WINDY PERIOD

EAST HELD IN RAGING SNOWSTORM

STARIO CITIES GRIP WORST STORM SEASON

fic Is Tied up; Autos abandoned; Trains Running Behind Schedule

MILLAN SAYS IS WORST YET, LABRADOR

York Suffers Third Storm Year; Is Six Feet Deep in Gravenhurst, Ont.

ONTARIO, March 9.—This city and all today experienced the most severe storm of the season when, driven by 40-mile-an-hour gale starting early, snow covered the city and country to a depth of six inches.

Ontario felt the force of the storm. Bus service was practically at a standstill, and many lines, while on many highways motorists had been abandoned in wretched drifts.

Gravenhurst, where the snow reaches a depth of six feet, is credited with the most snowfall. Hamilton, for the time this winter, is spending its money cleaning snow from the streets.

Ports from Stratford, London, Stock, Guelph, Gravenhurst, North Bay, Kingston, Belleville, Hamilton, St. Catharines, Bull's Bay, and many other places indicate that the storm was worst of the winter.

WALS FRIED
OLT STE MARIE, Ont., March 9.—Snowed nowhere else today's blizzard brought joy and liberty to children all over the world. With the snow high about the fence that encloses the park, where deer, wolves and animals are kept, it needed only a simple matter for the occupants to walk over the fence and escape into the woods. Deer wolves were the only animals to advantage of the situation.

YORK HIT
YORK, March 9.—A storm swirl of the middle west spread snow large sections of the east today. The snow fell all day and predicted to continue during the unless a shifting wind with a temperature should change it.

was New York's third snowstorm in a year and gave no evidence of being more severe than its predecessors.

IN LABRADOR
ST. JOHN'S, Nfld., March 9.—The most blizzard experienced by Comdr. Donald B. MacMillan in more than 20 years of arctic exploration was morning's final gesture of winter abrasion, according to a wireless message to the Evening Express today, only redeeming feature of the storm was the fact that the temperature was only at zero.

old captive by the ice in Anstank North Labrador, the members of expedition have been waiting for ice to break up and release them from the camp which was in real ice when winter arrived in real force.

atchewan Man Claims Has Found New Grade of Wheat

SKATON, Sask., March 9.—"I believe I have found a wheat which further developed by a wireless message," said Dr. Seager Wheeler, atchewan wizard, in an interview.

went on to explain, that although was quite sure that this new type h developed from the Kola in would protect crops in province rust damage, he did not think the would be absolutely free from under all conditions.

H. (Pat) Stewart Is Head of Mining and Metallurgical Body

QUEBEC, March 9.—R. H. Stewart of ouver, B.C., was elected president Canadian Institute of Mining & Metallurgy at the concluding business session of the convention of that body today.

Official vice-presidents include H. Hodgson of Winnipeg, representing Iowa and Saskatchewan; Major J. Church of Edmonton, Alberta; and Galloway of Victoria, British Columbia.

ine Lands His Plane at Palm Beach

ST. PALM BEACH, Fla., March 9.—Ben A. Levine landed here in his plane, Columbia, from Miami, at 3:30 accompanied by Miss Mabel Bell Pilot Stutts.

SHOOTER'S BELF
INCE RUPERT, B.C., March 9.—A whose name is thought to have been, is reported to have shot self through the head in a hotel room today, according to a wireless message here. He was a stranger in the town.

New York Sales With General Motors in Lead Make a Record

NEW YORK, March 9.—Unbridled speculation in the common stock of the General Motors corporation, which went over the top for the sixth consecutive session today, which carried the day's sales to 3,766,500 shares, the second largest in history.

The gain in General Motors today added \$163,950,000 to the market value of the 17,400,000 shares of common stock outstanding, bringing the appreciation in aggregate quoted value during the last week to \$358,785,000.

Names of about a dozen prominent men were being widely mentioned in the Wall Street tonight as among the "big winners" in General Motors. At the top of the list was William C. Durant, who formerly headed the corporation, and is reported to have "cleaned up" upward of \$10,000,000 in General Motors during the past few years.

SUGGEST HUGE POWER STATION ON NELSON RIVER

Would Centralize Manitoba's Power Facilities and Tap Pulp Country

WINNIPEG, March 9.—Establishment of a central electrical system or station on the Nelson river in northern Manitoba, suggested by A. Robson, K.C., Liberal leader, in the legislature today. This, he said, would solve the power problem in the north country.

