamer Homeric.

Commander Burney said tonight that  
he would discuss with the Canadian  
and United States government an ar-  
rangement for the transportation of  
mail when the airship began its com-  
mercial voyage.

### Australian Aviators Lost in Sea; Were on Trip to New Zealand

WELLINGTON, N.Z., Jan.  
11.—Earlier reports of the  
sighting here of the Australia-  
New Zealand flyers are now  
stated to be unsubstantiated.

Captains Knight and Hood and  
Lieutenant Montcrieff, who  
hopped off from Sydney Mon-  
day, have now taken 32 hours  
on their 1400-mile trip. Air-  
planes and ships are partici-  
pating in a search for them,  
but the fear is gaining ground  
that the airmen were forced  
to land on the sea, in which  
case there is little hope that  
they will be saved.

### URGES WOMEN OF CANADA TO HELP BUILD NATION

Amery Acknowledges What Ca-  
nadian Women Have Done  
in the Past

VANCOUVER, Jan. 10.—The human  
side of nation building was stressed by  
Rt. Hon. L.C.M.S. Amery, M.P., secretary  
of state for dominion affairs in the  
British cabinet, when he appealed to  
the women of Canada to welcome in  
their midst the newcomer to the Do-  
minion, in an address before the  
Women's Canadian club here this  
afternoon.

"I would like to take this opportunity  
to acknowledge to the women of Can-  
ada what they have done for the new-  
comers in their midst, and to ask with  
much gratitude for the same splendid  
treatment to continue, and more of it,  
for those who are to come within your  
shores. They are coming to help you  
fight your battles in nation building  
and are worthy of the same treatment  
your sons received during the great  
war, when the women of England took  
them in and made them feel at home."

HUMAN SIDE  
This was the human side of nation  
building, Colonel Amery said, and the  
women of Canada could do much to  
make it a great success; that by so  
doing they would play the greatest pos-  
sible part in making Canada a great  
nation and also strengthen the bonds  
of the mighty Empire to which we all  
belong.

Colonel Amery referred to the Em-  
pire Settlement act, and stated that  
the women of Canada can help "in the  
success of this migration problem of  
the Empire by extending open arms to  
newcomers within their country."

The purchasing of goods made with-  
in the country and within the Empire  
was another angle of nation building  
along which women could aid, Colonel  
Amery pointed out.

### ASKS TOLERANCE TO ONE ANOTHER

Amery at Vancouver Speaks on  
Position of Dominions With-  
in the Empire

VANCOUVER, Jan. 10.—"We of the  
British commonwealth live without  
fear, knowing that in any danger, in  
any contingency, we have allies in the  
rest of the members of our family,"  
Rt. Hon. L.C. M. S. Amery said here  
today, addressing the Canadian club.  
"Between ourselves war is unthinkable,"  
he continued. "As for the dangers  
without, the knowledge of our combined  
powers is the greatest insurance any  
nation can have."

Colonel Amery said many nations  
would gladly welcome the economic  
position of any one of the members of  
the commonwealth, for each dominion  
had the whole Empire in which to  
develop its trade. Every citizen of any  
dominion was also a citizen of the Em-  
pire. With the advantages of mem-  
bership in the Empire also went respon-  
sibilities, Colonel Amery said, and, in this  
connection, he pointed out that re-  
sponsibility fell on individuals as well  
as dominions. He asked for tolerance  
to one another and to the world out-  
side the Empire.

### Judd Gray's Wife and His Mother Pay Him Short Visit

OSSINING, N.J., Jan. 10.—Henry Judd  
Gray awaiting execution Thursday  
night with Mrs. Ruth Snyder, was  
visited today by his wife, Mrs. Isa-  
belle Gray and by his mother, Mrs.  
Margaret Gray.

Gray's mother's only comment after-  
wards was that "It is pretty discourag-  
ing, but we must retain hope."

### Premier Brownlee Is Interviewing Canuck Railway Presidents

OTTAWA, Jan. 10.—Premier Brown-  
lee of Alberta, who is here to discuss  
the Peace River railway outlet with  
the government, will go to Montreal tomor-  
row to see President Beatty of the Can-  
adian Pacific railway. On the follow-  
ing day he will see Sir Henry Thornton,  
president of the Canadian National rail-  
way. He will return to Ottawa on  
Friday.

### RAPID STRIDES MADE BY SCHOOLS OF B. C.

VICTORIA, Jan. 10.—The annual  
report of the department of education  
notes rapid progress in the school  
system of the province during the last  
year with many new schools opened  
and the standard of the teaching pro-  
fession definitely raised.

### CANADA TO HAVE LEGATION IN THE FRENCH CAPITAL

Hon. Philippe Roy Will Become  
Canadian Minister to  
France

### FRENCH WILL ALSO HAVE MINISTER HERE

New Diplomatic Status Agreed  
Upon and Backed by British  
Government

PARIS, Jan. 10.—France and Canada  
have definitely decided to change the  
present status of diplomatic repre-  
sentation to the establishment of lega-  
tions in the respective capitals.

The French foreign office made the  
announcement today, also referring to  
negotiations leading up to the step, in-  
cluding conversations in December be-  
tween Hon. Raul Dandurand and For-  
eign Minister Briand of France.

### OFFICERS SAME

It is quite likely that Baron De  
Vitrolles, present consul-general to Can-  
ada, will be the first minister to Ot-  
tawa. It is supposed in Paris that Hon.  
Philippe Roy, Canada's high commis-  
sioner in Paris, will become the min-  
ister plenipotentiary of Canada here.

OTTAWA, Jan. 10.—Premier Mac-  
kenzie King today, in commenting on  
the decision of the Canadian and  
French governments to establish lega-  
tions in each other's capitals, said it  
had been found in the past that Hon.  
Philippe Roy, Canadian commissioner  
in Paris, had been hampered by not  
having the complete standing of a min-  
ister. These things meant a great deal  
in European diplomacy, and for Canada  
to have a minister in France would, in  
a sense, be like having a minister for  
all Europe. The move had been made,  
said the prime minister, with the full  
knowledge and cooperation of the British  
government.

### Consolidated Appeal Against Fire Damage Judgment Dismissed

VICTORIA, B.C., Jan.  
10.—With Mr. Justice Mc-  
Phillips dissenting, the  
court of appeal today dis-  
missed the appeal of the  
Consolidated Mining &  
Smelting Company of Can-  
ada, limited, from a judg-  
ment of Mr. Justice Mor-  
rison, who awarded William  
Murdoch and William  
Pigeon damages of \$13,-  
620.13 for timber and  
material destroyed by a  
fire in June, 1926.

### GOVERNOR SMITH REFUSES TO ACT IN SNYDER CASE

Refuses Mercy Pleas of Mrs.  
Snyder and Judd Gray,  
Condemned to Die

NEW YORK, Jan. 10.—Governor  
Smith today denied the pleas of  
Ruth Snyder and Henry Judd Gray  
for executive clemency. Both are  
scheduled to die in the electric  
chair Thursday night for the murder  
of the woman's husband.

"The execution of this judgement  
on a woman is so distressing that I had  
hoped that the appeal would disclose  
some fact which would justify my in-  
terference with the process of law,"  
the governor said, in announcing his  
decision. "I have searched in vain for  
any basis which my conscience in  
the light of my oath of office will  
approve, on which I might temper the  
law with mercy," he continued. "Up  
to this writing, there is no extension  
shown for what the seven judges of  
the court of appeals, in argument with  
the 12 jurors and the trial justice,  
have found to be a deliberate and pre-  
meditated murder committed by these  
defendants."

With the governor's decision, it  
seemed almost certain that the con-  
demned pair would die in the electric  
chair Thursday.

### Trades Union Council Will Be Represented at Peace Conference

LONDON, Jan. 10.—Almost the en-  
tire trades union council will be  
represented at the inaugural meeting  
of the Industrial Peace conference on  
Thursday, the attendance of the mem-  
bers of the council being generally ap-  
proved by the labor leaders.

The conference is in connection  
with the peace in industry movement,  
one of the chief promoters of the meet-  
ing been Sir Alfred Mond, M.P., presi-  
dent of the Mond Nickel company,  
which has mines and smelters near  
Sudbury, Ont.

A. J. Cook, secretary of the miners'  
federation, is opposed to the confer-  
ence.

### EARLE NELSON HAS ASKED FOR A NEW LAWYER

Would Enter Plea of Insanity  
If New Trial Is  
Granted

### PREPARATIONS FOR HANGING CONTINUE

Scaffold Being Built; Will Die  
on Friday If no  
Interference

WINNIPEG, Jan. 11.—Calm and  
without the least sign of emotion,  
Earle Nelson, the "dark strangler,"  
slayer of a woman and child in  
Winnipeg, still has hope that the  
may yet escape the gallows.

Unless rumors of startling new  
developments in his case prove  
true of he is granted executive  
clemency, Nelson will be hanged  
on Friday morning, January 13, and  
already preparations for the execu-  
tion have been made. In the re-  
inforced concrete and steel death  
cell, at the provincial jail, Nel-  
son could hear the workmen's ham-  
mers as they commenced the erec-  
tion of the scaffold Tuesday.

### SEES NEW TRIAL

The Manitoba Free Press this morn-  
ing says: "A report of a sensational  
nature from an authoritative source, but  
which, however, could not be confirmed  
last night, says that Nelson had ex-  
pressed hope that he may be given a  
new trial. It is also said that he has  
asked for a new lawyer, a well known  
Winnipeg criminal counsel.

It is understood that an official or-  
der granting permission to this law-  
yer to see him in his cell has already  
been sanctioned.

