Vancouver Police Heads Reinstated by Commission

UPROAR FEATURE PUBLIC SESSION OF POLICE BODY

Rev. William Ogden Objects to Mayor Taylor "Adjudicating in Own Case"

TAYLOR DECLARES NEVER ADVOCATED OPEN TOWN

Commission Restores Chief Long and Sergt. McLaughlin; Won't Hurt Reorganization

VANCOUVER, B.C., Aug. 30.—A heated passage took place between Mayor Louis Taylor and Rev. William Ogden, Vancouver clergyman, during the meeting of the police commission today, which reinstated Chief of Police H. W. Long and Sergeant Detective George McLaughlin, two officers who had been relieved of duty during the recent inquiry into the Vancouver police force.

Commissioner J. A. Garbutt had moved that Chief Long and Sergeant McLaughlin be asked to resume office, and Mayor Taylor had seconded it.

Rev. Mr. Ogden, who was among the audience, broke in:

"Are you sure you know what you are doing, Mr. Taylor? Is it right that the man who is responsible for the whole trouble, who is the root of the corruption, should adjudicate in his own case?"

Rising from his seat, the mayor replied:

MAYOR CALLS HIM LIAR

"Anybody who says that I am the root of the trouble is a liar."

Although the mayor's remarks at times could not be heard above the general uproar, he remarked emphatically that he had never advocated an open town. He said that on October 17, election day, the people would have their say.

Mayor Taylor has already declared his intention to run for office again.

COMOTION THROUGHOUT

The police commission meeting today, with representatives from a number of civic organizations present, was marked by commotion throughout, with members of the audience breaking into the discussion of the three commissioners.

The commission met to consider the report of Commissioner R. S. Lennie, who had conducted the police investigation. The result of their deliberations was the reinstatement of Chief Long and Sergeant McLaughlin, although both Mayor Taylor and Alderman Garbutt said this action did not prejudice them in the proposed reorganization of the force and decision to send a copy of the report to the attorney-general.

Commissioner Lennie's report assigned as the chief reason for demoralization of the police force the fact that Mayor Taylor had been elected on an open-town policy at the last election.

BACK AT THEIR DESKS

VANCOUVER, Aug. 30.—Chief Constable H. W. Long returned to his desk at police headquarters this afternoon and Detective Sergeant George McLaughlin will be back at his post in the morning, following the decision of the city police commission today to order the two officers to return to duty.

Both the chief and Sergeant McLaughlin were relieved of duty at their own request in the course of the recent police investigation. The reinstatement is made pending a proposed reorganization of the force. It was intimated a meeting of the commission would be called shortly to consider this phase of the question.

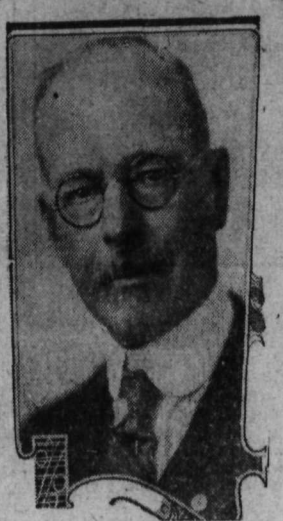

Million Dollars in Alcohol Goes Up Into Smoke

NEW ORLEANS, La., Aug. 30.—Alcohol valued at more than \$1,000,000 was destroyed by fire which swept through the plant of the American Solvents & Chemical corporation here today. Four firemen were overcome by the heat of the flames which spread from the warehouse to the main building and almost consumed the structure, which covered a city block. Explosions were frequent.

OKANAGAN TOBACCO MEN FOR POOL NOW

VERNON, B.C., Aug. 30.—Tobacco growers who have not yet shipped their 1927 crop have a decided desire to pool now the processing has been done. The grant from the government proportionate to the amount paid growers at \$200,000 is to be used to liquidate the indebtedness incurred in processing.

SECONDS MOTION TO REINSTATE

MAYOR LOUIS D. TAYLOR

Of Vancouver, was the center of commotion at yesterday's session of the Vancouver police commission, when one of the representatives present from civic organizations questioned his right to vote on anything pertaining to the inquiry. The mayor denied he had advocated having Vancouver "an open town."

MOTHER WAITS AT MONTREAL TO WELCOME PERCY

Civic Receptions Await Olympic Flash Montreal, Toronto and His "Home Town"

MONTREAL, Aug. 30.—Having come 3000 miles to welcome home her boy who won fame for himself and his country at the Olympic games, Mrs. Charlotte Williams of Vancouver is staying with friends at St. Anne De Bellevue, near Montreal, awaiting the arrival of Percy Williams, winner of the 100 and 200 meter sprints at Amsterdam. Williams is on the White Star liner Doric, due at Quebec on Saturday and at Montreal on Sunday morning.

Mrs. Williams, in an interview, said they would go to Toronto, where he will be given a civic reception, thence to Winnipeg and another reception. From there they will go to Vancouver, the "home town," where he will receive the greatest reception of all.

When Percy arrives, his mother said, they would go to Toronto, where he will be given a civic reception, thence to Winnipeg and another reception. From there they will go to Vancouver, the "home town," where he will receive the greatest reception of all.

Commissioner Lennie's report assigned as the chief reason for demoralization of the police force the fact that Mayor Taylor had been elected on an open-town policy at the last election.

JOINT SCHEME FOR SETTLING FAMILIES

Old Country, Canadian Pacific and Hudson Bay Plan for Equipped Farms

WINDSOR, Ont., Aug. 30.—An agreement for settlement of families in western Canada on farms equipped for occupation has been reported between the overseas settlement department, the C.P.R. and the Hudson Bay company. It was announced here today. The railway is to provide land for 200 farms of 160 acres each, and equip them, and payment will be accepted in instalments over a period of years.

The farms will not be ready until the spring of 1929. Steps are shortly to be taken for the selection of families desiring to make their homes in western Canada, when full particulars will be made public.

TOTAL TRADE GROWS

OTTAWA, Aug. 30.—Canada's total trade for the 12 months ending July 31 last recorded an increase of \$127,203,961 over the period ending July 31, 1927. For the past 12 months the total trade amounted to \$2,444,708,864, as against \$2,317,504,903 for the preceding year. Imports for the 12 months just ended amounted to \$1,154,809,886, while total exports reached \$1,289,898,978.

TO SELL APPLES NICKEL-IN-SLOT THROUGH CANADA

Edenapple Service, Under Associated Growers, Plans Cool Stations in Chief Cities

THESE WILL SUPPLY RETAILERS DAILY

For Small Buyer Apples Will Be Sold Half Dozen and Dozen to the Carton

VICTORIA, Aug. 30.—British Columbia apples are now going to be marketed in an up-to-date way from coast to coast in all the larger cities of Canada, it was announced by W. McL. Cooper, general manager of the Edenapple service, a subsidiary of the Associated Growers of the Okanagan, following meetings with Vancouver and Victoria wholesalers.

Under the new plan British Columbia apple service stations will be established in all the chief cities, and in these stations apples will be kept cool and in best condition. British Columbia apples will be distributed from the stations in a new style, half dozen and dozen cartons, for the smaller buyer. All selling will be done through retailers, who will be supplied daily.

Nickel in the slot apple vending machines are also to be introduced by the British Columbia apple men across Canada this fall, Mr. Cooper announced.

Breadner and Gordon Court of Inquiry on Passenger Plane Loss

VANCOUVER, Aug. 30.—Wing Commander L. S. Breadner, D.S.C., acting director of the Royal Canadian Air Force, and Wing Commander Lindsay Gordon, O.B.E., director of civil government aerial operations, who are at present in Vancouver, have received instructions from Ottawa to constitute themselves a court of inquiry into the loss of the passenger airplane of the British Columbia Airways, limited, between Victoria and Seattle.

Wing Commander Breadner stated that they would proceed with the court of investigation at once.

PRINCE COLONEL STRATHCONA HORSE

WINNIPEG, Aug. 30.—The appointment of His Royal Highness, the Prince of Wales, as colonel-in-chief of the Lord Strathcona Horse (Royal Canadian) of which His Majesty, King George V. has approved the acceptance, is reported here tonight. There are two squadrons forming the regiment, "A" squadron being stationed at Winnipeg and "B" squadron at Calgary. The two squadrons are at present training at Sarcee camp.

ROY FALLS OFF TRAIN; LEG IS AMPUTATED

PORTAGE LA PRAIRIE, Man., Aug. 30.—When he fell from a moving freight train today, Jack Nicks, 10-year-old, was seriously injured here today, but is expected to recover. At the hospital his right leg was amputated.

POLICE HEADS IN CONTROL AGAIN

CHIEF OF POLICE H. W. LONG Of Vancouver was reinstated by the Vancouver police commission yesterday, after consideration of the report of R. S. Lennie, K.C., former Nelson barrister, on the inquiry he recently conducted into charges made by Police Commissioner T. W. Fletcher.

McKenzie Sworn In Minister of Labor in Addition to Mines

VICTORIA, Aug. 30.—Hon. W. A. McKenzie, minister of mines, was sworn in as minister of labor today. He sits for the riding of Similkameen.

The new minister is by no means unfamiliar with the subject of labor. He has followed the trade of builder and carpenter, and as such was a member of his trades union. In later years he, as a contractor, has been an employer of labor, and has always recognized the right of employees to be identified with their trades unions.

'PARALYSIS' IN MANITOBA TAKES LIVES OF TEN

WINNIPEG, Aug. 30.—An active campaign to check the spread of infantile paralysis in Winnipeg and rural districts of Manitoba, which, during the past month has taken a toll of 10 lives, mostly children, will commence immediately under the direction of prominent local physicians, who will cooperate with city and provincial health authorities.