Mr. Robson asked the government to use its best endeavors to work out an arrangement of that development of the northern territory would be no longer retarded by lack of the all-essential supply of cheap hydro-electrical energy.

The Liberal leader referred to the vast mineral wealth of the north country, and to the possibilities of the pulpwood industry. There was, he said, an estimated area of pulpwood amounting to 70,000,000 cords along the Hudson Bay railway.

The White Mud falls, on the Nelson river, were capable of developing at a minimum flow 180,000 horse power, while on the same river there are 22 falls between Lake Winnipeg and Port Nelson capable of being developed to nearly 2,500,000 horse power.

Mother and Sister Give Lives to Save Child From Flames

MONTREAL, March 9.—A mother's and sister's devotion to a child cost three people their lives in a fire that destroyed the home and store of Leon Duquette at St. Jerome, a town 30 miles north of Montreal, today. The father and one child were injured.

The fire, which broke out in the dwelling as the family of 12 were sleeping, spread rapidly, and Duquette and his wife and their eldest daughter assisted eight of the 10 children out of the house. Mrs. Duquette remembered that the baby had been forgotten in its cot, and accompanied by her daughter, Bernadette, aged 17, returned into the blazing house, and that was the last seen of them until the three bodies were recovered after the fire had been extinguished.

The dead are Mrs. Leon Duquette, aged 43, Bernadette Duquette, aged 17, and Pauline Duquette, aged 2 years. Firemen found Mrs. Duquette's body lying across the baby's cot. The daughter was found in another room.

Couple Save Lives of Eight Tots When House Burns Down

ESTEVAN, Sask., March 9.—Heroic work by Mrs. E. Singbell and T. L. Tilly, pool elevator man, saved the lives of eight small children when the Singbell home burned down early this morning at Estevan, a hamlet 19 miles east of here.

The eldest child was but 9 years of age, and there were two babies. Forcing their way through the flames, Mrs. Singbell and Mr. Tilly, crept up, until all the children had been carried to safety. The home was reduced to a heap of smouldering embers, and only the desperate efforts of the few people living in the hamlet saved the general store of E. E. Turner from a like fate.

Would Not Charge Municipality for Immigrants, Canada

MOOSE JAW, Sask., March 9.—A resolution urging that immigrants should not be allowed to become a charge on municipalities until they had been at least two years in the country, was adopted at the closing session of the twenty-third annual convention of the Saskatchewan Association of Rural Municipalities here today.

GENERAL McRAE PROPOSES HUGE SETTLER PLAN

Would Bring 2,000,000 Immigrants Within 10-Year Period

WOULD SETTLE THREE PRAIRIES PROVINCES

Development of Peace River Area Is Included in His Proposal

OTTAWA, March 9.—Immigration proposals to settle 2,000,000 immigrants in the three prairie provinces during the next 10 years were advocated in the house by General A. D. McRae, Conservative, Vancouver North. Under the policy proposed by General McRae the federal government would be called upon to finance \$300,000,000 for the entire period to be covered by the issue of special land bonds for debtors.

In his proposals, General McRae advocated:

1. The development of Peace river district as a great imperial settlement on cooperative basis between the Dominion government, Alberta, British Columbia and the Imperial government.

2. Construction of a trunk link to the Pacific coast as an outlet for the district.

3. Granting of free homesteads of scrub and light timbered lands in the prairie provinces and in lands easily drained, from the log house and barn, years, and subject only to cost of clearing and construction of modest farm buildings.

4. Clearing of 50 per cent of homesteads by the government at a cost of \$1500, including log house and barn, this amount to be charged on the land.

5. Repayment of \$1500 charge by settler only to start in sixth year of occupation with indebtedness to spread over 30-year period at 4 1/2 per cent interest.

6. Provincial cooperation for the sale of unoccupied lands near rail-ways to new settlers on crop payment plan and with view to relief from taxation for first five years.

7. Establishment of community clubs to guide and assist settlers in their new homes.

8. Use of successful western farmers as immigration agents in Europe and United States.

9. Coordination of federal and provincial government in immigration activities in London and more active participation in immigration by the high commissioner.

10. Efforts to increase women immigrants to cover the unbalanced population in prairie provinces.

11. Immigration efforts to be confined to prospective farmers and domestic servants.

12. Exclusion of undesirable races.

Two Score Pupils Have Narrow Shave in a School Fire

WINNIPEG, March 9.—The lives of two score pupils were endangered when fire swept through and destroyed the two-room public school at Minto, Man., during the afternoon session.