"Even at this late date, it would be  
possible for the court of appeal to  
grant a new trial if it thought neces-  
sary. Latest advices from Ottawa,  
however, state the department of jus-  
tice which has concluded its report  
on the Nelson case, is understood to  
have strongly recommended that the  
death penalty be imposed. The new  
trial is claimed on the ground that  
Nelson is insane."

### Original Matrices of Confederation Jubilee Go to the Premier

OTTAWA, Jan. 10.—An interesting  
event in the office of the prime minister  
this afternoon was the presentation to  
Rt. Hon. Mackenzie King of the records  
and original matrices in connection with  
the celebration of the confederation  
jubilee. The records comprise the  
speeches made on July 1, and also the  
international performance of the caril-  
lon. The original matrices, it is esti-  
mated, are good for 500 years.

### Lindbergh Refuses Money Gift From Swedish Admirers

STOCKHOLM, Jan. 10.—Col. A. Lind-  
bergh has declined the gift of a fund  
collected for him in Sweden, and sug-  
gests that it be used as a fund for  
worthy Swedish airmen.

### WOULD CALL A DOCTOR AT ARRESTS

OTTAWA, Jan. 10.—If the recom-  
mendations of Judge Constantineau  
of Ottawa are accepted by all courts  
a physician will be called when a  
man or woman is arrested on a charge  
of driving a motor car while intoxi-  
cated. He recommended this procedure  
in a statement today.

PAZO OINTMENT

ment of cash receipts and disbursements taken off the books at the end of the year by City Clerk W. E. Wason shows a sufficient leeway to make it certain there will be a surplus. The excess of cash receipts over cash disbursements was \$11,063.

Cash receipts of all sources totaled \$478,830, while cash disbursements were \$467,767. Each of these totals includes the \$90,554.51 expended on concrete paving and water renewal account, and the customary bank loan of \$25,000, made early in the year, and repaid when taxes came in. Taking out these two items, cash receipts from proper current revenue sources were \$363,275.49, and cash disbursements for actual city service were \$352,212.49.

UTILITIES BRING IN MORE The gains in revenue extended to nearly all the services that contribute to the city treasury, and to almost all forms of rates and taxes.

While real estate taxes were expected to yield \$90,000, they actually produced in cash over the counter, \$99,839, this including any arrears collected. Electric light rates, instead of the expected \$91,000, brought \$95,195.20. Water brought in \$32,632.49 as against \$31,000 counted on. Sewer rentals yielded \$6627, a favorable margin of \$627. Gas as nearly as possible met expectations, producing \$18,998.56, just \$1.44 under the estimate.

The street railway and scavenging services were short, however, the former turning \$18,741.42 into the treasury as compared with the \$19,000 estimated, while the scavenging was materially behind, producing only \$4621.70 against the \$5000 looked for.

SMALL SOURCES NEARLY ALL GAIN Payments for local improvements were \$3320.99 as compared with \$3000 anticipated. The city got \$1675 from the cemetery as against the expected \$1000, \$611 from dog tax as against \$500 looked for, \$814 road tax as against \$814, and \$2635 for poll tax, or \$235 more than put down as probable. Police fines were below the estimate, \$3000, by \$129. The weigh scales produced \$1520 in fees, a half more than the \$1000 estimated. Reverted lots sold, an item that did not appear in the estimates, brought in \$2354.

Kootenay Lake General hospital sinking fund payments amounted to \$3149. While this was more than the estimate,

\$2500, which was based on the old debt-enture issue, it was less than was due, as the year had a new issue of \$15,000, which made the total payment due \$3944. The school grant showed a gain of \$840 over the estimate of \$22,200.

Payments of employees for group insurance came to \$900, an item not figured on. Foreshore rentals produced \$6240 as against the \$1365 estimated. Park revenue, not previously estimated on, amounted to \$648 — \$254.50 from Lakeside park and \$393.50 from the tourist park.

From the provincial treasury the city was paid \$14,984.08 on account of liquor profits, \$5938.67 under the Motor Vehicle act, and \$2700 for part-mulm profits from race track betting. These three sources provided \$21,622.75, materially over the estimate, which was \$19,000.

SERVICES THAT OVERBURN While most of the city's services were operated within, or close to, their individual estimates, it was only because of the many revenue gains, producing a favorable balance, that the city revenue was able to meet without difficulty the city's unexpected and special expenditures.

The power plant at Bonnington, for which \$14,750 was allotted, actually required \$15,800, the shaft repairs causing the extra expense, but the substitution partly equalized this by spending only \$3304.36 out of its allotment of \$3665. Public works overran somewhat, expending \$39,000 on streets—including \$6000 on equipment—\$5480 on sidewalks, and \$3600 on sewers, a total of \$38,080, as compared with the estimate of \$38,500. The new stone warehouse, estimated to cost \$7000, was actually built for \$7868.11.

The Carter-Halls-Aldinger company was paid \$76,277.11, of which about \$69,000 was for the concrete paving, and the balance of around \$7000, for water renewal. At the beginning of the year it was intended to do about \$12,000 work on the water system from current revenue, which was not, however, done.

Scavenging cost \$5384.96, or \$34.96 over its allotment. The incinerator, however, was operated for \$1550, or \$270 under its estimate. Outlay on the isolation hospital was greater than intended, as a consequence of it being necessary to furnish more of it than was the program, owing to the infantile paralysis cases, the outlay being \$5000, instead of \$3500 as estimated.

POLICE AND FIREMEN SAVE Both the police and fire departments saved the city money. The police department required \$6000, as against \$6900 provided for, while the fire department, which had a vote of \$12,675, made a proportionate saving, by operating for \$11,879.12.

Park administration and improvements cost more than estimated, \$1662.54, compared with \$1500, and \$125 was spent on the Recreation grounds, in making provision for the outdoor rink.

The city paid \$616.74 to the provincial home, the estimate having been \$300. Net library building and rest room rental and furnishing cost the city \$565.96, the library board having refunded \$220 to reduce the total of \$785.96. This was something for which no provision was made, arising after the estimates were made. Salaries, inclusive of those of the

city council, came to \$14,865, within the estimate of \$15,000. Printing and advertising cost \$40 overrunning the estimate of \$500. total, however, was under that of year ago. Various small city bills were within their estimates. Postage and stationery costing against \$1250; revenue stamps \$1 compared with \$150; janitor and piles, \$625, compared with \$1250 mated. The city's legal department cost \$1020, or \$90 under the estimate. Group insurance cost net \$668. ance on buildings came to \$1050 costs in connection with the A were \$222.42.

# FARMERS ENJOY HISTORICAL PAGEANT

PORTAGE LA PRAIRIE, Man., 10.—Amidst a setting of high pageantry and festive pomp, delegates attending the annual convention of United Farmers of Manitoba joined hundreds of local citizens today in celebration of the 25th anniversary of the organization.

Knox church, in which the fun was held, was jammed to the doors with visitors. Standing room was at a premium. A climax to a program of entertainment was provided by a picture pageant depicting the metamorphosis of the Canadian west from the days Indians roamed the prairies to its present stage of advancement. Scenes brilliantly arrayed "Redskins" last through the contortions of the air war dance, the coming of the settlers and the frontier day by day stand passed in fleeting series of the stage.

The dramatization of the settlement of the west country was followed traversed by based on the development of the United Farmers movement, since inception 25 years ago. The historical pageant was concluded and prologues written by R. D. Quette, Winnipeg, associate editor of Grain Growers' Guide.

# TRAIL BEATS ROSSLAND FOUR GOALS TO TWO

## NICEST HOCKEY SEEN IN TRAIL THIS SEASON DISHED UP TO FANS; ROSSLAND TEAM MUCH STRONGER

### Rossland Opens Scoring in First Period but Trail Retaliates

### TRAIL MAKES GAME SAFE IN THE FINAL

### With Rossland Pressing to Score, Trail's Forwards Break Through

TRAIL, B.C., Jan. 10.—Fast ice, clean and clever hockey, and a victory of 4-2 for Trail over the Rossland invaders delighted about 2500 fans crowded into the rink tonight, while thrill after thrill evoked by clever plays and daring raids delighted them for the whole game.

It was noteworthy tonight that Rossland has out its best all-around team to beat Trail, was stronger on defence, at all times dangerous with its flashing hard-driving forwards. It was common comment that the game produced was the nicest hockey here so far this season.

**ROSSLAND STRONG**

Rossland opened strong and speedy, Pratt testing Jackson with a shot inside the blue line in the first minute. At 3:50 Mollisy and Dewar, playing nice combination, outmaneuvered Trail defence men. Jackson saved from Mollisy but Dewar crashed the rebound through.

Bond, Gustason and Anderson each tested Fox. Then Reddick, from defence, meandered down the ice, penetrating the Rossland defence, to open the scor-

### CAUGHT BAD COLD WHILE OUT PLAYING NOT PROPERLY DRESSED

Mrs. L. Mantle, Millet, Alta., writes:—"My youngest child had a very bad cold which she got by going out playing in a strong, cold wind not properly dressed."

"She got so hoarse she could hardly speak, and her throat and chest were very sore."

"I used everything available, but she received no relief until, finally, I secured a bottle of

and the first few doses certainly did her good. It is wonderful how it can help so quickly."

"Dr. Wood's" Norway Pine Syrup is 50c a bottle, large family size 60c; put up only by The T. Milburn Co., Limited, Toronto, Ont.

### School nurse says all girls should know this

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged. But when necessary there's no harm in taking nujol, since it works mechanically and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nujol should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause distress or gas pains or griping."