This was decided upon at a meeting of the Winnipeg Medical society last night, at which a committee was formed to conduct a campaign of education.

The first case of the dread disease was reported on July 21, and since then 77 cases have been recorded in Winnipeg, 60 of which occurred during the past 31 days. Thursday there were three additional cases reported with one death.

In rural districts, schools will be closed if the health officers consider it necessary, while the opening of the city schools after the summer vacations will likely be postponed, for some time at least.

CANADIAN FRUIT NOT PUSHED SAYS INDIA DELEGATE

Sir D'Arcy Lindsay at Ottawa Sitting Says Canadian Apples Not Seen in London

OTTAWA, Aug. 30.—"You seem almost ashamed of your own fruit," said Sir D'Arcy Lindsay of the Indian delegation, at this afternoon's sitting of the Empire Parliamentary association.

Sir D'Arcy was referring to the display of fruit in the Canadian shops he had seen.

"And the prices you have to pay," exclaimed Sir D'Arcy. "Talk of our profiteers. Why, you pay here in your own shops in Canada as much as you pay for the same fruit in London. And the hotel—"

But Sir D'Arcy had reached his 10-minute limit, and his speech was abruptly ended.

He remarked earlier that while the billboards of Great Britain were covered with advertisements to eat more fruit, Canadian apples were not purchasable in the streets of London.

PREMIER KING SITS AT LEAGUE TABLE

Attends Sitting of Minorities Commission Dealing With Greece

GENEVA, Aug. 30.—Premier Mackenzie King of Canada, who took Canada's seat on the council of the League of Nations when it convened today, this afternoon attended the sitting of the minorities commission, which is dealing with the protest of Belgian and Russian minorities in Greece against appropriation.

Lord Cushendun, acting foreign secretary told British newspaper men this afternoon that Sir Austen Chamberlain foreign secretary, held the viewpoint that attendance at the League of Nations session, whether important questions were on the agenda or not, was a good thing for the prestige of the country represented.

The league must fear exaggerated expectations and a tendency to be impatient, Lord Cushendun said. So far the League had shown two high qualities—patience and conciliation, both of which were the League's true mettle rather than coercion, which latter policy the League discredited by offering its good offices in order that troublesome questions might be adjusted.

Lethbridge Inspector With Wife and Sons Over Bank, Morrissey

FERNIE, B.C., Aug. 30.—While driving east about 18 miles west of here this morning, the automobile of Joseph Taylor, inspector of crammeries, Lethbridge, containing besides Mr. Taylor, his wife and three sons, went over the bank on the Morrissey Hill, when some loose gravel gave way. The car was being driven by the 16-year-old son of Mr. Taylor, and the lad was badly bruised when thrown out. He was brought to the hospital here. None of the other occupants of the car were injured.

ROBINSON PUTS FARM RELIEF IN THE FRONT RANK

Says Hoover More Responsible Than Anyone Else for Defeating Legislation

DENIES SMITH IS QUALIFICATIONIST

Vice-presidential Candidate Says Democrats Will Rescue From Betrayers

HOT SPRINGS, Ark., Aug. 30.—Farm relief, prohibition, merchant marine and political corruption were singled out tonight as leading campaign issues by Senator Joe T. Robinson of Arkansas, in accepting the Democratic vice-presidential nomination.

He cited farm relief as perhaps the "most important" of the four, and declared that Herbert Hoover, the Republican standard-bearer, was "perhaps more directly responsible for the failure of farm relief legislation" during the Harding-Coolidge administrations than any other single political leader.

Mr. Robinson reviewed the respective positions of the Democratic and Republican platforms on prohibition; declared the Houston convention had recognized that Democracy was neither a prohibition nor an anti-prohibition organization, and launched an attack against those who have referred to Governor Smith as a qualificationist.

"It is in no sense an attempt to nullification to suggest changes in the constitution or the law. Nullification consists in refusal or willful failure to enforce."

HONESTY FIRST

In respect to political corruption he held that "honesty in public affairs is of transcending importance." "Corruption is the red signal of decadence," he said in reviewing disclosures in recent years by senate investigation committees, adding:

"The Democratic party pledges itself to rescue the government from those who have betrayed their trust by disgracing it."

While the equalization fee provided for in the McNary-Haugen bill is not expressly approved, the Democratic platform does recognize the principle of distributing the cost of operations with respect to surplus crops, over the marketed units which producers are benefited thereby, he said.

SON OF STINNES UNDER ARREST IN STOCKS TANGLE

He and His Secretary Suspected of Malfeasance in Stock Transactions

BERLIN, Aug. 30.—Hugo Stinnes Jr., son of the late German post-war industrial baron, was placed under preventive arrest here today in connection with strongly suspected malfeasance in certain financial transactions.

Stinnes' private secretary, Von Waldow, has been under preventive arrest in connection with the transactions for several days. His own arrest followed today after investigations which indicated that Stinnes had knowledge of the operations involving transfers of large stock issues.

Stinnes at first denied all knowledge of the matter, but a recent search of his premises at Hamburg is said to have produced incriminating evidence.

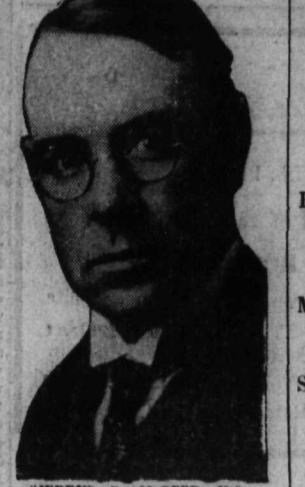

Raising Williams' Fund by Charging Admission to See Him Irritates

VANCOUVER, B.C., Aug. 30.—The sporting public locally is sharply divided over the proposal to hold a reception for Percy Williams in the arena and charge an admission in order to increase the fund for a memorial to him. While keen interest was shown in the great feat of Vancouver's own sprinter at the Olympic games, the comparatively long interval since has tended to make interest wane, and the fund altogether amounts to \$9,000.

Hamilton Man Buys Package of Diamonds Which Turn Out Beads

HAMILTON, Ont., Aug. 30.—Peter Stringer is poorer by \$1120 as the result of purchasing a package of alleged diamonds from two smooth confidence men. The police are seeking the perpetrators of the swindle. The diamonds purchased by Stringer proved to be glass beads, when examined by a jeweler.

WAITS FOR PAYMENT

"JERRY" G. McGEER, K.C.

Counsel for Police Commissioner T. W. Fletcher, whose charges against Vancouver's police resulted in the Lennie inquiry, has an unpaid bill of \$13,000 for counsel fees. Various aldermen have declared they will resist any move to have the bill paid by the city.

HARVESTERS FROM PAISLEY START TO WALK HOME

Leave Moose Jaw for Montreal on Foot Singing; Allege They Found No Employment

MOOSE JAW, Sask., Aug. 30.—Singing "It's a Long Way to Tipperary," and "Show Me the Way to Go Home," 25 recently arrived men from Great Britain set out at a late hour last night for Montreal, stating that they would walk as far as possible, and let the Dominion government take them the rest of the way. They were mostly, if not all, from Paisley, Scotland.

So far as can be ascertained, four of the party had been drafted to Swift Current. They allege that when they reached this point there was no work for them, and consequently they hiked back to Moose Jaw, gathered around them a kindred band of spirits, and started off on the trail to Montreal.

THIRTY PERSONS HURT ON CUBAN ELECTRIC WHEN TRAINS MEET

HAVANA, Cuba, Aug. 30.—Thirty persons were injured, several of them probably fatally, when two electric trains of the Havana Central railway collided on a curve four miles west of the city today. The motorman of the outbound train was arrested and charged with criminal negligence in taking the curve at an excessive speed.

EXPORTED LIQUOR IN ONTARIO MUST BE KEPT GOING

Warehousing at End Under Decision of Magistrate; Many Firms Plead Guilty.

WINDSOR, Ont., Aug. 30.—Commenting on the judgment of Magistrate D. M. Brodie that it is illegal for liquor to be held in a warehouse, and that it must be exported by continuous transit through the province, lawyers in Windsor expressed the opinion that the doom of warehousing of liquor for exporting purposes has been sounded.

vention of the Ontario Liquor Control act. **WON'T APPEAL** The Inter-Transit corporation and the Erie Transit, which has also been convicted and fined, have decided not to take the cases to a higher court, and this decision is regarded in legal circles as strengthening the belief of lawyers that the case against 48 border companies will be brought to an end by a rush to plead guilty.

MACS WILL ROLL MID-SEPTEMBER

Export Sizes 150 to 200 Being Sold at \$1.50; Okanagan Is Now Shipping Prunes

VERNON, B.C., Aug. 30.—It is anticipated by some shippers that the McIntoshes will begin to roll about September 12 and although the ideas on prices vary, the price at which export sales are being made from a basis of \$1.50. It is expected that opening prices on Macs will be around \$1 for household; between \$1.30 and \$1.40 for C grade and fancy from \$1.55 to \$1.75.

First shipments of prunes moved out Wednesday when it is estimated that about 5000 boxes left the valley. These moved out at 55 cents. The quotations from the United States on straight cars are 35c and 40c. Canadian growers are protected by a 10c duty, and also it is believed the American package is an illegal one in Canada, being smaller than the Canadian. It is expected that the movement on prunes will amount to between 175 and 200 cars.