Starting in the basement, the fire spread with great rapidity, and soon flames were eating their way through the first floor, while smoke filled the corridors and upper class rooms.

Assisted by teachers, the children were quickly ushered from the burning structure, though many were forced to leave their overcoats and winter wraps to the mercy of the flames.

Only one article of equipment in the school was saved—the piano. This was taken from a ground floor room by members of the volunteer brigade.

Hinchcliffe Plans to Fly to Philadelphia on Atlantic Attempt

PHILADELPHIA, Pa., March 9.—Captain Walter Hinchcliffe, noted British flyer, will come to Philadelphia on his westbound transatlantic flight, which may start at any time, according to an announcement today by H. N. Taylor, chairman of the Philadelphia chamber of commerce aviation committee.

The captain will compete for the Evening Bulletin's prize of \$25,000 for the first nonstop flight from a European city to Philadelphia.

Manitoba's Beer Parlors Will Open Up Wednesday

WINNIPEG, March 9.—The advance guard of Manitoba's beer parlors probably will open next Wednesday, it was stated tonight by R. D. Waugh, chairman of the liquor commission in charge of the issuance of licenses and the inspection of premises.

Fuelless Motor Invention Suffers From Shock

WASHINGTON, March 9.—The whereabouts of Lester J. Hendershot for several days as mysterious as details of his invention, the "fuelless motor," became known today with the discovery that Hendershot has been a patient at an emergency hospital here since Tuesday.

GALE LASHES SOUTH SECTION OF TORONTO

TORONTO, March 9.—Dashed by a furious southeast gale, huge waves overreached the beach in the eastern section of Toronto today, flooding gardens, and in many cases the cellars of waterfront houses which are unprotected from the lake's onslaught.

NO WRECKAGE

HALIFAX, N.S., March 9.—Investigations carried out by the French authorities at St. Pierre Miquelon, have disclosed that there is no reason to believe that an airplane had been wrecked at L'Anse-au-Loup, as reported yesterday in a New York dispatch.

DOCTOR MUST DIE IN CHAIR

Convicted Performing Illegal Operation; Application for New Trial Denied

CHICAGO, March 9.—Sentence of death in the electric chair was given to Dr. B. Rogetti in criminal court here today after his motion for a new trial had been denied. Date for execution was set for Friday, April 13. He was convicted of performing an illegal operation on Loretta Enders, 19-year-old, and then through neglect permitted her and her baby to die.

Vessel Grounds in Gale and Snowstorm; Rescue Boats Held Off by Surf

Ship Position on Rock Makes Rescue Hard

Was Carrying People Between Boston and New York

NEW YORK, March 9.—Radio broadcasting was stopped along the Atlantic tonight by an SOS call which it developed had been sent out by the steamer Robert E. Lee around and breaking up off Cape Cod with 150 passengers.

The Robert E. Lee is a passenger and cargo steamer plying between New York and Boston under charter to the Eastern Steamship company. She is of 5184 tons gross and is 375 feet long.

The vessel which was built in 1924, is under command of First Officer McDunagh, and carries a crew of 113 men.

RESCUE DIFFICULT
The vessel struck on Mary Ann rock, not far from shore in a driving snow storm shortly before 8 o'clock. In response to her calls for help coastguard stations along the coast sent assistance, and the coast guard cutters Tuscarora and Redwing steamed to her aid.

The position of the vessel is a difficult and dangerous one for rescue craft, coastguardsmen here said, because of sunken reefs which abound nearby.

NO IMMEDIATE DANGER
BOSTON, March 9.—The steamer Robert E. Lee had and fast on the rocks off Manomet Point, Massachusetts Bay, sent out a radio message at 10:30 o'clock tonight that she was in no immediate danger and would not remove her passengers until tomorrow morning.

Vessel Hard, Fast, Six Feet of Water in Engine Room; Rescue Ships Rush to Aid Answer to SOS Calls; Passengers Remain Calm

LATEST WIRELESS SAYS PASSENGERS IN NO IMMEDIATE DANGER; IMPOSSIBLE REACH SHIP

Coast Guardsmen Baffled by Heavy Surf in Attempts Make Rescue; Gale Runs at Seventy Miles Per Hour; Rescue From Landward Side Impossible

MANOMET, Mass., March 9.—The Boston New York steamer Robert E. Lee, with a passenger list of 150, and crew of 113 was breaking up tonight on Mary Ann rock off, Manomet Point, while a raging surf held off rescue attempts from the landward side.