**Not Like Medicine**

Nujol is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you are feeling because it is so pure and harmless, and works so easily. Every woman should keep a bottle on hand. Every druggist has this remarkable substance. Get the genuine. Perfected by the famous Chemical Products Division of the Standard Oil Company of New Jersey. Look for the Nujol bottle with the label on the back that you can read right through the bottle.

ing for Trail. Fox never saw the rubber.

**TRAIL TALLIES**

For about five minutes Rossland tackled the home boys at center ice with only individual rushes by Kendall and Gustason to worry their defence. Then Gustason grabbed a loose one on the Rossland blue line and, skating in closer, shot wickedly, making Trail's second tally at 17:30. Pratt and F. Lauriente pressed two pretty attacks close home, but came to grief on Anderson's interceptions.

In the second, Fox saved hot ones from Gustason and Reddick, and later a flock of them when Gustason, Kendall and Bond besieged him. He was not so lucky a few minutes later. Kendall, on a solo rush, drew Pratt and Marsters off to wing, and, beating Fox when he rushed out for the puck, poked it inside at 4:45, making Trail's third goal. Brennan and Wheatley played for long shots.

**MARSTERS GETS IN**

Marsters, who is a new source of strength to the Rossland defence, succeeded in penetrating the Trail defence, but couldn't beat Jackson, who was too good, also, for Hank and Fred Lauriente, who in the next rally sent in hot ones, though they were well covered by Anderson and Reddick. Gustason and Bond checked cleverly at center ice, and slowed up the Rossland attacks. Gustason being particularly adept at it, while Pratt, with body checking, brought many Trail individual attempts to grief, and Marsters played all over the ice. Fox, worried, tried to steal the puck as a souvenir of a hot encounter, though Referee Jewell remonstrated.

**NICE GOAL**

Rossland came back with determination at the opening of the third. Dewar, Mollisy and Norris pressing attacks well up to the goal area and forcing the Trail defence men to their best covering tactics, and at 4:45 Norris found the net. Dewar with heady stick work had reached the defence men in center, had felated, and rushed through while passing the puck out to wing. Norris took it and shot in fine style, scoring Rossland's second.

Belated, Rossland pressed vigorously and got over an anxious. Pratt, big defence man, went up frequently with Dewar and Mollisy on pretty combination attacks, endeavoring to crash in a tying goal. They developed thrilling, though unsuccessful melees about the Trail goal, and had all the Trail men back on defence, until the Trail forwards getting the puck made a quick getaway to deceive Marsters and Dewar. At 9:45 Mackie rapped home Trail's fourth.

The teams were:  
Rossland—Fox, goal; Marsters and Pratt, defence; Mollisy, D. Dewar and Norris and F. Lauriente, H. Lauriente and Nelson, forwards.  
Trail—Jackson, goal; Reddick and Anderson, defence; Gustason, Kendall and Bond, and Mackie, Brennan and Wheatley, forwards.  
Officials—Referee, E. Jewell, Rossland. W. M. Brown, judge of play. Time-keepers—A. E. Palfrey, Rossland and J. P. Schofield, Trail. Penalty time-keepers—H. J. Rayner, Rossland, and C. Dodimead, Trail. Goal umpires—H. Kerr, Rossland, and S. Meredith, Trail.

**SCORE BY PERIODS**

First period—Dewar, Rossland, 3:55; Reddick, Trail, 9:15; Gustason, Trail, 17:30.

Second period—Kendall, Trail, 4:45.

Third period—Norris, from Dewar, Rossland, 4:45; Mackie, Trail, 9:45.

**PENALTIES**

First period—Gustason, Pratt, Wheatley.

Second period—Marsters, Bond, Anderson.

Third period—Mackie, Marsters.

### CHIEF LONG NOT ABLE TO APPEAR AT PROBE TODAY

His Leg Is in a Cast; Commission Will Have to Adjourn Inquiry

While the police commission session of last Wednesday, called for the purpose of holding an inquiry into the conduct of members of the police force, was adjourned to tonight at 8 o'clock, for the ostensible purpose of inquiring into charges made against Chief of Police Thomas H. Long, of incompetence, a further adjournment of the inquiry will have to be made, as Chief Long is still in Kootenay Lake General hospital, and now has his leg in a cast.

It is understood that Dr. W. O. Rose, who is attending him, will appear before the commission and certify to his inability to attend the session.

Whether the commission will further discuss the recent reinstatement of Constable Ralph Hale and his promotion to be sergeant, and its dismissal of Sergeant Alex Stewart, has not been announced.

# STRANGE LIQUOR NURSES TO TAKE PUTS PATENT IN A SERIOUS STATE UP QUARTERS IN THEIR NEW HOME

### James O'Neill Gets Drink From Man at Kootenay Hotel; James O'Neil Gets Drink From

MAN WHO SOLD IT LODGED IN JAIL

O'Neil Being Treated for Loss of Fingers; on Leave Up-town When Bought Drink

James O'Neil, under treatment at Kootenay Lake General hospital for the loss of fingers, was under medical attention late last night from drinking what report conjectures to have been wood alcohol, or some similar dangerous liquid, obtained by him when he was up town.

Mr. O'Neil was in the hospital, suffering from an explosion accident at Anderson creek, in which he lost three fingers, about six weeks ago. He was well on the road to recovery.

At the Kootenay hotel, it is stated, he got something to drink from a man whose identity has not been disclosed.

**MAN RAVING**

He returned to the hospital, and shortly after collapsed there. Dr. D. W. McKay was summoned and also Constable George Harlow. At this time O'Neil was raving and vomiting blood. Constable Harlow obtained the bottles and proceeded to the Kootenay hotel, where several men voiced the opinion that the liquid smelled like wood alcohol. The constable effected the arrest of the man, who it was alleged had given O'Neil the liquid and lodged him in the city jail.

### MRS. MALCOLM LAID TO REST

The funeral of the late Mrs. James Malcolm, who died last Friday at New Westminster, was held yesterday from the undertaking parlors of D. J. Robertson to the I.O.O.F. plot in the city cemetery. Mrs. Malcolm was laid next to her husband, who died here in 1921. H. L. Butchart of New Denver, a nephew of Mrs. Malcolm, came to Nelson to attend the funeral. Rev. F. R. C. Dredge of St. Paul's United church officiated at the parlors and at the graveside.

The pall-bearers were Charles Maltby, William Mack, C. G. Simpson, Phil Rahl, H. E. Stevenson and Thomas Sargeant.

Among the many floral tributes received were wreaths from brother-in-law and sister, Mr. and Mrs. Butchart, the W.B.A. Mr. and Mrs. H. E. Stevenson, Mrs. Allen's circle of St. Paul's church, all of Nelson; Howard and Lillian, Mrs. Barlow, Miss Campbell, all of New Westminster; sprays from: Mr. and Mrs. H. L. Butchart, New Denver; Mr. and Mrs. N. E. Butchart, Salmon Arm; Mr. and Mrs. James Carney, Mr. and Mrs. H. T. Garbutt, all of Millett, Alta.; Mrs. Mack and son, Mrs. Hancock, Mr. and Mrs. James Will, Mr. and Mrs. James Donaldson, Mr. and Mrs. R. G. McEwan, all of Nelson.

### From Two Homes Now in Use Will Nurses Converge on New Quarters

Nurses and nurses-in-training of the Kootenay Lake General hospital will today take up their quarters in the new nurses' home.

The handsome building, constructed at a total cost, including furnishing, of about \$45,000, is today complete in every detail. Its occupants will collect in it from the two homes now in use, to make it their headquarters.

It boasts 35 bedrooms, two sitting rooms and a large assembly room, contained on two floors. It is finished in concrete stucco, and is a most imposing addition to the handsome buildings now under control of the Kootenay Lake General Hospital society.

**CHINESE DONATE**

Various organizations are going ahead with plans to aid in the furnishing of the home, for, although it is fully furnished now, a great deal of the furniture is as yet not paid for.

Associated Canadian Travelers are to give a dance on February 6 in aid of the furnishing fund. Kokanee chapter I.O.D.E. is considering furnishing a room. The Nelson Rotary club is sponsoring a movement to equip the home with a modern library. Other organizations are taking up the torch in aid of the furnishing fund.

Feature of recent donations was a gift of \$325, subscribed by 117 Chinese of the city. It is to furnish two rooms. Additional donations are expected from the Chinese.

Fredericton recorded 228 births during 1927.

### Communist Officer Will Take Part in Debate, Hart House

TORONTO, Jan. 11.—John MacDon-ald, secretary of the Communist party of Canada, will appear as a debater at Hart House, University of Toronto, on January 18. Some objection has been raised to the proposal to stage a debate on communism, but Sir Robert Falconer, president of the university, has announced that nothing will be done to interrupt the program.

The subject of the debate is: "Resolved that in the opinion of this house, the social and industrial systems advocated by the Communist party of Canada are not in the best interests of the people of the Dominion." Four speakers will open the discussion, two of them undergraduates of the university and the other two graduates.

Mr. MacDonald will be invited to speak from the floor of the house.

### CITY CHINESE DONATE TO FURNISH TWO ROOMS

Furnishings in Home, but Not All Paid For; Total Cost \$45,000

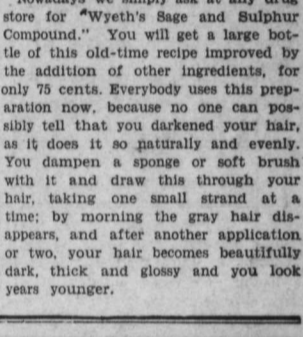

Various organizations are going ahead with plans to aid in the furnishing of the home, for, although it is fully furnished now, a great deal of the furniture is as yet not paid for.