FELL FROM TRAIN

REV. A. T. WILKINSON Veteran United church missionary in China, who was killed by a fall from a train near Rivers, Man. He was born in Brantford, Ont., and was a son of the late William Wilkinson, inspector of schools for that city. He was educated at Victoria college. At the funeral Rev. James Endicott and Dr. G. C. Pidgeon, present and past moderators, took part in the service. The pallbearers included four sons of the deceased, who was 57.

GENERAL ROSSI LATE MUSSOLINI AIDE, ARRESTED

Former Cabinet Minister in Exile Trapped into Entering His Native Land

PARIS, Aug. 30.—General Cesare Rossi, a former minister in the Mussolini cabinet, and one-time leading Fascist who went into exile after the Matteotti affair several years ago, is reported to have been arrested at Campione, Italy, after being induced to cross the frontier by a woman Fascist agent.

Rossi was one of the founders of Fascism, and was a member of the little group which arranged the march on Rome in 1922. At one time he was a bosom friend of Premier Mussolini but of late was one of the premier's bitterest enemies.

Rossi was one of a group accused of complicity in the murder of the Socialist deputy Matteotti four years ago. In October 1925, he was acquitted and freed, but fled from Rome several months later.

YOUNG SETTLERS MAY LEASE FARMS AS ALTERNATIVE

Lovat Scheme Includes Special Plan for Northern Ontario; Province Will Supervise

TORONTO, Aug. 30.—The Mail & Empire will publish the following tomorrow: "British youths between 21 and 25 years of age, who have lived five years in Ontario, acquired a knowledge of farming and saved \$500, will be able to go on farms of their own with a financial backing of \$3000, under the agreement reached by the provincial government with Lord Lovat and Dominion officials. The administration of the loan fund will be supervised by the Ontario government.

"Another adjustment of the plan was made here in connection with leasing of farms as an alternative to purchase. Where this can be approved, it will permit of a more valuable property being acquired, or leave more funds for purchase of stock and equipment, without starting the young man off under the shadow of a big mortgage and its interest burden.

"In addition to the schemes mentioned there is the special agreement concerning settlers for northern Ontario."

HUNT WHALES OFF VANCOUVER ISLAND

VICTORIA, Aug. 30.—Hunting whales on shore is the new sport being indulged in these summer days off the west coast of Vancouver Island.

While taking out timbers near Jordan river, a logging crew discovered the rib bone of a huge whale and following the report of this find a host of amateur geologists left here for the spot and they are now carrying on excavation over an extensive area in the vicinity of Kirby creek, according to Robert Connell, who has returned here with the report that several more big bones have been unearthed.

Mr. Connell, who has carried on geological research work in many places on Vancouver Island, states the Kirby creek field is one of the richest in fossils that have so far been discovered. The soil is of glacial origin, but has been deposited in the sea for the most part, and it is from these marine sediments that the rib bones of the whales originally came.

Slaughter of blackbirds took place in Hamilton recently.

B. C. Compensation Board Head Is at Trail on Business

TRAIL, B.C., Aug. 30.—E. S. H. Winn, chairman of the workmen's compensation board of British Columbia, in company with Dr. John Ray, medical officer, and R. B. Fulton, assistant secretary, is paying an official visit in Trail, where he arrived from Nelson this afternoon by motor. He was met at Nelson by Noble Binns.

Mr. Winn has been conducting hearings of disputed cases and medical examinations since Tuesday, when he arrived in Fernie on a return trip from Milwaukee. He will motor to Rosland tomorrow morning on an official visit, and will return here in the afternoon, where he will complete his investigation prior to leaving for Vancouver. The chairman's itinerary included Fernie, Cranbrook, Kimberley and Nelson.

More than 100 American boys are spending their summer at Camp Ava-Kong at Barrier lake.

CUMMINS ELECTED HEAD TRAIL RUGBY CLUB FOR SEASON

Jandrell, Manager; to Organize Junior and Senior; Practice September 8

TRAIL, B.C., Aug. 30.—Activities in rugby circles were thoroughly discussed and officers for the coming season were elected at a meeting of the Trail Rugby club in the Memorial hall this evening. C. C. Cummins, an active enthusiast, will fill the presidential chair, and J. S. Schofield, M.P.P., was nominated honorary president. Other officers were: E. W. Campbell, vice-president, and E. Jandrell, manager and secretary.

It was decided to make the club an affiliated branch of the Trail Amateur Athletic association, and a committee consisting of E. Jandrell, P. Demitoff and L. Piper will draft club bylaws to be presented to the association. These will probably be checked with and correspond to those of the Nelson club.

The first game ever played in Trail was played this year with Nelson. Two games were played in Nelson last fall. The success which these attained is hoped to be doubled this year, as every effort is being made to line up senior and junior teams.

The first ball of the season will be kicked September 8, when it is expected that about 30 or 40 followers will turn out. From then on practice will be held as often as possible on some week day evening, when new and old will be coached alike. A seasonal fee of \$1 will be charged senior players, while juniors will be gladly accepted in the club free. The junior age limit will probably include boys from 16 to 20, although those younger will be given a chance if they have the weight.

T. P. Williams has consented to act as trainer for all those who feel the need.

FIRE DEPARTMENT CALLED TO SMALL BLAZE, TRAIL

TRAIL, B.C., Aug. 30.—Trail's fire brigade had a hurried run about 6:30 this evening, when a fire was reported under a small building at the rear of the Swartz block.

About five minutes' work on the part of the brigade and the fire, which was found to be burning in a pile of cord wood under the building, was extinguished. Slight damage resulted.

WINN TELLS TRAIL PYTHIANS ANNUAL MEETING SUCCESS

Supreme B. C. Representative Tells of Convention at Milwaukee

TRAIL, B.C., Aug. 30.—E. S. H. Winn, supreme representative of the Knights of Pythias in British Columbia, gave an interesting account of the thirty-fifth annual convention of that order, held at Milwaukee from August 13 to 20. He spoke at a meeting held in the K. P. hall here tonight. Besides some 40 or 50 local members, three charter members, and Noble Binns, F. P. Peters and George Chapel of Phoenix, Ariz., attended.

It was believed to have been one of the most enthusiastic and successful sessions ever held," asserted Mr. Winn. "All dead timber has apparently been removed and indications are for an increase in membership."

Appropriations were made for considerable expansion work, he continued, regarding health conditions, tuberculosis preventive education and eradication.

The various auxiliaries, the Pythian Sisters, Knights of Korassan, the Junior order of Princess Syracuse and the Uniform Rank were all in a flourishing condition, stated Mr. Winn.

The speaker explained that the order in British Columbia has shown a gain during the last four or five years and even a more substantial growth during the past year.

"Practically all subordinate lodges in British Columbia have some community objective," continued Mr. Winn. "For example the Vancouver lodge promoted the British Columbia Musical Festival in May, at which over 6000 competitors' qualifications were passed on by three of the old world adjudicators who were brought to Vancouver for that purpose."

Mr. Winn congratulated the local membership on the erection and completion of Castle Hall, which is one of the best in British Columbia. He concluded by stating that on his return to Trail he had been given a real welcome home.

TRAIL TUXIS WILL RESUME ACTIVITY

Frank Howitt Is Praeter; Plan Lectures, First Aid, Gymnasium Work

TRAIL, B.C., Aug. 30.—Activities of the Tuxis boys were resumed again at a meeting in the Knox United church this evening, after a lapse of nearly two months. Officers were elected and a program for the winter was outlined.

The officers named were: Frank Howitt, praeter; Donald Duggan, assistant praeter; Albert Shields, scribe; Fred Morris, secretary; and R. E. Hawkes, mentor.

Dr. J. H. Palmer consented to talk to the club in September. First aid work lectures will be given by Bert Davis.

FUNERAL IS HELD LATE CRESTONITE AT GOLDEN CITY

Mrs. H. L. Robinson, Who Died Leaving Five-Day-Old Twins, Laid to Rest

ROSSLAND, B.C., Aug. 30.—Funeral services for Mrs. Henry L. Robinson of Creston, were held yesterday afternoon at the home of her parents, Mr. and Mrs. Robert W. Grigor, Thompson Heights. Long before the hour set for living rooms and veranda were filled with friends who sorrowed for one who had grown up in their midst. The room where the casket lay was literally filled with flowers, many beautiful floral designs being noted.

When Mrs. Robinson died in the Sisters' hospital here last week she left five-day-old twins.

Rev. C. H. Daly of St. Andrew's United church conducted the service at the house and read the prayers at the graveside. The central thought of his discourse was that Christ died that eternal life might be within the grasp of mortals, and that those who had gone before, were not lost, but just waiting.

Interment was in Sunnyside cemetery, the pallbearers being Donald H. McKenzie, G. M. Wadda, W. A. Elletson Jr., H. Stephen Atkinson, Gordon T. German and C. Harold Clegg.

British Columbia House Should Receive Adequate Finances

John Hopkins, an old country millionaire now touring Canada, says that plenty of British capital is available for the development of Canada's resources.

But it will only come here if British capitalists are thoroughly informed of the opportunities for profitable investment and if they are assured that the British Columbians with whom they are asked to associate themselves and in to whose charge they are to give their money are worthy of the trust.

This is where the agent-general's office in London should function. It cannot, of course, give guarantees that any particular enterprise will succeed, but it can warn the British investor against dangerous enterprises. It can also flood Great Britain with information concerning the opportunities in this province, both for capitalists and for those who might wish to make their homes here.

British Columbia House cannot, however, perform to the full its function as "selling agent" for British Columbia as long as it is starved for funds.

The agent-general's office should be given an adequate grant to enable it to do in Great Britain the really effective work that should be done.

It would be a very profitable investment for British Columbia.

Stimuli to Achievement Are Character Builders

To swim the English channel, or from the California coast to Catalina island, or 10 miles at the Toronto exhibition marathon might at first sight seem rather a futile form of contest.