In the southwest gale that, piled up a heavy sea in Massachusetts Bay the vessel appeared to watchers on the shore to be doomed.

Shortly before 9 o'clock a surf boat from Manomet station was launched in the heavy surf in an attempt to reach the vessel and take off the endangered passengers. Coast guardsmen said it seemed impossible that the attempt would succeed and that the best hope of rescue lay in the efforts of larger vessels working from the sea side of the wreck.

BOSTON, March 9.—The Boston-New York steamer Robert E. Lee with 150 passengers and a crew of 113, drove aground tonight on Mary Ann rock off Manomet point, in a snowstorm and gale. The vessel remained hard and fast on the reef, but a message sent out at 10:20 o'clock said the passengers were in no grave danger. It was said that no attempt would be made to remove them before tomorrow morning.

An SOS message sent by the steamer at 8 o'clock started a fleet of rescue craft to her aid. These included the naval ships Burnshel, Falcon and Mallard, engaged in salvaging the sunken submarine S-4 off Provincetown, the coast guard cutters Tuscarora and Redwing, coast guard patrol boats and life saving surf boats from shore stations.

All were in the vicinity of the Robert E. Lee late tonight. MESSAGE RECEIVED

The reassuring message received from the Lee after several hours, during which her condition appeared to be hopeless, read as follows: "Lying comfortably. No immediate danger. Transfer passengers in the morning."

The steamer apparently got away from her course in the blinding snowstorm and ventured too far inshore on the treacherous coast of Massachusetts bay. At 7:20 o'clock the outlook at the Manomet point coast guard station noticed a vessel in dangerous waters and sent two warning signals. It was too late, however, as the ship had already grounded in the reef about a mile out from shore.

The high surf piled up by a 70-mile southwest wind baffled all efforts to launch surf boats from the Manomet station, and in any event the high running sea made rescue from the landward side impossible, coast guardsmen said. Submerged reefs nearby provided additional dangers for vessels approaching from seaward.

HEAVY STORM
Throughout the afternoon and evening a heavy snowstorm continued and a 70-mile gale drove across the bay, kicking up a very heavy sea. All efforts to use the surf boats proved futile.

From the coast guard station, situated on a high bluff overlooking the bay, the lights of the steamer were plainly visible in spite of the driving snow and the high spray. The vessel was almost directly out from the station, and in any event the high running sea made rescue from the landward side impossible, coast guardsmen said. Submerged reefs nearby provided additional dangers for vessels approaching from seaward.

ST. LOUIS SHOCK
ST. LOUIS, Mo., March 9.—An earthquake of unusual disturbance and long duration was recorded by the St. Louis University seismograph at 12:35 today. The shock, which lasted more than two hours, was estimated to be 9950 miles distant, and probably in the region of the East Indies.

ITALIAN REPORT
FARNZA, Italy, March 9.—For a period of three hours this evening the registered violent earthquake shocks. The central point was estimated to be about 6000 miles distant. So strong were the movements of the instruments, it is believed the quake was a disastrous one.

GRAIN CHECKS MAILED
TORONTO, March 9.—Announcement was made here today that checks have been mailed covering 15c a bushel on all wheat delivered to the Ontario grain pool. This brings the returns to the growers to date to \$1.16.

Says Within Ten Years Canada Will Be Third Largest Copper Producer

QUEBEC, March 9.—That within the next 10 years Canada will be the world's third largest producer of copper, being then surpassed in this field only by the United States and Chile, was the prediction made by Sidney J. Cook, chief of the mining, metallurgical and chemical branch, Dominion bureau of statistics, Ottawa, during an address on Canada's future in copper, given today at the annual general meeting of the Canadian Institute of Mining & Metallurgy.

Short of Breath Dizzy, Sinking Spells COULDN'T WALK FAR

Mrs. L. A. Oliver, Granville Ferry, N.S., writes: "A few years ago I had dizzy, sinking spells so bad I could hardly stand up without taking hold of something to support me, and I could not walk any distance on account of being so short of breath. "I had taken a lot of doctor's medicine, but it did me no good, only for the time being, so reading in the B.B.B. almanac about

I decided to try them and found them to be just what they are recommended to be, and I feel that I owe my life to them."