### An Old Recipe to Darken Hair

By JANICE RANDALL

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, for only 75 cents. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

Trail Did Much Permanent Work

Mayor Herbert Clark of Trail in his report to the citizens of Trail, takes justifiable pride in the amount and character of the gains made by the city of Trail in permanent improvements during 1927.

There was the concrete paving program for the business district, costing \$74,584, and later supplemented by similar work on Pine avenue, Spokane street, and the east side of the bridge.

The Violin lake pipe line, begun in 1926, was completed, and Trail will have water storage supply "foolproof and free of all mechanical dangers."

The Shaver private water system was acquired and incorporated with that of the city. When necessary Beaver creek can be tapped for a further supply.

Protection of Trail creek, by concreting, was afforded, for most of the distance in which its overflow could be disastrous.

East Trail continued to receive facilities and new services, proportioned to its needs.

These are only the high spots in a program that took in over a mile of new sewers, much permanent sidewalk construction, park improvements, provision of both summer and winter play facilities, and other permanent work, of which Trail will receive the benefit for many years and in some cases for all time.

World's Newspapers Depend on Canada

That Canada now manufactures more newspaper than all the other countries in the world combined is stated by Hon. Charles Stewart, minister of the interior, in his report on forest wealth.

Newsprint, the paper used for newspaper publication, constitutes, of course, the heavy item in the world's paper production.

Growth of the newspaper industry, and of the paper industry generally, in Canada, has worried some people, who thought the world market could not absorb the output.

The fact is, Canadian forests are almost the last reserve.

Sooner or later, paper consuming countries will be up against it for secure supplies.

One of the things that may be banked on is that ultimately every exceptional pulp or paper site in Canada will be utilized.

Among things that are fairly certain is that the Nelson area, with pulp timber and water-power, constitutes an exceptional site.

Forged Documents Basis of Charge Against Mexico

It now appears that the charges made by Hearst newspapers, that President Calles of Mexico had a slush fund of a couple of million dollars for the purpose of approaching four United States senators who were in a favorable position for influencing foreign relations, was based on forged documents.

This is the conclusion of the long inquiry conducted by the United States senate, after President Calles has been held up to opprobrium for several months, and after irreparable damage has been done to relations that seemed on the way to being composed.

The only reason for any credence at all being given to the report was the prominence of the accuser.

It is regrettable that the New York American permitted itself to be victimized, and it is remarkable that it did not apply to the documents offered to it for sale the stringent tests that they afterward met when the senate engaged experts to ascertain their authenticity or the reverse.

TWENTY YEARS AGO

(The Daily News, January 11, 1908.) Arthur Dick, an old-time Nelson man, blew into town yesterday after an absence of 10 years, all but two days, and is busy looking up old acquaintances.

There will be no municipal election at Fernie this year, the mayor and council being elected by acclamation. W. W. Tuttle, the only nominee for mayor, will occupy the chair for the ensuing year. The council will be J. D. Quail, hardware merchant; F. J. Watson, real estate agent; Fred Johnson, merchant; B. B. C. Hammond, electrician; J. Broley, contractor; Fred Vance, barber.

There being only one nominee for mayor in Nelson, S. S. Taylor was duly proclaimed mayor yesterday by Returning Officer W. E. Wasson. W. Oillet will retain the office, however, until Mr. Taylor returns from the coast. He is expected back tomorrow night.

The Lighter Side

AUNT HET

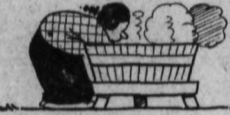

"A home husband may quarrel some, but he ain't likely to put an' act the baby like the purty ones does."

Most of the scolding of common people is done by authors who slept in their underwear until they were grown.

Perhaps that kind of man is called a crab because a crab is so arranged by Nature that he can't go forward.

Times change, and people may yet use snakebite as an antidote for liquor.

People may have been more pliant in the old days but they wore patches, and one seldom saw patched knees.

One reason why there were fewer divorces in the old days was because women just took in washing and made the best of things.

WHEN YOU GOSSIP, YOU GIVE YOURSELF AWAY: FOR PEOPLE ALWAYS GOSSIP ABOUT THEIR OWN CLASS.

It may not be significant, but the divorce evil and peanut butter developed at about the same time.

Canadians: Scolding the children for being what they are; trying to live up to them so they won't be ashamed of you.

"Not guilty" is the shorter way, but in some instances the jury might as well say: "We find the accused innocent of poverty."

Happy thought! You needn't even lock your car if you'll drive a nail in a tire when you park.

A friend is one who can offer you something to drink that would make you hopping mad if an enemy wished it on you.

OLD DOBBIN HAD HIS FAULTS, BUT HE DIDN'T WRAP HIMSELF AROUND A TELEPHONE POLE WHEN THE DRIVER TRIED TO KISS SOMEBODY.

Milk is mostly water in any case, but our milk man doesn't seem able to acquire the cow's knack of mixing it.

Funny world. Most of the people who are hurrying to get somewhere aren't going to do much of anything when they get there.

Fortunately, none of the world's big jobs are held by men who have their photographs made with their chins in their hands.

Correct this sentence: "John and I read every evening," said she, "but neither annoys the other by reading passages aloud."

TEN YEARS AGO

(The Daily News, January 11, 1918.) Private E. Pons of Nelson, is with a party of soldiers on furlough which arrived at Winnipeg yesterday.

Private R. J. Cornish, who enlisted with the 242nd battalion at Cranbrook and left for overseas in September, 1916, found the streets of England to be quite as dangerous to him as the battlefields of France. On June 8, Private Cornish was walking about a certain quiet place in old England when the world was suddenly blotted out and he woke up on a stretcher. "It was one of those air raids," he told a newspaper reported in Vancouver yesterday, where he now is, on his way home to Cranbrook.

Nelson board of trade last night asked its telephone committee to look into the proposal to request the Dominion government to construct the links needed to give telephone communication between Nelson and Slocan City and between Slocan City and Silvertown.

By resolution Fred A. Starkey was last night thanked by the Nelson board of trade for his work in securing pictures of local scenery to be used by the Pacific Northwest Tourist association for making slides to be used at lectures in the east.

TOMORROW'S MENU

- Breakfast: Bananas, Cereal, Waffles, Syrup, Coffee. Luncheon: Andover Luncheon Dish, Lettuce Salad, Preserves. Dinner: Cream of Celery Soup, Cold Roast Beef, Prepared Mustard, Noodles, Steamed Raisin Pudding, Hard Sauce. Cookies, Cocoa.

Almost everybody likes bacon. It can be used in so many ways that the average housewife keeps a small supply of it on hand constantly.

Bacon and Apples—Place cored and halved apples cut-side-up in a pie pan, set in a hot oven till nearly soft, then lay a thin slice of bacon over each half-apple and let cook till crisp and brown and the apple very tender.

Baconed Potatoes—Wash and pare raw potatoes and cut them in eighths the long way—as if you were going to French fry them.

Baconed Cheese Toast—Grate cheese over slices of white buttered bread. Lay two slices of bacon over each and put in a pan in a hot oven till the bacon is browned.

Andover Luncheon Dish—Make little mounds on a shallow baking pan with cold, left over, mashed potatoes.

Hominy-Tomato, Baconed—Place a layer of cooked hominy in the bottom of a shallow buttered glass dish and over it turn the more solid parts of a can of tomatoes.

That Body of Yours

By JAMES W. BARTON, M.D.

Describing Your Pain

As you know, a semaphore is a device by which a signal can be given at a distance.

Someone has said that pain is Nature's semaphore, and thus you are given a message that there is trouble somewhere in that body of yours.

Pain has also been called Nature's protest against something that is going wrong inside you.

Not that the magnitude or the severity of the pain is always a correct indication of the severity or danger of the trouble. For instance, an aching tooth can give an almost unbearable pain, whereas severe conditions such as pernicious anaemia, and early cancer, give no indication of their presence from the standpoint of pain.

You can, of course, understand the difficulty your physician meets, when you describe your pain.

He wants to know its exact location, just when it is most severe, whether motion increases its severity, whether it is dull, sharp, gnawing, boring, cramp-like, and so forth.

Now, generally speaking, the pain occurs where the trouble exists, but a pain can be transferred to some distance from the original trouble, and this is called "referred" pain.

And then, another difficulty your physician meets is in the manner in which you are able to bear or withstand the pain.

Because there is no question but that while some folks seem to be braver, or seem to be able to withstand pain better than others, nevertheless there is no question either but that some folks are more sensitive, in fact really feel more pain than others who have the same form of trouble.

Thus, the Jewish and Italian peoples are thought to be more sensitive to pain than the German and English.

Further, a person in poor health, who has been subjected to pain for a long time, instead of growing "used to it," becomes gradually less able to withstand it.

Also, fright is apt to increase pain.

There is only one point in all this, and that is that pain means trouble, and it is your duty in describing your pain to your doctor, not to exaggerate it, nor, on the other hand, to make light of it.

Making light of a severe pain may lead your doctor astray, and perhaps cause a delay in taking necessary precautions.

UNITED FARMERS DISCUSS CANADA AND THE LEAGUE

Outlawry of War Promotion of International Goodwill Discussed

PORTAGE LA PRAIRIE, Man., Jan. 10.—Questions relating to Canada's viewpoint on the larger issues were unceremoniously injected into the first day's proceedings of the 25th anniversary convention of the United Farmers of Manitoba.

Following the indorsement of a resolution favoring a vigorous educational campaign aiming at the outlawry of war and the promotion of universal goodwill, the convention later placed itself on record in favor of Canada's adherence to the optional clause of the League of Nations protocol.

Indorsement of the resolution would register the will of the agricultural interests of Manitoba as represented by the United Farmers of Manitoba.