The English channel was mastered first by Capt. Webb and then for years baffled all aspirants. So many later accomplished the feat that channel attempts now cause little public excitement. But nothing which demands unusual stamina, months of self-denial and training and then hours of grueling endeavor can be anything but good both for participants and the public, many of whom in greater or lesser degree are inspired to emulate them.

The channel is mastered—and immediately there is greater interest in swimming in Kootenay lake. "Trudy" gets her picture in the papers and little Trudys are busy all over the world under the inspiration of the first woman to succeed where so many men had failed. Years ago Longboat won fame as a marathon runner. Thousands took up long distance running as a consequence.

Efficient Housekeeping

HAM FOR HOT DAYS

TOMORROW'S MENU

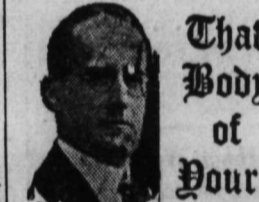

- Breakfast: Grapefruit, Cereal, Toast, Boiled Eggs, Coffee. Luncheon: Bacon Salad, Wholewheat Bread, Baked Peas, Cup Cakes, Iced Tea. Dinner: Fried Slice of Ham, Macaroni and Tomato Dish, Egg Salad, Iced Coffee.

Ham seems an easy meat for the housekeeper to prepare for hot days, and it is also a delicious meat. For an easy dinner, such as the one suggested in the menu above, all the housekeeper need do is fry a slice of ham and boil a little macaroni and then add to the macaroni any desired amount of freshly stewed tomatoes, seasoning to taste. This two-dish dinner, with rolls or bread, accompanied by a salad of hard boiled eggs, lettuce and mayonnaise dressing, will satisfy any family. The melon makes a simple but delicious dessert and coffee, iced, finishes the meal satisfactorily. If she has fried a sufficient amount of ham, she will have enough leftovers to put through her grinder the following day to serve for Sunday night supper.

Or if the housekeeper will but heat her kitchen once by turning on the oven to bake a ham, she will have enough of this meat left over for several dinners on the days following. Of course I do not mean successive days—for any family tires of the same meat day after day. Cold sliced ham garnished with lemon is tempting for a cold supper. Some people like ham cooked in gingerale, or in grapejuice or in orange juice. Personally I like it best baked in a slice with raw apples covering the top and plenty of brown sugar heaped on, with enough water in the pan to keep from sticking.

Another good way to serve leftovers from a baked ham, is to put a fairly thick slice of it in a pan or in a flat baking dish, cover with rings of pineapple, sprinkle on some brown sugar, dot with bits of butter, then cook under the broiler till browned. Serve hot.

We are all familiar with minced cooked ham served with noodles, macaroni and potatoes, in casseroles, but some of us perhaps have not tried it with summer vegetables, particularly with string beans and lima beans. I stuff eggplant or summer squash with cooked minced ham, also, adding buttered crumbs to cover the stuffing, and then bake half an hour in a moderate oven. Tomatoes filled with minced ham and chopped celery may be served cold or may be baked in a little sweet milk. Ham added to thick white sauce and then turned over string beans makes another attractive supper dish. Tomorrow—The Cure of Mattresses.

A Long Life and a Full Life

Our insurance people tell us that less than five per cent of folks who reach the age of 65 are in a position to support themselves financially. It is naturally gratifying to see how civilized nations are attacking the problem of looking after elderly people. However the real truth of the matter is that we have more old people in proportion to the whole population than at any previous time. In India, we are told, the expectation of life at the present time is not more than 25 years. "Life is hard, and the great majority are cut off in infancy, in childhood, or in early adult life." Few reach old age.

But under conditions of western civilization, life is much more favorable and large numbers survive to old age. Even in 1840 the expectation of life in England and America was 40, and today it is 58. Half of the population born today may reach the age of 65; and one-quarter to reach the age of 77.

You can see then that the problem of caring for the aged calls for real statesmanship on the part of those in authority.

Now my thought in speaking about these elderly people is that the reason so many of them live to such an advanced age is because of the great advance that has been made in medicine. Some folks sit back and say that it is because the world is getting wiser; it is learning more about sanitation, about the benefits of personal hygiene, about the right quality and quantity of food we should eat, about the benefits of exercise, the need for rest and sleep, the benefits of air and sunshine.

Now this is all true but all these advances were made in and about medical colleges, departments of chemistry and physics, and the physiological laboratories of our universities. It is in these institutions, and by the bedside of patients, that all these things have been learned.

However there is this important point to remember. If so many of us are likely to live to old age, why have it a full life besides a long life. And a full life means that you must be well. And to keep well you must just

Finger Print Science of Great Use Apart From the Crime Angle, States Moon

To The Editor of The Daily News—Sir—In your issue of August 28, under the heading "Policeman's Point of View" you state at the annual convention in Toronto, the Chief Constables' association went on record in favor of fingerprinting every immigrant entering Canada. It also states the Victoria Times points out that police records would not be as valuable if it were not for the finger print collections.

I would like to say, although finger prints are very valuable to police departments, it is not their only use. They are not for criminals only. The general public only hear of finger prints when the police apprehend some person, and then come to the conclusion that finger prints are for criminals only.

If the public would understand that finger prints are the only positive personal identification, and have saved many from being buried unknown, if every person was printed it would be possible to identify them in case of death through accident, drowning, etc., as in the case of the submarine S-51, which was sunk by the City of Rome with a great loss of life. After nine months under water the submarine was raised, and all the dead were identified by their finger prints.

In the June issue of the Peace Officer, C. G. Bennett, treasurer of the Federal Finger Print association, Washington, D.C., states in part as follows: "The necessity of personal identification is constantly being demonstrated to us. The public in general is totally unaware of the value of this science in our social and industrial life. The uses to which this method of fixing and safeguarding an identity may be put are almost beyond belief. In almost every walk of life literally from the cradle to the grave use may be found for this important means of positive identification. As yet there has been discovered no identifying medium as certain and sure as the finger print, in cases of accident, such as fires, exchange of infants in maternity and other hospitals, illegitimacy, kidnapping, lost children, legacy claims, and all other matters pertaining to identification.

Trust me I have not taken up too much space, but I felt that the article

Second Concrete Bridge Sidewalk Laid in Fairview

Completion of the third block of cement sidewalk on Nelson avenue saw another bridge sidewalk constructed. This, the second section to be built recently in Nelson, was 90 feet in length.

City Engineer Boyd C. Affleck stated yesterday this was the second piece of bridge work to be done in the city this season, the first being between Falls and Railway streets on the south side of Baker. The concrete bridge sidewalk eliminates the old wooden sidewalks, which are as wide as the sidewalk and the length of the slab apart. It has been found this type of sidewalk, on uneven ground is cheaper than filling, particularly if the depression is deep.

WEATHER IS GOOD FOR FRUIT CROPS KOOTENAY AREAS

Estimated Crop Kootenay and Arrow Lakes 130,000 Boxes; Cherries Over

VERNON, B.C., Aug. 30.—In Kootenay and Arrow Lakes districts, the weather continues quite warm, clear and bright, but is good weather for all tree fruit crops as most of the orchards can be irrigated and are not suffering from lack of moisture.

The cherry crop is over and a very large tonnage has moved out from the Kootenay. All apples are sizing better than usual and are putting on good color. Early apples are moving to the nearby markets. Wealthy, Gravenstein and Kootenay Gem should start to move around the first week in September from a number of the sections in the Kootenay.

A large supply of nearly all kinds of vegetables is being offered to all local markets. Sweet corn, tomatoes, cu-

cumbers, and potatoes are the main tonnage at the present time.

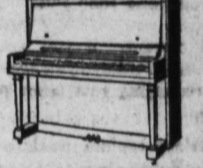

Kootenay and Arrow lake apple crop is estimated at this time at 130,000 boxes. This is the final estimate for this season, and the tonnage shipped should be near this amount. The fruit crop estimates for the Creston district will be maintained as will also those for the Grand Forks district.

CHAPTER LXVI
A DANGER'S TRAGEDY

Roslyn slept rather badly that night, and came down white-faced to breakfast on the following morning.

There was no word of Landis, and the noon hours were spent in odd jobs about the house. The guests departed, one by one.

Roslyn and her mother-in-law were alone at tea-time, when an early edition of the evening paper arrived. Mrs. Ridgeway Senior opened it and scanned its pages.

"Anything thrilling?" queried Roslyn apathetically, yet trying to play a cheerful part. "But I needn't ask. The papers seem to be all murders, divorces, and suicides, these days."

"Curious how you mentioned the last," commented Mrs. Ridgeway, settling her niece on her aristocratic nose and gazing on a picture on the news page, "for another poor dancing girl has committed suicide, it seems. . . . H'm . . . quite a lovely creature, though a common face."

With a suddenly sinking of the heart, Roslyn rose and looked over her mother-in-law's shoulder at the pictured countenance which was strangely familiar and which bore—beneath—the name:

"Murieta Fernandez."

"What?" Roslyn drew an agonizing breath.

Without noting her daughter-in-law's agitation, Mrs. Ridgeway said:

"It seems last night there was a wild party at her apartment in the

theatrical quarter of New York . . . and afterwards, when they'd all gone, she drank poison. The maid, who came in daily, found her at eight o'clock this morning . . . dead! Chastly story, isn't it?"

Mrs. Ridgeway went on reading and commenting.

"The papers hint at an unfortunate love-affair. Certain people will be called as witnesses at the inquest. One society man in particular, of whom the poor girl was evidently fond. The papers hint that he was moneyed, and that he'd treated her rather callously."