TAXATION CUTS ARE ANNOUNCED BY MINISTER

"Natural Resources" Tax Is Amended; Protects Right of People

PREMIER MACLEAN BRINGS DOWN BILL

Income Taxation Cut; Professions and Businesses Get Tax Cuts

VICTORIA, March 9.—After months of negotiating, the "natural resources" tax of a year ago, which, when first projected, met strong opposition from some quarters, has been so adjusted that, in the form of a control of exemptions for capital depletion, it is accepted as equitable by the parties most directly affected, and at the same time protects the rights of the people as a whole to share in the profits from the exploitation of their natural resources, Premier MacLean, as minister of finance, told the house today, in bringing down his taxation amendments.

The outstanding features of the bill are:

1. A flat reduction of 10 per cent is made in the rates of taxation on income. This reduction relates to the net taxable income before deducting rebates for dependents.
2. Reductions in the gross income tax payable by trades, businesses and professions are provided as follows: (a) Ten per cent discount for prompt payment.

(b) The minimum amount of tax payable each six months is reduced from \$3 to \$1.

(c) Under class A (agents and professions) the rate on the first \$2000 in each semi-annual period is cut from 1/2 of 1 per cent to 1/4 of 1 per cent, and is retroactive to the commencement of the tax.

3. The rate of taxation on coal lands held in reserve (classified B under the act) is reduced from 4 per cent to 3 per cent.

BREEDERS ACT
4. Royalty paid under the Game act by breeders of fur-bearing animals may be applied in reduction of income tax.

5. Dependents in respect of whom a rebate may be claimed are redefined to include a child or relative of the taxpayer under the age of 18 years who resides as a member of the taxpayer's household, and who is wholly dependent upon the taxpayer for support, or a child or relative of the taxpayer over that age who resides within the province and is wholly dependent upon the taxpayer for support on account of physical or mental incapacity.

6. A rebate may also be claimed hereafter in respect of payments by employees into superannuation funds; and all withdrawals out of such funds are entirely exempted from taxation.

7. Provision is made for entering into cooperative arrangements with the Dominion government in the matter of checking income tax returns.

8. The "natural resources" tax of last year is repealed and in its place provision is made for the control of allowance which may be claimed as a deduction from income in respect of the depletion or exhaustion of capital invested in timber, mines and other terminating or wasting assets.

NINE MEMBERS DISCUSS THE ROBB BUDGET

Vote Will Likely Be Reached on Tuesday; Windsor Conditions Aired

OTTAWA, March 9.—The debate on the budget in the house goes over into next week, but so good progress was made today that the vote on it will likely be reached next Tuesday. Nine members discussed the budget today, and although immigration proved the feature, unemployment, the tariff, excise taxes and maritime rights played considerable parts.

Conditions in Windsor, Ont., to which city persons who illegally cross the border into the United States are deported in great numbers and often become a charge on the municipality, deserved the consideration of the Dominion government, S. C. Robinson, Conservative, Essex West, stated. He explained that United States officials were in the habit of returning these persons across the border at Windsor regardless of where they had first entered the United States.

MAINTAIN TAX
E. C. St. Pierre, Liberal, Hochelaga, urged the government to maintain the income tax. M. C. Senn, Conservative, Haldimand, protested "constant and irritating changes in the tariff." Murray MacLean, Conservative, St. John-Albert, advocated a cable arrangement between Canada and Great Britain on the Atlantic.

F. W. Gershaw, Liberal, Medicine Hat, supported low tariff. G. T. McFut, Conservative, Colchester, spoke in support of maritime rights and the appointment of a deputy minister of fisheries.

The two speakers on immigration were Major-Gen. A. D. McRae, Conservative, Vancouver North, who laid before the house a plan for peopling the west, and E. A. Peck, Conservative, Peterboro, who was the last speaker tonight. L. K. Lafamme, Liberal, Montmagny, will resume the debate next week.

OTTAWA, March 9.—Continuing the debate on the budget in the house of commons this afternoon, H. C. Robinson, Conservative, Essex West, dealt particularly with the conditions in his riding, which includes the city of Windsor.

For the past two years the border cities have had to deal with the problem of unemployment. He understood that one of the reasons was the influx of newly-arrived immigrants. Men coming to Canada with no place in view, he was informed, were often advised to go to the border cities, where they would get or \$5 a day. Mr. Robinson said they found this was not the case when they reached Windsor.

Higher tariff protection for the automobile industry was advocated by Mr. Robinson.

E. C. St. Pierre, Liberal, Hochelaga, favored the reduction in sales tax and urged the government to maintain the income tax in order to reach the rich.