Canada's right to declare war or her neutrality was questioned by one of the delegates.

"If Canada is governed primarily by the decisions of the British foreign office, in peace time or war, it is not of great concern whether the optional clause obtains the approval of the Dominion," the delegate said.

CHECKED BY CHAIR

The speaker was checked by the chair, when it was pointed out that Empire relations were not under discussion.

On the recommendation of W. A. Landreth, president of the Manitoba Cooperative Poultry association, a resolution was approved urging the federal government to establish regulations for the purchasing, handling and distributing of dressed poultry which will be fair to both the producer and consumer.

In conveying fraternal greetings from the Manitoba School Trustees association, M. J. Stanbridge, former member of the provincial legislature, predicted that through an alliance between the United Farmers of Manitoba the Union of Municipalities and the Manitoba School Trustees association, almost any legislative enactments could be secured. He declared it was the duty of the various districts to apply themselves to the improvement of the present school facilities. He did not think the time had arrived

NOMINATE OFFICERS FOR COMING YEAR

Equip Ward Isolation Hospital; Consider Furnishing Room Nurses' Home

With a balance on hand of \$1557.65, Kokanee chapter, I.O.D.E., closed its books yesterday afternoon, marking the close of one of the most successful years in the chapter's history.

Nomination of officers was the big business of the meeting. With one exception, every office has sufficient candidates to make the elections interesting. The exception is the office of Echoes secretary, for which Mrs. A. D. McLeod was re-elected by acclamation.

A feature of the work done during the past year was equipment of a ward at the isolation hospital at a cost of \$196. There are three beds in the ward.

A proposal to furnish a room in the new nurses' home found favor with the members, but the matter was laid

for the general establishment of consolidated and municipal schools.

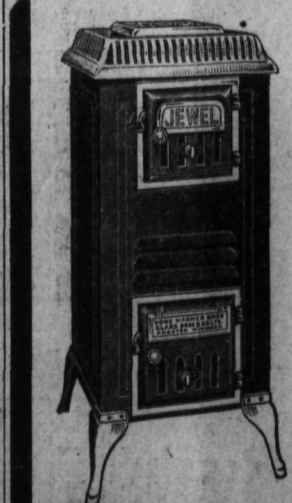

POULTRY REPORT

The day's program also produced a paper dealing with the achievements of the world's poultry congress, held in Ottawa last fall. The report was given by Mrs. S. E. Gee, president of the United Farm Women of Manitoba. The congress, she declared, had not only accomplished great good for the advancement of the poultry industry, it had served as an efficacious instrument of international concord. An indication that the question of affiliation with the Farmers' Union of Canada will occupy a prominent place in the convention agenda tomorrow, was contained in the announcement that J. A. Stoneman, president of the national organization, would be invited to address the delegates.

Seattle Police Are Searching for Former Alberta Ranch Man

SEATTLE, Wash., Jan. 10.—Seattle police today began an intensive search for Herbert MacLaren, aged 51, a well-to-do rancher, formerly of Ponoko, Alta., who disappeared from his home here on January 1, ostensibly to go to Tacoma.

MacLaren, when he left his house, assured his wife that he would return from Tacoma the following day. When he did not return home as scheduled, Mrs. MacLaren at first thought nothing was amiss, but his continued silence at last prompted her to notify the authorities.

During their short residence of two months here, MacLaren, his wife said, was employed as a cargo checker on the docks. She reported last night that she could not account for his disappearance.

## KIMBERLEY TEAM GETS A REVENGE

### Intermediate Hockeyists Defeat the Cranbrook Team in Fast Game

KIMBERLEY, B.C., Jan. 10.—On Friday evening, January 6, at the McCoull rink, the Kimberley intermediate hockey team revenged their defeat by the Cranbrook intermediates in the opening game on Wednesday, winning with a score of 4 to 3. The game was fast and clean and gave the spectators many thrills.  
Johnstone for Kimberley was star performer, while Lewis of Cranbrook, with his clever handling of the stick, was the pick of the losers.

## Moyle Curlers Get Revenge From the Cranbrook Players

CRANBROOK, B.C., Jan. 10.—At the curling rink, Saturday night, a rink from Moyle skipped by S. Gray defeated a rink from Cranbrook skippered by J. Taylor, thus wiping out the stigma of defeat which the Taylor rink administered to the Gray rink at Moyle a week ago. After the game the visitors were the guests of the Cranbrook club at the "bean" supper which the losers of the recent "pork and bean" competition had to supply to the winners. The Ladies' Curling club catered for the supper and earned and received the thanks of the men curlers.

## She Used Them to Purify Her Blood

### So Says Manitoba Lady of Dodd's Kidney Pills

Miss Ella Scott Suffered From Boils and Pimples on Her Arms  
Carman, Man., Jan. 10.—(Special)—"I cannot praise Dodd's Kidney Pills too highly," writes Miss E. Smith, a well-known resident of this place. "They have helped me so much. At one time I had thirteen boils and my arms were just covered with pimples, owing to my being in a run-down condition. I have used several boxes of Dodd's Kidney Pills and they have built me up again. I am quite well now. I always recommend Dodd's Kidney Pills to people."  
Dodd's Kidney Pills simply strengthen and heal the kidneys. The work of the kidneys is to strain all the waste matter out of the blood. If the kidneys are out of order they fail to do their work, and the waste matter remains in the blood, causing serious diseases.  
Sound kidneys mean pure blood. Pure blood means good health.

## TRAFFIC MOVING BETWEEN NELSON, TRAIL, ROSSLAND

### Three Crews Keep Road Open for Autos; Surface Slushy, but Travel Possible

Auto traffic between Nelson, Trail and Rossland is possible, though not pleasant, according to District Engineer William Ramsay of the public works department. Cars are going through.  
Three crews, working with tractors, graders and plows, are keeping the road open. Mild weather has made the surface slushy, but it is possible to get over the road.  
One crew works between Rossland and Castlegar, another between Castlegar and South Slocan and a third between South Slocan and Nelson.

### Passmore Ladies Report Excellent Year; Plan Whist and Dance

PASSMORE, B.C., Jan. 10.—The annual meeting and election of officers of the women's institute was held in the Passmore hall on Saturday afternoon.  
Mrs. E. Jamieson, president, was in the chair, and the secretary gave a report of the year's work, showing a very good financial statement.  
A whist drive and dance was arranged for this month in aid of the crippled children's fund.  
The election of officers was as follows: President, Mrs. Burgess; vice-president, Mrs. A. P. Whiteman; secretary-treasurer, Mrs. W. R. Perry; directors, Mrs. G. Forbes, Miss D. McLean.  
A vote of thanks was extended the retiring officers for the splendid work of the past year. At the conclusion tea was served by Mrs. E. Jamieson and Mrs. W. H. Saunders.

## MARRIED MEN ARE HOSTS, BACHELORS

### Knox Church Men Feed and Entertain Bachelors of Slocan City

SLOCAN CITY, B.C., Jan. 10.—An affair unique of its kind or character for the city took place on Friday evening, January 6, at the Orange hall by the way of a supper tendered to the bachelors of the town or community under the auspices of the married men of Knox United church of Slocan City. The call to supper was given at 6 p.m., when a goodly number of all such lonely ones presented themselves for the occasion. Tables had been prepared for 30 such guests, and all seats were practically taken up.  
Following the supper, the rest of the evening was given over to a time of all-around real fellowship, with formality forgotten or to the side, an important program, new and enjoyable, was indulged in; after the manner of one and

## TRUSTEES END YEAR'S WORK

### Cranbrook Trustees Have Good Year; Pass Accounts for the Year

CRANBROOK, B.C., Jan. 10.—The school board met in the city hall Thursday evening to wind up the routine business of the year, and to confirm the appointment of Miss E. Piggott to the position on the high school staff vacated by Miss Ross, and the appointment of Miss G. Verrinder to the position vacated by Miss King at the Central school.  
The tender from the firm of Beattie-Noble, limited, for the supply of foolcap and chalk for the schools was accepted.  
Accounts totaling \$5057.10 were passed and ordered paid. The meeting concluded with mutual expressions of pleasure and thanks for the harmony and good feeling which has at all times marked the sessions and work of the board during the past year.

## Lieutenant-Governor of Quebec Urges Loyalty to British North America Act

QUEBEC, Que., Jan. 10.—"My ministers believe Canadian unity and the future of Canada will be best assured by respecting provincial autonomy and by all remaining loyal to the British North America act, in spirit as well as in letter," declared Hon. N. Perceux, lieutenant-governor of Quebec, in the speech from the throne at the opening of the 17th legislature of Quebec today.  
The speech referred to the visit of the Prince of Wales, Prince George and Premier Stanley Baldwin last summer and declared: "Our people were pleased to show their attachment to the institutions by which our country is ruled."  
Several important problems are to be dealt with during the session including the repatriation of Canadians from the United States and legislation "to render agricultural settlements lasting and profitable, by seeing that settlers are directed to the best colonization centers."  
NANAIMO, B.C., Jan. 10.—Alexander Noske, a Russian, aged 23, was instantly killed at the Timberlands logging camp today when he was struck by a falling snag.

# Her Husband's Secretary

By WILLIAM ALMON WOLFF

CHAPTER VI.

And as the MacVeaghs, John and Eileen, began, so they went on. Though, with each year, John grew more prosperous, his income bigger, his list of stocks and bonds more imposing, there was, in the five years they lived, after their marriage, in the small town in which Eileen had been born, almost no change in their outward circumstances and style of living.