"It is Landis," said the heart of Roslyn, his wife, and sat there dumb with misery.

Dully, mechanically, Roslyn Ridgeway walked from her mother-in-law's presence, feeling that the air was stifling her . . .

"Yes, child, there's no real purpose served by beating about the bush. Marietta Fernandez was wild about your husband. This is the result."

And Rupert Briscoe—the friend in need-looked with compassion at the young and sweet-faced bride who listened to his news with utter misery on her face.

"You say that you were there; with him . . . at the apartment? And it happened after you left?" Roslyn got the question out somehow.

He inclined his head.

"Unfortunately, of course I'd known for some time that she was strongly attracted to Landis, but I never dreamt that the affair had gone as far as it had."

"You say there will be an inquest? And Landis' name will be dragged into it all?"

Briscoe again inclined his head.

"Landis will have to appear in person, I'm afraid. I hope there won't be much publicity. If a jury sits in the coroner's court—although that's scarcely likely—(but on the other hand, one never knows . . .) and Landis is prominent in the social world . . . The coroner can make it mighty unpleasant for so-called 'society lights' who flit around, as Landis has done . . ."

And the false friend broke off meaningly.

Roslyn forced herself to say:

"And you? You will appear, also?"

Briscoe made the righteous answer: "Naturally I'll go with Landis, and see what I can do to assist him. It's an unpleasant business."

Silence between the pair. They were in the grounds of Royal Cliff, and Roslyn thought drearily how empty and how meaningless her own marriage had been.

Yet she had loved Landis Ridgeway with the whole force of her deeply affectionate nature. She had idealized him.

One of the main tragedies of the present situation was that, no matter how the idol had fallen from the pedestal, he was still the one man in the universe for her . . .

"If you take my advice," said the suave voice of Rupert Briscoe at her elbow, "you will not be too lenient. And as it isn't in your sweet and unspoil nature to be hard and unforgiving I suggest that you leave Royal Cliff for a little while, and allow Landis to come to his senses."

At any other time, and in any other situation, Landis' wife would have rebuked the utterer of such a sentence. But—miserable and unstrung—she did see the hidden intent in what he said.

To condone recent happenings would only lower herself, not merely in her own eyes, but in those of her unstable husband.

The presence of Landis' mother, who was still ignorant of her son's part in the recent tragedy, further complicated matters.

Yes, she . . . Roslyn, the unwanted wife—would go away for a time, and seek peace somewhere, where neither Landis nor his mother, nor any acquaintances out of the new strange life—(for she had no friends in this queer social whirl, she told herself)—could find her.

But where to go?

Strange anomaly that one place called to her!

It was the lonely inn upon the marshes!

Tomorrow—The Coward Quails.

FIRST NELSON CUB PACK AND SCOUTS TO START SEASON

Cub Work Gets Under Way Next Week; Scouts to Practice Basketball

GYMNASIUM WORK TO BE PUSHED FORWARD

Troop Committee Is Formed; Some Cubs to Move Into Scout Troop

Plans are well ahead for the winter activities of the first Nelson troop of boy scouts and the cub pack in connection with it. Next week will see the start of the winter's work. At the cub's meeting new members will be enrolled and the various patrols formed. It is expected that there will be a membership of 50 cubs under the leadership of the cubmaster and assistant cubmasters, Bill Price, Len Walton and Garnet Kerr.

When the cub meeting is over the scouts will have a try-out in order to get their basketball teams lined up. They will practice again later in the week. The gym classes will meet during the week and it is intended to go energetically into this branch of the troop program. There is a shower bath in the building which is put to good use by cubs and scouts.

New scouts will be enrolled and the various patrols formed. It is intended that the patrol leaders will handle their own patrols, endeavoring to have every boy in the troop a second-class scout by the middle of November. From November on will be devoted to first class work and special subjects.

It is fully expected that the troop will start off with nine patrols. Scoutmaster J. Foggo stated last night. In making up the various patrols the gang idea will be followed as closely as circumstances will permit.

A new feature of the troop this year is the troop committee, formed of representatives of various organizations. The committee is about complete with only the Associated Canadian Travelers yet to appoint a member. The committee will have charge of the hall and equipment, will take steps to assure the continuity of the troop and pack, will endeavor to promote a spirit of comradeship with other boys' organizations, and will have the responsibility of raising the necessary funds to carry on. It will also handle all public entertainments or functions.

Those appointed to the committee are: City council, Arthur A. Perrier; Gyros, Boyd C. Affleck; Rotarians, Arthur Perrier; The Daily News, Nelson Ball; representative of scout fathers, Percy Bates; representative of cub fathers, J. B. Gray; Fred Blakeman will represent the scoutmaster.

TOURISTS AT THE LOCAL CAMP SHOW MUCH ENTHUSIASM

Twenty-four Cities Represented in Week; Slight Decline in Visitors

Troop Committee Is Formed; Some Cubs to Move Into Scout Troop

Twenty-four cities in United States and Canada were represented by tourists stopping at the Nelson tourist camp during the past week. The number of parties taking advantage of the hospitality afforded showed a decline over the past weeks but this was considered due to the season being nearly over.

Many of the visitors left notes in the register expressing their appreciation of the camp. One lady visitor went so far as to concoct a verse of poetry to voice the impression left on her by the city.

Notes left by the visitors follow:

"I think your camp is lovely with electric stoves and the lake so near at hand. I like to camp in a clean one. It is very handy to have cold and hot water. Jean Parnell, Calgary."

"We are grateful to you for your consideration in camp and hope that in the near future the highway between Canada and United States will be in better shape. Mr. and Mrs. McDonald and family, Spokane."

"Spent the day in your park and found it very pleasant and scenery most enjoyable. Mr. and Mrs. A. Peters and son, Trail."

"Spent the day in camp and enjoyed it thoroughly. Thank you, Mr. and Mrs. W. MacLeod and Sheila, Trail."

INSPIRES POETRY

"Your city is pretty, your beer is nice, We weren't successful in finding ice; Your camp sure is hard to beat, Only we were not able to eat. Come to our city, we will treat you fine, Lots of home-brew, but little wine. JESSIE GUNDERSON, Spokane."

"Spent four days in your beautiful camp; certainly enjoyed every minute of it. The flowers at Lakeside park are very beautiful and the caretaker, Mr. Bishop, was very pleasant. Hope to visit this park again in the near future. Mr. and Mrs. Pugh, Wallace, Ida."

"One big joke on us. Came to Nelson to visit you and no one here to greet us, so tra la. Mrs. M. D. Therioux, Mr. and Mrs. H. E. Therioux, Avery, Ida."

"We have enjoyed four days in your camp and sure appreciated the view of the lake and mountains from this point, and now that we have a good government in power hope for better roads. Mr. and Mrs. A. A. McBean, Natal, B.C."

VERY PLEASANT

"Very pleasant here. Thank you, Mr. and Mrs. R. C. Galbraith, Long View, Wash."

"Clean camp, clean kitchen. Mr. and Mrs. W. J. Gillus and family, Marjorie, Viola, Charlie and Kenneth Gillus, and Miss Slinger, all of Saskatoon."

"Spent day in camp and enjoyed it thoroughly. Mrs. J. Peters, East Calgary."

CONSTRUCTION OF DUNCAN ROAD IS TO START MONDAY

Ramsay Receives Telegraphed Instruction Build Road on East Side River

NUCLEUS OF CREW IS TO GO TO KASLO TODAY

Other Men Will Follow; Federal and Provincial Government Grants

Work of locating and constructing a road on the east side of the Upper Duncan, from the upper end of Hower lake north, is to start on Monday. District Engineer, William Ramsay received telegraphed instructions from Victoria, yesterday, to locate and construct the road on the east side of the river.

Mr. Ramsay could not say last night whether the money to be used is \$3750 granted by the mines department as half of the provincial government's grant of \$7500 toward construction of the road.

A nucleus of a crew has already been formed. It will go to Kaslo this afternoon, continuing to the scene of the work tomorrow. Additional men, will be put to work as organization of the crew goes forward.

WORK LONG URGED

Some time ago the British Columbia Prospectors' Protective association was assured by Ottawa, that the federal government would grant \$7500 toward construction of the road, provided the provincial government gave a similar amount. The British Columbia house voted the necessary sum at its last session.

Various organizations have advocated construction of the road in lieu of spending money every year in an effort to keep the river open for navigation. The appeal for federal assistance was made on this ground.

Another contention of the various organizations urging the work has been that it will provide a means of opening up the Upper Duncan country, which is at present but lightly developed.

Passenger Train Hits Work Train; Man Dies

MONTREAL, Aug. 30.—Lucien Renaud, Montreal, member of a work crew, was killed, and three other workmen received minor injuries, when a Canadian Pacific railway passenger train came in contact with a work train picking up rails at Blue Bonnets race track this afternoon. The passengers were uninjured. Railway officials are investigating the cause of the accident.

RIVERSIDE WILL OPEN AGAIN NOW ROAD ORDERED

Omo Mines Corporation Reaches New Decision When Situation Changed

On learning last night from William Ramsay, district public works engineer,

that he had received a wire from Victoria instructing him to proceed with a road from Hower lake along the east side of the Upper Duncan, J. T. Omo, head of Omo Mines corporation, went into executive session with his mining staff, and later announced that the Riverside property on McGuire creek would be reopened at once, and with a larger crew.

The property was closed down a few days ago, after it became known that the Dominion and provincial district engineers had located the trail on a wagon road grade, which the two governments are to build jointly at a total cost of \$15,000, on the west side of the Upper Duncan.