M. C. Senn, Conservative, Haldimand, protested against the "constant and irritating changes in the tariff." He spoke on behalf of the knitting industry, observing that the cheaper production of Great Britain and France and the higher wages in Canada made manufacturing here difficult.

Chicago Epicures Are Acquiring an Appetite for Province Sturgeon

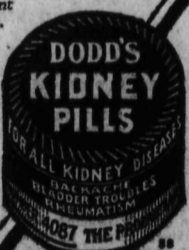

VICTORIA, March 9.—Provincial fisheries officials are likely to give more serious attention to the sturgeon now in the Fraser river, and in fresh water lakes of the interior fed by streams from the Pacific. There are reports of sturgeon that weighed 1200 to 1500 pounds. Old fishermen claim they were a nuisance when they got caught in the nets, causing destruction of gear. Owing to low prices there has never been much incentive for catching the sturgeon, and present regulations forbid taking them less than four feet in length.

He Feels A Different Man Altogether

British Columbia Man Praises Dodd's Kidney Pills

"I cannot recommend Dodd's Kidney Pills highly enough for the wonders they performed with me," writes Mr. Andrew Kerr of Beavermouth, B.C. "I feel a different man since I started taking Dodd's Kidney Pills. I keep a box on hand at all times in case of sickness. They are a wonderful medicine to take. My back is quite well now, thanks to Dodd's Kidney Pills." For almost three generations Dodd's Kidney Pills have been the standard remedy for Backache, Rheumatism and ailments arising from Faulty Kidneys. They strike at the seat of the trouble, the Kidneys. They are no cure-all. Simply an effective Kidney Remedy.

CENSUS MAY BE TAKEN IF CITY SO DESIRES IT

Such Is Change by Amendment to British Columbia Municipalities Act

CAN HAVE CENSUS THIS YEAR IN MUNICIPALITIES

Approve Present Milk Production Methods; Committee to Study Forestry

VICTORIA, March 9.—Under an amendment to the Municipal act, approved by the legislature in committee this afternoon, the province is authorized to take a census of any municipality, at the request of the municipal council.

Attorney-General Manson explained that the Dominion census is based on electoral districts, and does not observe the lines of the municipalities. The amendment, he said, would authorize a provincial census of any municipality in 1928, or any fifth year thereafter.

The house also passed the clause empowering a council to abolish wards within the municipality, or, where wards have been abolished, to divide the municipality into wards, providing the assent of the ratepayers is obtained.

STAMP OF APPROVAL
Present methods of milk production in the province were stamped with the approval of the house when it turned back Frank Browne's fight for "pure" milk. Mr. Browne's amendment would have prohibited sale of milk which had been subjected to the separation of its natural milk fat or milk solids, other than skim milk or buttermilk, sold as such.

Changes in the Small Debts Court act to permit hearing of claims up to a maximum of \$100 were approved.

While the forest branch of the department of lands is fully alive to the problems of forest conservation, and is as active as it can be with the limited funds at its disposal, the entire forestry question is of such importance that the house should appoint a small special committee to make an intensive study of it during this year, and to report back to the legislature next session. This was the recommendation placed before the legislature today by the select committee appointed two weeks ago.

ABSENTEE VOTE MAY BE RETAINED

Hinchliffe Ballot Finds Favor in Legislature; Committee Suggests Plan

VICTORIA, March 9.—The Hinchliffe ballot which was worked out at great trouble by the local member and incorporated into the Elections act to cover absentee voting was apparently become the key to the rendering of that style of voting proof against manipulation. If the report of the special committee of the legislature appointed today is adopted and there is practically no doubt that now, the absentee voting system will be retained.

This course was recommended by the committee to the house late this evening.

SPECIAL FEEDING; BIG EGG YIELDS

Hens at Lethbridge Experimental Farm Heavy Layers; One Has Record 300

Some excellent egg laying records have been made at the Lethbridge (Alta.) experimental station. A record of 300 eggs was made by one hen, while 27 produced 250 eggs or more, and 104 exceeded 200 eggs in the year. To obtain such records it was necessary to follow a very careful system of feeding.

The winter scratch ration was made up of two parts of wheat and one part each of cracked corn and crushed oats. A very small portion of this feed was thrown in the litter in the morning to start the birds exercising. The balance of the scratch feed was given about one hour previous to the birds going to roost. A dry mash, which was available to the birds at all times, was composed of equal parts of bran, shorts, wheat, middlings, corn meal, oat chop and meat meal, with a very little fine salt and charcoal added.