"I'm playing a deep, long game," he told Eileen. He liked to tell her what he was doing, and she sat silent, listening, asking no questions. He wondered sometimes how much she understood of what he told her, details of abstruse financial transactions, talk of mortgages and equipment-trusts and prior liens. But on the other hand he didn't greatly care. It helped him to solve his problems to lay them out aloud, with Eileen, a bit of sewing in her lap, perhaps, to listen, her blue eyes, sober and grave now in her studious attention, upon him.

"I'm taking big chances a lot of the time," he said. "You see, I'm always obligating myself for more than I've got, really. I'm not playing the market the way some men do, and yet, really, I'm betting on the way it'll swing just as much as the gamblers in Wall Street are."

That was the reason he formed, early, the habit of putting in Eileen's name practically all the securities he bought and owned outright. Eileen, when they had been married three or four years, was a rich woman in her own right—on paper. Many extremely valuable securities stood in her name on the records. In fact, of course, John continued to own and control them. Frequently he would bring home a stock certificate or a proxy for Eileen to sign, and she always signed, unquestionably, just as and where he told her.

"You see," he explained, "if anything goes wrong they can't touch what's in your name—not without a lot more trouble than anyone's likely to take, that is. And, at the worst, I'd get time that way to straighten things out."

"Something could go wrong then?" she said.

"If won't," he said confidently, "but it could. Anything can happen. If we had a panic or a long period of industrial depression, things might get awkward, I don't look for anything of the kind, but think it's well to be prepared."

"So do I," said Eileen and smiled wisely.

In the fifth year of their marriage John began to talk less and less to Eileen, and to show more and more that he was under a severe strain of some sort. He was nervous; he slept badly; he was likely to be morose and silent in the evenings when he was alone with Eileen.

And with increasing frequency now he began to bring home stock certificates and other securities for her indorsement. These, she knew, he was taking from the safe deposit vault that stood in the names of both of them in Henry Lovewell's bank.

"You're not selling these, darling, are you?" she asked him once—one of her rare questions. He laughed.

"Selling them? Not likely! They are too precious! No. But I'll tell you what I am doing—I'm hooking them. I'm using them for collateral security on loans."

"You must be borrowing a lot of money, then," she said.

"I am. I'm borrowing right up to the very limit of my credit. Before I

## SKINNY MEN

Gain Pounds of Weight and Strength in 3 Weeks With New YEAST and IRON—or Pay Nothing

Daily the letters pour in telling how Ironized Yeast has put on 5 to 15 pounds of good, solid flesh in 3 weeks. Has built up strength in nervous, tired people. Has cleared skins of ugly pimples and boils.

What Is the Magic in Ironized Yeast? Ironized Yeast is two tonics in one—weight-building Yeast and strengthening Iron. The yeast is the same used in making malt, and which makes malt so beneficial. It is specially cultured yeast, concentrated to give the utmost in flesh-producing value.

This yeast is treated with pure, vegetable iron, the same as in spinach, lettuce and celery. In this form iron is easily assimilated by the body, making rich, red blood and toning up nerves and muscles.

Only when Yeast is Ironized in this way is it more effective—for iron is needed to bring out the weight-building values of Yeast. By this special formula Ironized Yeast gives you results in half the time required by yeast or iron taken separately.

Don't have a skinny, weak body. Don't go around with a ugly skin. Go to your druggist. Get a handy bottle of Ironized Yeast. 60 tasty tablets. Safe for everybody. They do not upset the stomach nor cause gas or bloating.

Try It on "Money-Back" Offer

Go today to your druggist. Get a full size treatment of Ironized Yeast. If you are not delighted with the quick results, get your money back. If inconvenient to buy from the druggist, send \$1.25 to the CANADIAN IRONIZED YEAST CO., Fort Erie, Ont., Desk 118-B.

CAUTION! While the amazing health-building value of IRONIZED YEAST tablets has been clearly and positively demonstrated in cases of lack of energy, indigestion, constipation, skin eruptions, poor complexion, and a generally weakened physical and mental condition, IRONIZED YEAST should not be used by anyone who OBJECTS to having weight increased to normal. © 1927—C. ### "She Moves In Beauty Like The Night"—In A Capes Mystery

No LONGER does one evening wrap suffice for a season's wear. The ensemble idea, so widely prevalent these days, has extended to the night-time and capes and wraps should match or harmonize with the gowns worn beneath. "All the world's a stage"—how well we know it!—and we plan our exits and our entrances as carefully as our sisters behind the footlights. For an effective entrance to the theatre box, the nightclub, the dance after the football game, this cape is superb. It has distinctly what the French call *panache*—the swagger of elegance—accomplished by the romantic puffed collar with narrow cross-bands of the fabric. The shirring across the shoulders is scant and it drapes with utter simplicity below. A short interlining for warmth may be added. There is wide choice of materials and tones, to fit the wearer's wardrobe. It may be soft, light-weight velvet, or equally soft metallic fabric or brocade; or crepe satin, taffeta, or crepe de chine. And the lining may match or harmonize. Vionnet is enamored of this design. (Copyright, 1927, by Butterick.)

## REDEEMER WOMEN DO GREAT WORK IN TWENTY-SIX

Guild Earnings Are Over \$90 Month; Objective to Equip the Parish Hall

Reviewing a year in which it had average earnings of over \$90 a month, the Women's Guild of the Church of the Redeemer held its annual meeting in the parish hall yesterday. Election of officers was a feature. The guild set as its objective this year the improvement and equipment of the parish hall, recently purchased. It will endeavor to surpass its earnings of 1927. Membership figures showed a substantial increase in membership during the year.

Congratulating the guild on its work, Rev. D. F. Cowie expressed the hope that progress during 1928 would be as marked as in 1927.

Officers of the guild this year are: Mrs. George Brant, president; Mrs. S. Mills, vice-president; Mrs. H. Bishop, second vice-president; Mrs. R. Vyse, secretary-treasurer; Mrs. R. Andrew, Mrs. D. F. Cowie, Mrs. E. G. Ogden, Mrs. W. Simpson, Mrs. E. F. Jarvis and Mrs. J. Joy, executive members.

### Three Arrested on Charges Robbing Regina Warehouse

REGINA, Sask., Jan. 10.—Charged jointly with a double robbery from the warehouse of McNall and company here, three men were placed under arrest today. One, Bill Johns, was arrested in Moose Jaw, and the other two—Frank McKay and L. Russell—were taken in Regina. It is alleged that confessions of at least two of the men are now in the hands of the police.

McNall's warehouse was broken into twice in the last month, first on the night of December 19, and again on the night of January 1. On each occasion a basement window was forced. On the first trip the robbers took a quantity of cigarettes and chocolates, value not ascertained. On the night of January 1 they made a larger haul, getting away with \$2,000 cigarettes valued at \$975.

# A JOLLY GOOD FELLOW!

A Man is never So Far Lost but Love Can Redeem Him!

Joe, a grey-haired and absolutely broken man, stood before me.

JOE was "a jolly good fellow" — one of the boys — a "regular guy." And he was fond, too, of the good fellowship which "a little snort" now and then stimulated. When Joe married he was a very successful Realtor, his opinion sought after by those engaged in "big business." Marion knew that he was not an advocate of the White-Ribbon League when she married him — but she had never seen him under the influence of the "Cup of Bacchus." Her disillusionment came three months after their marriage. Joe disappeared for three days — and returned home a penitent, full of the age-old conventional vows of "never again"! And everything was lovely — until the next time! But that "next time" lasted a month — and Joe found himself out of a job! For a full year thereafter, "The water-wagon" was Joe's constant friend, during which time he became a proud Daddy. But such an important event in any red-blooded man's career, he argued, demanded a celebration. And being "a jolly good fellow," the celebration developed into a permanent orgy of drinking. For five years after that it was a case of "On again, off again" the water wagon — fired from this job, starting afresh with that, moving here and there, until . . . one day Marion took the reins in her own hands . . . and the sparks began to fly!

What did Marion do? You'd be surprised! Did she preach temperance? She did not! Did she leave him flat? Wrong again! She simply . . . but you must read this absorbingly interesting story from life yourself in order to appreciate what a courageous woman really can do. It is entitled "ONE COURAGEOUS WOMAN" and appears in TRUE STORY MAGAZINE for FEBRUARY together with 14 other episodes from life — now on the newsstand.

# TWO CURLING RINKS YET TO BE DEFEATED

## ITS MOISTURE AT KIMBERLEY CURLING SPIEL

Play Continues Close; Cammel-Laird, Trail Started

### KAY AND JAMES YET TO BE DEFEATED

### Myers and Woodburn Play Interesting Contest

KIMBERLEY, B.C., Jan. 10.—Following a very strenuous first day of heavy stones on a water-coated ice face, most of the 150 odd curlers are partaking in the big British Columbia Curling association bonspiel set up and around early today, anxious to learn what consideration the other man had shown them during the night. The air was a little chilly, but the clear and bright sun did not dampen their hopes to any extent, as it is now certain that old Sol would meet a disastrous way during the day. At 8:30 the draws were all under way and despite the adverse conditions the games were keenly contested and very interesting ends were seen. The day centered principally in the Nelson cup, which, with the Grand Challenge and Rossland competitions, will pretty well out to the sights by Tuesday, with play started in the secondary event, the Kimberley Cammel-Laird and Trail cups, respectively.

### THE DRAW

The Chisholm draw is proving interesting to most of the teams, it being the first time that many of them have participated in a spiel conducted in this plan. The start in the All-ments will be made tomorrow, when, in a short time, friendship between the visitors will cease.