McGuire creek is a tributary on the east side, and Omo Mines corporation has been constructing a road from the mine to near the head of Hower lake. The road Mr. Ramsay has been instructed to build will serve the Riverside mine road.

J. H. Thompson, formerly of Sloan and recently in charge of the company operation in southern Idaho, will handle the work at the Riverside.

JACK THOMPSON, DARK SENSATION, STOPS DUNDEE

Young Negro, Said to Be Best Since Joe Gans, Ends Champion in Second Round

REFEREE STOPS FIGHT; WAVES HIM A VICTOR

Dundee's Title Not Involved as Negro Was One Pound Over Welter Class

CHICAGO, Aug. 30.—A sensational negro warrior from San Francisco, young Jack Thompson, technically knocked out Joe Dundee, welterweight champion of the world, in the second round of a scheduled 10-round battle in the White Sox ball park tonight.

Dundee, knocked down twice, was reeling and helpless, his back to the ropes, when Referee Eddie Purdy humanely stepped in and stopped the uneven battle.

Thompson was credited with a technical knockout. He did not win the world's welterweight title, however, as Dundee, possibly fearing defeat, forced the San Francisco negro to weigh a pound above the welterweight title.

WADES INTO CHAMPION

After a fairly even first round, Thompson, called the greatest negro fighter since Joe Gans, went to work on the world's champion in the second round like a butcher carving a side of beef.

Thompson popped the titleholder with short straight rights to the chin that knocked him silly. Dundee backed into the ropes, and was an open target for vicious rights to the jaw and left to the body. He sought to escape, but fell a victim to another series of crushing rights that knocked him flat.

He struggled to his feet at the count of nine, but was plainly in distress and virtually out.

CHAMPION GAME BUT HELPLESS

Standing there with his back to the ropes, his brain in a whirl, and his arms at his sides, Dundee was an easy victim for an onslaught of rights that knocked him down for the second time. He gazed out on his feet, at the count of nine, but was groggy and defenceless and utterly unable to protect himself.

Thompson, hitting with such deliberation that he reminded old-timers of Gans, stood there waiting to crash over a finishing blow, when Referee Purdy waved the victorious negro to his corner. The battle was ended in one minute and 53 seconds after the second round started.

GOLFERS CONCLUDE QUALIFYING ROUND

Local Entrants Conclude Today; Visitors to Qualify Tomorrow

Qualifying rounds for the Leith cup open golf tournament at the Nelson Golf and Country club course will be concluded tomorrow morning and the first and second rounds of the tourney are due to get under way in the afternoon. Local entrants will be qualified this afternoon, only the out-of-town entrants qualifying tomorrow.

Qualifying rounds have been played since Wednesday and many local golfers have turned in excellent scores. The balance of the tournament will be played over the week-end concluding with the finals and the award of the cup on Monday.

ENGLISH CRICKET

LONDON, Aug. 30.—Closing scores in English cricket matches today were: Kent 539 for nine wickets; Middlesex 112 for two wickets. Surrey vs. Leicestershire: Surrey 285 for four wickets, Hobbs 101. Yorkshire 433; Oldroyd, 162 not out; Glamorgan 44 for four wickets. Worcestershire vs. Nottinghamshire: Notts 336. Hampshire 287; Sussex 130. West Indies 311; Harlequins 487 for six wickets, Knott 164, not out, Bettington 127.

LONDON, Aug. 30.—English first division league soccer has swung into its stride with a rush, and has begun to develop intense interest. Principal among the matches next Saturday will be the clash between Everton, league champions, and Portsmouth at Everton. Last week Portsmouth downed Huddersfield Town, runner-up for both the English cup and league championship last season. Portsmouth had a splendid career in the minor leagues, being promoted to senior company last year. They languished near the bottom of the averages for a long time, and then, due to a lavish expenditure of money on players, managed to escape relegation.

Everton won their first match against Bolton Wanderers last Saturday through the brilliance of their great center forward, Dean. However, the champions could not do better than draw with Sheffield Wednesday.

ALL-MANCHESTER
Another fine fixture will be the domestic affair between Manchester United and Manchester City, the latter team having come up from the minors this year.

Leeds United, the other second division club to earn promotion, will get a real testing this week, as they have to travel to Leicester City, the third team in the averages for 1927-1928. Leeds United made a fine start last Saturday when they humbled Aston Villa by 4 goals to 1. They also swamped Bury in a midweek fixture.

The Scottish first division layout is not as attractive as usual because such teams as Celtic, Rangers and Queen's Park have no league engagements this week.

Darkness Stops Last American-French Set; Australians Finalists

BROOKLINE, Mass., Aug. 30.—Darkness fell on the Longwood Cricket club here tonight just a few minutes before a heavy shower ended the furious struggle which George M. Lott Jr., and John Hennessey had waged with Henri Cochet and Jacques Brugnon of France to enter the final round of the national tennis doubles championships.

This match was halted with the two pairs of court stars deadlocked. Each team had won two sets, and the fifth set stood four games all, when they decided to quit and replay the match tomorrow afternoon.

Gerald Patterson and Jack Hawkes of Australia qualified for the title round at the expense of Johnny Van Ryn and Wilmer Allison, the second United States semi-finalists, in four hard fought sets, 6-4, 6-3, 7-9, 6-4.

By this victory, Patterson became a finalist in the tournament for the fourth time, and Hawkes for the second.

LADIES GOLF PLAY FOR GOSNELL CUP GETS AWAY TODAY

First Round of Kootenay Championship Tourney at Golf Course

First round of the ladies' championship tournament, and possession of the Gosnell cup gets under way at the course of the Nelson Golf and Country club today. Three matches are scheduled.

The second round of the tournament, with nine matches scheduled, gets under way tomorrow morning at 9 o'clock. The draw for the first round today, the competitors to arrange times of play is:

Miss M. Green of Nelson vs. Mrs. W. B. Hunter of Trail; Mrs. W. J. Grove of Nelson vs. Mrs. B. Townshend of Willow Point; Mrs. P. McIntyre of Trail vs. Mrs. C. W. Appleyard of Nelson.

AS THE SPORTING EDITOR SEES IT

Report in Vancouver Sun says that "Firemen and Fraser Mills, winners of their respective leagues, will provide the opposition in the final" for the British Columbia baseball championship. What about the Rossland Miners, winners of the West Kootenay league, and in 1926 and 1927, winners of the provincial championship?

Veteran newspaper man of New York, Robert H. Davis, is reported to have said there wasn't "a sock in a carload" of Vancouver heavyweights. Nelson has a heavyweight, George Harlow, who packs a "carload in one sock," as many of his past opponents will testify.

Described as Vancouver's "Battle of the Century," Tod Morgan, junior lightweight champion of the world and Leslie "Wildcat" Carter, 18-year-old colored sensation, will go at it over the 10-round route in the coast city on Monday. If Morgan wins he will be able to tell his grandsons that he once licked his weight in wildcats. His title is not at stake in this battle.

Early nightfall is gradually putting an end to outdoor evening sports. What baseball is being played is scheduled for Sundays, and senior football has completed its season. Junior and juvenile soccer games, as short as they are will soon be suspended. Tennis and golf are still going strong, but they are afternoon sports. Another month and badminton, rugby and basketball will be in full swing.

Looking back over the sport season just drawing to a close, it would appear that tennis was the popular recreation this summer in Nelson. Recruiting for players in the Trafalgar Baseball league, the teams were met on all sides with, "We're playing tennis this year."

Soccer season here this year was the least supported of recent record. City league games attracted only a handful of those directly or indirectly connected with the teams, and the West Kootenay league games drew only a few more. For the city games a \$3 gate was considered good. There is little fun in playing before an empty grandstand.

Ethel Hurtle, New York swimming instructor, probably had the biggest class of pupils of her career when she showed 52 contestants how to win the first Wrigley long distance swim for women at the Toronto Canadian National exhibition on Wednesday.

First Nelson Troop of Boy Scouts start winter activities at the Armory next week. The troop can boast of having, by its own initiative, the only gymnasium at present in the city. There are facilities for boxing, wrestling, basketball and other indoor sports at the Armory now.

Senators' snappy and tricky first baseman, Louis Realya, will be absent from the lineup against the Live Wires on Sunday for the first time this season. If the Senators lose, they will have a good alibi. Realya leaves Saturday on a motor trip to Spokane and district and will be away a week.

CALGARY AWARDED NEXT POLO MEET

CALGARY, Aug. 30.—The 1929 western Canada polo tournament will be held in Calgary starting August 24 and concluding August 31. It was decided at the annual meeting of the association here today. AMERICANS WIN ALL FOURSOMES IN WALKER CUP

Three of Four British Teams Ahead After Nine Holes But Lose Out

CHICAGO, Aug. 30.—United States golfers defeated Great Britain by scoring straight victories in the four two-ball foursomes at the opening matches of the sixth Walker cup competition, over the stubborn Chicago Golf club course today.

All but one of their teams were down at the end of the first nine holes of play, but the United States players there caught on and began to draw up. Today's victories netted the United States four points. Eight singles matches remain.

The team of Von Elm of Detroit and Sweetzer of New York turned in the greatest margin of victory. They defeated T. P. Perkins, British champion, and Dr. William Tweddle, captain of the British invaders, 7 and 6. Watts Gunn and Royland Mackenzie of Washington trimmed John Beck and Dr. A. R. MacCallum 7 and 5 for the next best performance; Jones and Evans defeated Major Hazlet and W. L. Hope 5 and 3; and the Boston veteran, Francis Ouimet, with Jimmy Johnston, beat T. A. Torrance and Eustace Storey 4 and 2.