NOY MEAL
The birds were also fed a moist meal consisting of a crumbly meal

made with the same ingredients as a dry mash, with the meat meal, salt and charcoal omitted. This meal was omitted on occasional days according to the judgment of the feeder, and aimed at all times to keep the appetites of the birds keen. The flock was given green feed, such as cabbage, alfalfa, mangels, turnips, beets and such.

With the arrival of spring growth the birds had the liberty of the runways that had been seeded with a mixture of wheat, barley and oats.

The summer scratch feed was changed gradually to five parts of wheat to each of cracked corn and crushed oats.

Paint Your Face From the Inside On

Don't be content to buy a standard face complexion. Awaken your skin's life and loveliness with proper care. That rosy-cheeked complexion we envy just means healthy active circulation and a skin freed of poisons by brisk circulation. To overcome oily condition and to brighten and clear up a yellow faded complexion try a three times a week. Get a little Dermol Powder from your chemist. Apply that cloth to the face and then gently with the powder using a circular motion. Follow with hot and then cold water. Apply a good cream (we recommend Gerol cream). This helps to store that dry velvety finish to the skin, improves its texture and brings native color to the cheeks.

TRAIL HOCKEY TEAM LEAVES FOR SASKATOON

FIRST MEET THE SASKATCHEWAN CHAMPS MONDAY

First Game on Twelfth and Second on Fourteenth; Crowd Bids Adieu

TRAIL, B.C., March 9.—With half the town out to wish them good luck, Trail's hockey team, champions of British Columbia and Alberta, left tonight for Saskatoon to play Delta, Saskatchewan champions, on Monday and Wednesday in the second round of the play-offs for the Allan cup.
 The boys were given a warm send-off. Manager R. B. Dimock had to make many promises to city and hockey officials before leaving. Mayor H. Clark, A. J. McDonnell, president of the Hockey club, F. S. Willis, vice-president of the British Columbia Amateur Hockey association, rink officials and everyone else who could get there did so to cheer the boys as the train left.
 The whole team, 10 men, is making the trip, as well as Manager Dimock and R. Arthur, trainer. The team is Jackson, Redick, Anderson, defense; Gustason, Kendall, Mackie, Whetley, Brennan, Hanson and Bond.

CHURCHMEN WIN TRAIL DEBATE

Beat Legion; Contend Immigration Should Be Restricted Northern Europeans

TRAIL, B.C., March 9.—St. Andrew's Churchmen's club debaters successfully contended that "immigration to Canada should be restricted to northern Europeans," beating by a few points the Canadian Legion team, in a highly interesting public debate in Memorial hall tonight. It was the first of a series to be given by the new Trail Debating league and drew an audience of about 40.
 The churchmen speaking on the affirmative were J. MacArthur and F. Fox. The Legion speakers, negative, were T. M. Cairns and Frederick Fraser. C. C. Bohart presided. W. Everett and A. B. S. Stanley were the judges.

Trail News of the Day

This column is conducted by Miss E. A. Thompson of Tadanac. All news of a social nature, including responses, entertainments, personal items, marriages, etc., occurring in Trail and Tadanac, will appear in this column. Just phone Miss Thompson at her residence. She will also handle any advertisements appearing under Trail News of the Day.
 TRAIL, B.C., March 9.—J. J. Malone of Trail was a Nelson visitor Wednesday.
 Albin Erickson of Silverton is spending a few days in Trail.
 Mrs. W. F. Wynne returned to her home in Appleton Monday from Trail, where she has been visiting with her daughter, Mrs. C. J. Staigton, and Mrs. E. G. MacLean.
 George Meikle, who has been visiting in Vancouver for the past week, returned to his home in Trail on Monday.
 Rev. E. L. Oaten of Knox United church, Trail, attended the presbytery meeting in Nelson.
 Mrs. Irving of Tarrys spent Thursday visiting in the city.
 B. Fee of Allenby is spending a few days in the city before he leaves for Kimberley.
 W. Frampton has returned from a business trip to the coast.
 Mr. Kitts, who has been installing the new pipe organ at Knox United church, left Monday for his home in Woodstock.
 W. L. Affleck of Nelson spent Wednesday in the city.