One of the most spectacular plays of the spiel was made this morning, when, with the score 5-11, on the ninth of a game between Myers of Nelson and Woodburn of Trail, in the thirty-seconds of the Nelson cup, Myers shot, with Woodburn next. Three are shot, to the button the Trail skip with a nicely placed stone made a perfect inwink of his own stone, driving Myers off the button and making one of his other shots good. Generous applause from a large gathering greeted the performance.

### ED IN FIRST

McKay of Rossland and James of Kimberley are the only undefeated rinks and are tied at four each. Archibald, Corrie, J. Forrest, Gray, Ledingham, O'Neill and Shaw each have two wins with but one loss. Ledingham dropped his first game to Harper in the 16s of the Grand Challenge.

### FOLLOWING ARE TODAY'S RESULTS:

### RAND HALLENGE

Sixteens—James, Kimberley, 11; Nelson, Kimberley, 2; Ledingham, Nelson, 7; Sharp, Nelson, 7; McKay, Trail, 7; Mason, Trail, 4; Shaw, Kimberley, 10; Cameron, Cranbrook, 7.

### ROSSLAND CUP

Sixty-fours—Mitchell, Rossland, 9; Sharp, Nelson, 7. Thirty-seconds—Shaw, Kimberley, 7; Andrew, Nelson, 8; W. Forrest, Trail, 7; Johnson, Kimberley, 8; Douglas, Bull River, 7; Saunders, Kimberley, 8; Corrie, Kimberley, 11; Mitchell, Rossland, 10; J. Forrest, Trail, 8; Nagle, Kimberley, 4; Cameron, Cranbrook, 9; McPhee, Cranbrook, 3; Ledingham, Nelson, 10; Stone, Chapman Camp, 5; James, Kimberley, 7; Smythe, Nelson, 0; McKay, Trail, 8; Doyle, Kimberley, 1; W. Douglas, Kimberley, 7; Twells, Kimberley, 4; Archibald, Nelson, 4; Woodburn, Trail, 11; Finney, Rossland, 5; Gray, Moyle, 8; O'Neill, Kimberley, 7; Elliott, Chapman Camp, 5.

### NELSON CUP

## McLean Gets \$1.25 Check; and Worth It

HERE'S YOUR CHECK, KID! YOU ATE OVER TEN DOLLARS MORE THAN ANYONE ELSE!

I GOT A FLASH AT THAT 'BULL PEN' CATCHER'S CHECK TODAY AND HE'S KNOCKING DOWN A HUNDRED A MONTH MORE THAN YOU AND YOU'RE IN THERE EVERY DAY PLAYING REGULAR!

By AL DEMAREE (Former Pitcher New York Giants) Professional baseball isn't different from any other game in the matter of pay. Often some third-string catcher who doesn't do anything but warm up in the bull pen, draws more money than some star young regular. Ball players, like other businessmen, like to keep their salaries secret and then fourfurling that they are getting a lot more than they really are. Some fellows who know they are drawing good money for their work don't mind spreading it around, though. Charlie Herzog was that way. He was drawing \$10,000 from the Boston Braves, and when he was dressing he would say to a fellow, "Here, hold this check for me a minute, while I put on my collar."

Larry McLean got the smallest check ever given a ball player. He drew a check for \$1.25 once, and showed it around. Larry had borrowed on his salary until he had only \$1.25 coming to him.

## JANUARY HAS NO FEARS FOR THESE NELSON SCULLERS

### McVicar, Brown, Archibald and Mackenzie Break Records Season Opening

Vancouver may have a world's championship sculling race the day after Christmas, but it can't beat Nelson for January rowing—and there are four members of the Nelson Rowing club who will swear to this.

Sunday in a practice run of about a mile and a half. They'd have gone on, but McVicar feathered his oar and Norman Brown got the splash. He insisted on being put ashore. The other members of the venturesome crew were Barney Archibald and Gordon Mackenzie.

### IS A RECORD

As far as is known, this constitutes a record for winter rowing in Nelson. Roy Sharp can remember a practice run made on Christmas day in an exceptionally mild winter some years ago, but he could not remember any January rowing.

The boys did not really intend to go out when they went down to the clubhouse. The weight of snow on the roof of the building had forced the float about six inches under water, and they went down to clear away the snow. The water, in its unrippled smoothness, looked so attractive that they couldn't resist.

## ST. PAUL ANGLING FOR REGINA MEN

WINNIPEG, Jan. 10.—It has been learned that the Saint Paul hockey club of the American Hockey association, in an effort to bolster its already strong team, has offered the Regina Caps of the prairie loop, \$1500 for either Andy Mulligan or Joe Thorsteinson. It is understood that the offer has been rejected as the Caps are unwilling to part with either player until the club obtains one or two good men to fill their places.

ley, 9; Sharp, Nelson, 5; Gray, Moyle, 6; McPhee, Cranbrook, 5; Forrest, Trail, 7; Corrie, Kimberley, 5.

Thirty-seconds — Andrew, Nelson, 7; Archibald, Rossland, 2; Myers, Nelson, 5; Woodburn, Trail, 6; Garbutt, Kimberley, 9; McLeod, Nelson, 13; Finney, Rossland, 10; Smyth, Nelson, 7; Tyson, Trail, 6; Dunkerley, Chapman, 2; Saunders, Kimberley, 4; Cameron, Cranbrook, 10; Douglas, Bull River, 2; Caldwell, Chapman, 13; Douglas, Kimberley, 12; Doyle, Kimberley, 3; Forrest, Trail, 1; Shaw, Kimberley, 8; Ledingham, Nelson, 7; Patterson, Moyle, 4; Nagle, Kimberley, 4; Elliott, Chapman, 7.

### CAMELL-LAIRD CUP

Hundred and twenty-eights—Johnson, Kimberley, 9; Dunkerley, Chapman, 4; Forrest, Trail, 5; Smyth, Nelson, 7.

Sixty-fours — Finney, Rossland, 7; Caldwell, Chapman, 4; Douglas, Bull River, 9; Garbutt, Kimberley, 3; Patterson, Moyle, 9; Crosscombe, Kimberley, 5; Forrest, Trail, 9; Saunders, Kimberley, 7.

### ROSSLAND CUP

Thirty-seconds—Archibald, Rossland, 10; Tyson, Trail, 6.

## CANADIENS HAVE THREE-NOTHING WIN AT OTTAWA

### Is Thirtieth Victory for the Frenchmen and First Over Senators

MONTREAL, Jan. 10.—Montreal's Flying Canadiens registered their 13th straight victory of the season by blanking the champion Ottawa Senators, 3-0, in a one-sided National Hockey league battle here tonight. Previous to this game the Senators were the only team in the circuit which the Habitants had not beaten in their meteoric flight to the top of the Canadian section of the league.

Thirteen thousand fans registered keen enthusiasm over the battle. The Ottawa team was seldom in the picture, being outplayed at every stage.

### OLYMPICS WIN

DETROIT, Jan. 10.—Detroit Olympics vaulted into undisputed possession of first place in the Canadian hockey league here tonight by defeating Toronto Ravinas, 3 to 1.

### FORTS BEAT BRANDON

FORT WILLIAM, Ont., Jan. 10.—With an excellent display of combination play which gave them an edge throughout the match, Fort William defeated Brandon 8 to 1 in an interprovincial league hockey game here tonight.

### DULUTH WINS

MINNEAPOLIS, Minn., Jan. 10.—After three strenuous periods of scoreless hockey, the Duluth Hornets tallied a lone goal in the overtime session and defeated Minneapolis 1 to 0 in an American Hockey league fixture tonight.

### INTERCITY TELEGRAPH BOWLING ON TONIGHT

Nelson's teams in the intercity telegraphic bowling contest in which a number of Kootenay cities are entered, will be: Ten-man teams: N. Cassios, J. Allen, F. Bamford, G. Graham, G. Dill, J. Bell, R. Brown, H. S. Watson, J. Hamson, D. Whitehead; spares, E. Y. Brake and A. Choquette. Five-man team to play South Slocan: J. Bell, N. Cassios, J. Allen, G. Dill and F. Bamford. The Nelson teams will bowl on the Semaphore alleys.

### ST. PAUL ANGLING FOR REGINA MEN

WINNIPEG, Jan. 10.—It has been learned that the Saint Paul hockey club of the American Hockey association, in an effort to bolster its already strong team, has offered the Regina Caps of the prairie loop, \$1500 for either Andy Mulligan or Joe Thorsteinson. It is understood that the offer has been rejected as the Caps are unwilling to part with either player until the club obtains one or two good men to fill their places.

### IS A RECORD

As far as is known, this constitutes a record for winter rowing in Nelson. Roy Sharp can remember a practice run made on Christmas day in an exceptionally mild winter some years ago, but he could not remember any January rowing.

The boys did not really intend to go out when they went down to the clubhouse. The weight of snow on the roof of the building had forced the float about six inches under water, and they went down to clear away the snow. The water, in its unrippled smoothness, looked so attractive that they couldn't resist.

## HORNSBY TRADED TO THE BOSTON BRAVES' TEAM

### Greatest Baseball Surprise Yet; Hornsby Astounded; No Comments

NEW YORK, Jan. 10.—Rogers Hornsby, second baseman and captain of the New York Giants, has been traded to the Boston Braves in exchange for Catcher Hogan and Outfielder James Welch, the New York National club announced tonight. No cash was involved.

The deal was for the "best interest" of the club, according to a statement issued by President Stoneham and Manager John McGraw. Hornsby signed a two-year contract with the Giants last year at a reported salary of \$40,000 a season, the highest paid any player in the National league.

News of the trade broke like a thunderbolt out of a clear sky to newspaper man called to the Giants' office tonight for an "important announcement."