JONES STARS

Bobby Jones took the spotlight away from his mates today, and he was helped by Evans. Two down at the end of the first nine holes, the pair came back to square the match at the end of the morning round, and then wiled slightly on the first three holes of the afternoon round to be two down again. After halving the next hole with par fours, the pair started to cut down their handicap. They took but 30 strokes on nine of the last 10 holes, and won the final two holes with birdie three.

Only one eagle was scored in the day's play, and that came on the last hole of the Ouimet-Johnston and Torrance-Storey match. Johnson, who fears a spoon as much as Chick does his putter, tried it. A perfect shot, carrying 220 yards, settled four inches from the cup for an easy three. Torrance's drive landed in the left trees and Storey hit another branch trying to get out and they conceded the hole and the match.

At the start of the match between Gunn and Mackenzie, Beck and MacCallum, United States pair, dropped the first four holes, going six over par on them.

Von Elm and Sweetzer were never down. They were seven up at the end of the morning round, and held it almost steadily throughout.

CHANGE BRITISH TEAM

Captain Tweddle of the British team announced tonight he would use his two alternates, R. H. Hardman and Captain G. N. C. Martin, in place of Beck and MacCallum.

"It looks bad for us, I know," he said.

RUTH'S CIRCUIT SWAT FAILS TO HALT SENATORS

Yankees and Athletics Both Have Short Ends of Respective Scores

NEW YORK, Aug. 30.—Babe Ruth's 47th home run was insufficient to halt the Senators at Washington this afternoon and the Yanks were forced to accept a 3 to 1 reverse in the opening game of the series. Waite Hoyt absorbed his fourth defeat of the season, while Sad Sam Jones, former Yank right-hander, had one of his very best afternoons. Since the Athletics also lost, the Yanks retained their margin of two and one-half games over the runners-up in the American league race.

The lightning in the great right arm of Big Ed Morris of Boston struck three times in the same place this afternoon, and deprived the Athletics of a chance to profit from the Yank reverse. The great hulk of a right-hander blazed his first one past the bat of Joe Hauser, Tris Speaker and Eddie Collins in succession in the ninth inning, and the resultant strikeouts saved a lead of 3 to 2, the Red Sox had earned in their own half of the round.

The three-run assault in the first by Detroit was too much of a handicap and the Tigers won from Cleveland in the final contest of the season between the clubs 5 to 3. The first four men to face Willis Hudlin hit safely. Hargrave's triple driving home Neun, McCann and Gehring. After the initial session the game was a pitching battle between Hudlin and Vic Sorrell.

ENGLISH SOCCER

LONDON, Aug. 30.—Football games played in the old country today resulted as follows:

Carlisle United 2, Bradford City 2.
The game between New Brighton and Chesterfield was not played.

DRAW TO BE MADE TODAY IN ANNUAL KOOTENAY TENNIS

More Entries Received Than Last Year; Competition to Be Keen

Draws for the fourteenth annual tournament of the Kootenay Tennis association are to be made today. Play starts in the tournament tomorrow, some matches to be played at the courts of the Nelson Golf and Country club and some at the courts of the Nelson Lawn Tennis club.

Entries received by C. H. Hamilton, secretary treasurer of the association, have reached a higher total than last year and the caliber of players entered gives promise of keen competition in all events. The number of contestants this year will not be as great as in 1926, it is thought.

Seven cup trophies, with individual cups to be kept by the winners, and two rose bowls, are at stake in the tournament.

Cochrane Meets Vancouver in Polo Finals Saturday

CALGARY, Aug. 30.—Cochrane entered the finals of the western Canada polo tournament here Thursday by defeating the High River "B" team, 4 to 2. The winners meet Vancouver in the championship match on Saturday.

In the secondary series, Lord Strathcona Horse defeated the Virginia Ranch, 5 to 2.

On Friday's program the Winnipeg Green Dragons will oppose the Calgary Canaries.

first heat in 27 seconds. Grattan Barr, the favorite, did not start.

Winnipeg's mark also eclipsed the previous record for the event, which Guess Work and Russell Boy held jointly at 2:02.4. Winnipeg was never headed in any of the three heats, winning all with plenty to spare. Sep Palm was the driver.

FORKE DECLARES BRITISH STOCK IS WELCOME, CANADA

Tells Parliamentarians There Are No Restrictions to Bar British

NO DOMINION TRYING HARDER FOR BRITISH

Sir William Glasgow Tells Why Australia Labor Party Not Represented

OTTAWA, Aug. 30.—Hon. Robert Forke, minister of immigration, laid before delegates of the Empire Parliamentary association today the general policy of his department. "We welcome all immigrants of the right type," he said, "but especially do we welcome those of Great Britain who come here to make their home."

MANY ANGLES, SAYS FORKE The question of migration was viewed in Canada from many angles. There were those in Canada who wanted no restrictions on immigration at all but would throw the door wide open. There were others who would place heavy restrictions on immigration. Another feature of the situation was, Mr. Forke proceeded, that he had received resolutions from municipalities that they would not be responsible for unemployed immigrants in the coming winter. In their journey through Canada, delegates of the association would be impressed with the prosperity of the country. Canada needed immigration and would welcome it.

"Our policy is to welcome all immigrants who can possibly be assimilated," he added.

Mr. Forke very much regretted paragraphs which had appeared in certain English newspapers that British immigrants were not welcome in Canada. Such statements were not in accordance with the facts as British immigrants were wanted in Canada.

NO HARDSHIPS ON BRITISH

No dominion of the Empire was putting forth more strenuous efforts to obtain British immigrants than Canada, continued Mr. Forke. Of course Canada, in seeking immigrants, must see that those entering here were mentally and physically fit. He doubted whether there was much in the complaint that intending immigrants were subject to hardships in going through the physical tests.

Mr. Forke failed to see any justification for complaint that British immigrants were faced with other some restrictions when coming to Canada. He knew of no such restrictions. What was there to prevent any British subject from going down to the dock in England, buying a ticket and coming to Canada? Then why talk about restrictions? The minister declared that Canada did not contribute one cent to continentals coming to Canada.

Sir William Glasgow of the Australian party took the opportunity to explain that though the Australian delegation included no representatives of the Labor party in the commonwealth, this fact had no significance. He had been informed by the leader of the Australian Labor party that the only reason that party was not represented on the delegation was because of the pending election in Australia.

NO MINER TO BE IN DISTRESS

Mr. Forke said that he had had some hesitation in sanctioning the coming of the 10,000 British miners to work in Canada's harvest fields, but his department was anxious to do all it could to protect them. It was pretty well understood that the British government would take steps to see that no miner was left here in distress after the harvest was over.

MINING MARKET LEADERS MOVE BROAD SWINGS

Pend Oreille Gains 25c in Toronto; Premier, Kootenay Florence Are Steady

TORONTO, Aug. 30.—The mining market today was featured by broad swings in a number of the higher priced issues and considerable irregularity in the general list. Sudbury Basin dropped from \$7.80 to \$6.90, with final sales at \$6.92, a loss of 68c. International Nickel selling ex-rights for the first time, finished at 11 1/4 and Treadwell Yukon was 90c lower at \$16.10.

Noranda opened steady at \$57.50, but was unable to stand the pressure of selling caused by the definite statement that the "B" ore body had not been cut by deep diamond drilling. Abana fell back to an extreme low of \$3.45 but later rallied to \$3.70, down 20c. Amulet turned about face once more and improved to the extent of 37c to \$3.92.

Hollinger soared to \$9.80 and closed at \$9.00, a net gain of 25c. The movement of Dome brought about a loss of 25c. Sherritt-Gordon fluctuated between \$7.25 and \$7.05, with the close at \$7.15, unchanged. Central Manitoba was forced down to 93c, but rallied to \$1.03 also unchanged. Hudson Bay Mining was 5c lower at \$18.20 and Mandy Mines 8c lower at \$2.70. Pend Oreille made a gain of 25c to \$11.50.

Premier and Kootenay Florence were steady at \$2.40 and \$2.20 respectively. Big Missouri was off 1 1/2c to 46 1/2c.

Albania Changing President to King; Great Enthusiasm

TIRANIA, Albanian, Aug. 30.—That part of the Albanian constitution relating to a change in the form of the state is now being completed in its changed form, and will allow the assembly Saturday to proclaim Ahmed Zogu, president, Albania's king. The cabinet will immediately thereafter resign, and the formation of a new government will be entrusted either to Elias Bey Vironi, foreign minister, or to the minister of the interior, it appeared today.

A crowd of 10,000 enthusiastically paraded the streets today carrying banners and singing the national anthem. ARREST POSSIBLE ASSASSINS BELGRADE, Aug. 30.—Police today arrested two men of Albanian nationality under suspicion of intention to attempt assassination of President Ahmed Zogu of Albania when he is proclaimed king of that country.

Both of the men had railway tickets to Tirania, pistols, and documents written in three different languages.

WESTERN FUEL TO BE MERGED NANAIMO SAYS

Canadian Collieries to Take Over Nanaimo Properties of Rival

NANAIMO, B.C., Aug. 30.—The Nanaimo Herald will say tomorrow morning that it has been authoritatively informed that the Canadian Collieries (Dunsmuir), Limited, will on September 1 take over the coal mines of the Western Fuel corporation, Limited, of Canada, Nanaimo. Intimation of the purchase has just been made.

The properties include the Reserve, the Wakesaid and Protection mines, located here. The Canadian Collieries own and operate coal mines at Cumberland and Extension, the latter six miles from Nanaimo.

Several months ago T. R. S. Stockert, who for a number of years acted as general manager of the Western Fuel corporation, and J. Smith, a former heavy stockholder in the Western Fuel corporation, inspected the mines on behalf of the Canadian Collieries, and as a result of their report, the sale has been consummated, it is stated.