### FOR SAKE OF CLUB

The news of the trade was given out by Ed Tierney, the Giants' secretary. All efforts to draw him an explanation of what McGraw and Stoneham had in mind when they said the deal was "for the best interests of the club" met with a refusal to comment.

The deal was particularly surprising in view of Hornsby's brilliant work afield and at bat during the 1927 season.

### HORNSBY ASTOUNDED

ST. LOUIS, Mo., Jan. 10.—Rogers Hornsby, when informed here tonight of the sensational trade which transfers him from the Giants to the Boston Braves, said: "I cannot believe it." Talking over the telephone from his hotel here, Hornsby seemed flabbergasted and said he could see no reason why a deal should be made severing him from the Giants.

### HOCKEY RESULTS

### OLYMPICS WIN

DETROIT, Jan. 10.—Detroit Olympics vaulted into undisputed possession of first place in the Canadian hockey league here tonight by defeating Toronto Ravinas, 3 to 1.

### FORTS BEAT BRANDON

FORT WILLIAM, Ont., Jan. 10.—With an excellent display of combination play which gave them an edge throughout the match, Fort William defeated Brandon 8 to 1 in an interprovincial league hockey game here tonight.

### DULUTH WINS

MINNEAPOLIS, Minn., Jan. 10.—After three strenuous periods of scoreless hockey, the Duluth Hornets tallied a lone goal in the overtime session and defeated Minneapolis 1 to 0 in an American Hockey league fixture tonight.

## Canadian Golfers Surprised at Call to Discuss Rules

TORONTO, Jan. 10.—Some golfing associations' executives express themselves greatly surprised at the announcement today that the Royal Canadian Golf association is holding a special meeting, Thursday next, to repeal the constitutional amendment adopted last March. This amendment reorganized the association on a representative basis and along national lines. W. H. Plant, president of the Ontario Golf association, said that the notice calling the meeting states that after consideration it has been decided that reorganization "is found to be not desirable," and questions who has found it so. He asserted the provincial associations have not been consulted.

## CHEAP FUR COAT

TORONTO, Jan. 10.—Mike Koroschin, arrested as he attempted to sell a \$1000 fur coat for \$15 today, was sentenced to two years in prison for housebreaking. He was suffering from hunger, he claimed, when he stole the coat.

## SHARP REACTION ON WALL STREET

Rails and Industrials Drop; Bank Stocks Heavy; No Change Money Rates

NEW YORK, Jan. 10.—The stock market was swept today by a sharp reaction from which it made only partial recovery. Prices of scores of popular rails and industrials were carried down two to five points with even larger losses in some of the high priced specialties. For the third time this year total sales ran above 3,000,000 shares.

United States Steel common opened at 148 1/2, ran up to 150 1/2 on the increased tonnage statement, broke to 146 1/2 in the early afternoon and then snapped back to 148 1/2, off 1/2 net. General Motors dropped from a high of 134 to 130 and recovered to 132. Radio slumped from 104 1/2 to 98 and rebounded to 100 1/2, off 1/2 net.

General Electric lost 2 1/2 and recovered one and American Smelting dropped 3, and recovered 1 1/2.

American Machine & Foundry, Case Threshing, International Harvester, and Warren Brothers closed four to nearly eight points lower, some of them 20 to 30 points below their recent highs.

Bank stocks were heavy. Commercial National broke 18 points, National City, 10 1/2, National Bank of Commerce 10, and Chase 3.

In the railroad division losses were generally held a point or two. Canadian Pacific, Norfolk & Western, Chesapeake & Ohio and Delaware and Hudson were the hardest hit.

Call money ruled at 4 1/2 per cent all day. There was no change in time money rates.

Total sales, 3,321,100 shares.

### Maber Prepared to Move Stewart's Reinstatement If Convinced in the Wrong

To the Editor of The Daily News: Sir—I notice the last few days considerable correspondence in your paper regarding the action of the police commissioners in discharging Alex. Stewart from the force.

It strikes me as peculiar that in the several letters none of the authors have had the nerve to disclose themselves by publishing their names.

The matter of dealing with police charges is one of the distasteful things a police commissioner is called upon to deal with, but I felt after hearing Stewart's charges against Hale, and still feel, that I was doing my duty in moving that he be discharged.

There will be a meeting of the police commissioners Wednesday night, at 8 o'clock, at the city hall, and any person who wishes to make any comment on the discharge of Mr. Stewart, if he will appear there, I will guarantee that he will get a hearing, and if he can show me where I was wrong, I will be pleased to move Mr. Stewart's reinstatement.

R. H. MABER.

Nelson, B.C., Jan. 10, 1928.

### Reinstatement of Stewart Would Be Popular States Spectator of His Firing

To the Editor of The Daily News: Sir—I have read with interest the correspondence re the police shuffle, and I entirely concur in the sentiments of the last writer (British). If Justice is to be done unbiassly Alex. Stewart should be reinstated.

I was a spectator of last Wednesday's proceedings and in the opening remarks heard something about conducting the court under the proper rules of a British court of justice, fair play, etc.

After the hearing adjourned, I could not help wondering what the audience thought of British justice, if that was a true sample.

An officer, after doing his duty as he saw it, and a painful one under the circumstances, to be summarily dismissed without a charge being laid against him, is to my mind, and many others', most unfair, to say nothing of having 14 years' good service to his credit. I am sure there would be the same enthusiasm in his reinstatement as there was last week when Mr. Hale was given back his position.

JUSTICE.

### Police of Nelson Deserve Gratitude of Citizens for Making Nelson Secure City

To the Editor of The Daily News: Sir—As the New Year opens up, one of the greatest assets enjoyed by the citizens of Nelson is seldom realized, and little thought of by those of us who have been here for some time. I refer to the sense of security with which we go about our affairs, and rest in our homes at night.

There are places where the citizens avoid lonely spots, a locked door and a loaded gun are felt to be necessary for a good night's sleep.

In no place on this great American continent do we know of a place where its people may feel safer than in this beautiful city, tucked in amongst the hills.

Burglary, robbery and holdup are almost unknown, and the very little that has occurred has been quickly suppressed.

Let us be thankful to the men who guard our city and our district, and who have helped to keep the specter of fear from our elbows as we live out our days.

Thanking you,

CONSTANT READER.

Nelson, B.C., January 10, 1928.

### Kelowna Man Calls Market Act of Communism; Denies Control Popular

To the Editor of The Daily News: Sir—There is an endeavor on the part of some to attribute the small measures of success in securing better prices to the grower for his fruit in the past season, to the operations of the Marketing act.

They wish to convey to the general public that things have gone better as a result of the act, instead of placing the circumstances where it belongs, to the great shortage of crops in the States and in the east, and also only an 8 per cent crop in British Columbia.

There is an air of satisfaction among some growers as to the prices obtained, but it would be foolish for us to act like the proverbial ostrich, bury our head in the sands and imagine ourselves safe.

**PRAIRIES NOT SATISFIED**  
In order to be adjudged a complete success, there must be satisfaction at both ends, and despite what Mr. Grant says to the contrary there is not, (and I speak knowingly) satisfaction on the prairies amongst those handing our crops. Nor yet is there complete satisfaction at this end.

If nothing better has been achieved under such favorable conditions as the last season afforded (and there is much dissatisfaction), I tremble to contemplate what we must experience in the face of a bumper crop, which is likely to occur in 1928. Indeed, had the last season's operations not shown any advancement beneficial to the grower, it would have been the strongest indictment that could possibly be brought against the promoters of the act.

When at last year's meeting of the British Columbia Fruit Growers' association it was announced that the independent shippers and the Associated Growers had arrived at a satisfactory agreement as to the disposition of the crops, the matter should have been left at this amicable conclusion, but Mr. Barrow, fired with a sudden enthusiasm to promote his own interests in the prospective coming election, threw a monkey wrench into the machinery by introducing this abortive piece of legislation. He should have left things alone.

**URGES PLEBISCITE**  
The act, as it is, is absolutely impracticable and impossible; and I would heartily recommend that before any extension or alteration of the act is made, a plebescite be held to acceptable to the growers as a whole, and that no change be made (other than that of throwing out the act altogether) unless the majority in favor exceed 75 per cent.

No measure that robs a subject of his civil rights can be good law; and no law that prejudices the sale, by the owner, of his personal property can be good policy.

There are many growers that would willingly sell their land to get rid of these vexatious enactments. But who will buy? Who will put their heels into a noose running nearer and nearer to a state of Bolshevism?

### COMMITTEES ALL OYER

From answers given to questions put at a recent meeting held in Kelowna, the scheme of certain politicians and their heels (all men who have never studied the elementary principles of political economy) is to establish "committees of direction" all over British Columbia, by no means only for fruit, but for all products of the soil. Landowners would then be at the complete mercy of these commissars.

How many British subjects will care to settle in British Columbia if such dictatorships are established, and how much new capital come to this province?

Those who are boosting for the act all have a mercenary or political axe to grind.

Let me warn all those who own property in British Columbia, whether fruit growers or not, that it is intended to extend this act to govern the whole province, and there is an attempt to foist upon the government the idea that this measure is popular. It is not. It is but the thin end of the wedge of a communism designed to take away all personal rights to property and the disposition of the same.

SYDNEY H. OLD.

Nelson, B.C., January 10, 1928.

### GIRL ARRESTED ON WOUNDING CHARGE

NEW YORK, Jan. 10.—The red-haired sister of "Swede" Finnegan, a gangster who was murdered two years ago, is held without bail on charges that she shot and seriously wounded "Nun" Connors, the man who was tried and acquitted of her brother's murder. The arrest of the girl, Helen Finnegan, aged 23, was the latest development in the Finnegan-Connors feud, that had been dormant since the attack on Connors shortly after his acquittal.