WANT BEST FROM EVERY COUNTRY

TORONTO, Aug. 30.—Advocating an immigration policy which would secure only the best from any country, and which would dispense no race nor person, Rev. Principal E. H. Oliver, Ph. D., of St. Andrew's college, Saskatoon, addressed a conference of United church leaders from Ontario and Quebec today.

The speaker criticized visitors to Canada who made use of epithets which would wound any of the constituent peoples of the Canadian west. "New floating dock has been built by the government at McCracken's Landing, Stoney lake."

SIX HORSES SIDE BY SIDE UPON STRETCH

Try Me, Favorite, Wins by Nose Over Outsider; Others Heads Apart

VANCOUVER, Aug. 30.—Exciting finishes featured many of the events of this afternoon's card at Brighouse park, but the third race was productive of the most thrilling windup on the program.

Six contestants strove in a grueling stretch duel to make the wire first, Try Me, favorite, being given the call by a nose over Neroll, 21 to 1 shot, which was credited with a head over Whizzer, also given a head over Arrow Hawk. The latter was allowed half a length over the next, On the Job, which was a neck in front of Tulsa Girl.

War Bird captured the feature race, the Henry Duffy handicap, by a length over Terrifier, first choice.

The big price of the afternoon was paid by Short Way in the sixth when he won by a length to pay \$45 straight.

RESULTS First race, claiming, \$500, 3-year-olds and up, six furlongs—Kid North, \$20.00, \$7.90, \$4.40; Lady Spain, \$4.95, \$3.70; Maurice Mulcahy, \$2.90. Time, 1:14 2-5. Second race, claiming, \$500, western Canada bred, 3-year-olds and up, six furlongs—Ester Clark, \$10.80, \$4.15, \$2.80; York Belle, \$3.20, \$2.30; Gay Lomond, \$2.75. Time, 1:14 3-5. Third race, claiming, \$800, 3-year-olds and up, 5 1/4 furlongs—Try Me, \$3.50, \$3.25; Neroll, \$7.25, \$3.90; Whizzer, \$4.20. Time, 1:07 1-5. Fourth race, claiming, \$600, 3-year-olds and up, one mile and 70 yards—Chick Bell, \$18.90, \$7.35, \$4.40; Bell Hornet, \$4.05, \$3; Pepper Shot, \$3.90. Time, 1:46 3-8.

Fifth race, claiming, \$700, 3-year-olds and up, 1-1/16 miles—War Bird, \$5.65, \$2.90, \$2.90; Terrifier, \$2.60, \$2.30; Captain Adams, \$3. Time, 1:46 2-5. Sixth race, claiming, \$800, 3-year-olds and up, six furlongs—Short Way, \$45, \$13.50, \$7.10; Brass Band, \$4.30, \$3.00; Rex Roma, \$5.50. Time, 1:13 3-5. Seventh race, claiming, \$600, 3-year-olds and up, one mile and 70 yards—Rural Gossip, \$5.25, \$2.50, \$2.45; Tennessee, \$3.25, \$2.85; Sinvona, \$3.05. Time, 1:46 3-5.

CHAMBERLAIN IN WHEELED CHAIR TO BOARD SHIP

British Foreign Minister Very Sick Man; Starts Ocean Cruise With Family

LIVERPOOL, Aug. 30.—Sir Austen Chamberlain, a very sick man, sailed from Liverpool at 4 o'clock today aboard the steamship Orcadia, on a cruise which will include Canada, Bermuda and the United States, and which he hopes will restore his health.

Sir Austen arrived from London shortly before his ship sailed, accompanied by Lady Chamberlain, their sons, Joseph and Lawrence, and daughter, Diane. The train trip so exhausted him that he was unable to receive

the depuliation of the Liverpool consular corps, and had to be carried in a wheel chair from the station to his cabin aboard.

It is considered that Sir Austen's illness is not considered serious, and that he is expected to recuperate completely before he returns to London November 7.

IRISH HEARTILY WELCOME KELLOGG, COSGRAVE ALSO

Vast Crowds, Salute of 18 Guns, Route Beflagged; American Given Citizenship

DUBLIN, Aug. 30.—All classes in the Irish Free State joined in a hearty welcome which was given to President Cosgrave and Secretary of State Kellogg of the United States when they arrived here today fresh from the memorable signing at Paris of the renunciation of war pact.

The enthusiasm broke loose from the moment that the Cruiser Detroit, bearing the party, steamed into Kingstown harbor. A great crowd which had been gathering on the sea front at Dunlaighaire for hours, cheered the arrival of the cruiser, while a salute of 18 guns of the Free State army boomed out.

A procession of automobiles then formed for the drive to Dublin, and the seven-mile route to the city was gaily beflagged.

They then continued to the manor house for presentation of the freedom of the city to Secretary Kellogg. The secretary signed the role of Dublin's freeman, and a scroll of citizenship was presented to him in a silver box.

Bridgeman Won't Seek Reelection

LONDON, Aug. 30.—It was said tonight by excellent authority that Rt. Hon. W. Clyde Bridgeman, first lord of the admiralty since 1924, is retiring from the house of commons, and will announce tomorrow to his constituents his intention not to seek reelection from Oswestry. This constituency, Mr. Bridgeman has represented since 1906, his present term lasting until after general elections next year.

Mr. Bridgeman himself tonight declined to give any information regarding the matter, bidding inquirers "wait until tomorrow."

It is believed that he will be given a peerage on the dissolution of the present parliament and will go to the house of lords.

JULY IMMIGRATION SHOWS INCREASE

OTTAWA, Aug. 30.—Immigration to Canada for the month of July amounted to 15,783, compared with 12,288 for July a year ago, an increase of 28 per cent, according to a statement made public tonight by the department of immigration.

July immigration consisted of 4287 British, 3044 from the United States and 8452 from other countries.

ST. PAUL, Minn., Aug. 30.—George T. Huey, general agent of the Soo Line, and Mrs. Huey were killed late today when their automobile was struck by a north-bound Soo Line passenger train near the city limits. Their home was in Minneapolis. Mr. Huey was a veteran railroad man.

NORANDA DECLINES ON TORONTO BOARD

Closes at \$56.25 After \$1.15 Loss; Other Mine Favorites Also Fall

TORONTO, Aug. 30.—International Nickel, selling ex-rights today for the first time, climbed to still higher levels and at the close was selling at the equivalent of 118. The stock, ex-rights, closed at 113 and the rights at a little over \$5. Compared with yesterday when the stock, including rights, closed at 112 1/4, this represented a gain of almost six points. Noranda declined 1 1/2 to \$56.25. It was accompanied in the decline by other mining stock favorites.

CANADIAN FUNDS FLOW OVER LINE CHEAPENING RATE

Many Stocks Make New High Marks, Including American Smelting

NEW YORK, Aug. 30.—The stock market chalked up another long list of new high records today. Call money dropped to 7 per cent. in mid-afternoon. The ease of money was attributed to the large inflow of Canadian funds following the drop in the Canadian rediscount rate from 5 to 4 1/2 per cent.

American Smelting touched a new high record for all time at 25 1/2, and then slipped back to 24 3/4, up 3/4 net. Kennecott, Calumet and Hecla, International Nickel and Cerro de Pasco also moved into new high ground. Loose Wiles soared more than nine points to 78 1/2, also a new peak, and Radio climbed 8 1/2 to 206 and closed within a fraction of the top. Adams Express, American Radiator, Case Threshing, Johns Manville, Kolster Radio and National Biscuit all closed 4 to 8 points higher.

U. S. Steel common closed fractionally lower at 19 1/2 while American Railway Express, Commercial Solvents and Stanley company lost two to six points.

A rally of more than 5 points in St. Louis and Southern which crossed 108 to a new top, and the steady accumulation of the Missouri Pacific issues featured the railway group. Total sales 3,321,200 shares.

NICKEL SCORES ANOTHER ADVANCE

Gains 5 1/2 Points at Montreal; Most Issues Move Upward, Some Irregularity

MONTREAL, Aug. 30.—While some irregularity crept into the Montreal market in today's trading the main movement of values continued to be in a forward direction with several particularly strong spots uncovered.

International Nickel furnished trading in 9861 shares and closed at 113 1/2 (xd), for a net gain of 5 1/2 points, which was the widest advance shown in the list. Brazilian followed with a turnover of 5430 shares and closed at 57 1/2 (xd), for a net loss of 1 1/2.

National Breweries, also active, finished at 132, up 3 1/2. Fraser suffered the widest decline, closing at 60 for a loss of three, with trading in 145 shares.

Firm features included Lyall at 59 and Alberta Grain at 66 1/2, each with a gain of 3 1/2. Simon and Sons, pfd., up one to 100, and Bell Telephone at 163, up two.

Total sales 32,936 shares; bonds \$45,900.

EYESIGHT and EDUCATION

Mothers and Fathers—School starts next week. Do you absolutely know, by a thorough examination, the condition of your child's eyes? Is he or she going to be handicapped this term by one of the greatest of school handicaps, the sight? Just think, exhaustive psychological tests show that 46 per cent of knowledge is gained through the eyes. That alone is reason enough why each child should have a complete eye examination. It may mean hundreds of dollars saved to you, and years of the child's life. Another big reason why you should know.

You are living in a new age, such as never before. The old idea of not wanting your child to wear glasses has gone before the advance of civilization—now the child must get along—results must be had—no lost year in class. The keen competition and mode of living is forcing everyone, efficiency is demanded. Follow the future articles under this heading.