Legion Auxiliary at Trail Entertains at Whist and Dance

TRAIL, B.C., March 9.—Giving a delightful whist and dance social, the Ladies' auxiliary of the Trail branch of the Canadian Legion tonight entertained about 75 guests at the headquarters in Memorial hall.
 The whist drive prize winners were: Ladies', Mrs. M. Owen first, Mrs. R. Bruce consolation; men, W. Johnson first, James Laduke consolation.
 The committee in charge was Messrs. R. Forbes, J. Melvin, H. Hardy, J. Gordon, W. Fawcett, R. Curtis and A. Leyland.

MARY ZINIO DIES IN TRAIL; LONG ILLNESS

TRAIL, B.C., March 9.—Following nine months' illness, Mary, 7-year-old daughter of Mr. and Mrs. Nick Zinio of Rossland avenue, passed away at the family home yesterday morning. She will be buried tomorrow.
 The names of the directors of the Covent Garden Opera syndicate are: F. A. Searvasy, who recently brought off the big music hall deal, and is a director of several coal and industrial companies; Col. E. W. Blais, who has been closely connected with opera at Covent Garden during many seasons; T. O. Williams and W. N. Bicket.

ROSSLAND NOTES

ROSSLAND, March 9.—Mrs. A. C. Hoenig returned last evening to her home in Sibbald, Alta., after a visit with her brother, A. V. Bryan.
 Rev. O. H. Daly and A. D. Christie returned Wednesday evening from attending the meetings of the Kootenay presbytery in Nelson.
 Mrs. H. Flood has returned from Trail, where she has been spending the past month.
 Walter Jowett, who has been under treatment at the local hospital, left that institution Thursday for his home.
 W. M. Waddis is visiting in Renata.
 Rev. H. P. Humphreys of Trail is spending the day in the city.

MRS. PANTUSO BURIED TRAIL

Rossland Lady Came to Canada From Italy 18 Months Ago; Was Aged 25

TRAIL, B.C., March 9.—Mrs. Emelia Pantuso, wife of Tony Pantuso, of Rossland, who died here Wednesday of pneumonia, was buried from St. Francis Xavier church this afternoon, with Rev. Father F. X. Teek officiating.
 Mrs. Pantuso, who was 28 years old, was brought from Italy to Trail to reside 18 months ago, by her husband. Besides him, she is survived by a son, and a baby daughter.
 The pallbearers were Joe Le Rose, R. LeRoux, J. Ritchie, T. Tourist, P. Corrado and N. La Pace, of Rossland.

GREAT NORTHERN TEN HOURS LATE

Mudslides North of Northport Hold up G. N. Early Hour This Morning

Mudslides just north of Northport held up the Great Northern train due here at 8 o'clock last night until 11 o'clock this morning.
 When last reports were received at midnight, it was expected the train would arrive at 4:30 a.m., 10½ hours behind schedule.

SCANDINAVIAN CLUB HAS BASKET SOCIAL

I.O.O.F. hall was the scene of a lot of fun last night when the Scandinavian club staged a basket social and dance.
 Dancing commenced about 9:30, and until the time came to succeed any baskets off, the company enjoyed itself to the limit.
 Those in charge were E. H. Erickson and E. Ickman, the latter being master of ceremonies.

Cumberland Hunter Kicks Six-Foot Cougar to Death

GUMBERLAND, B.C., March 9.—Michael Brown of Cumberland once heard the story of an old-timer who fought a cougar with his bare hands and won the battle. He didn't believe the story until last week when he had himself fought a snarling cougar with his fists as possible when it comes to a scuffle with that kind of an adversary.
 While hunting for the animals that had been preying upon sheep, Brown wounded a big cat. His dog, an aggressive Alredale, rushed in and seized the cat about the throat and, in spite of the fact that the cougar managed to get hold of one of its paws, which was nearly chewed off, held on gamely until his master arrived.
 Fearing for the dog's life, Brown attacked the cougar with his feet, kicking it on the head till it released its hold, and soon making an end of it.
 The cougar measured six feet from nose to the tip of the tail.
 LONDON, March 8.—The recently formed Covent Garden Opera syndicate, limited, has leased the Royal Opera house, Covent Garden, for three years, and has arranged to give an international opera season of about 10 weeks in each year during the syndicate's tenancy. The 1928 season opens on April 30 and will continue till July 6.
 A preliminary prospectus issued by the syndicate gives the names of Herr Bruno Walter and Signor Vincenzo Bellini as the principal conductors. Chelipin, lyric and dramatic artist, and several of the distinguished singers who have appeared at Covent Garden during recent seasons, have been engaged, and negotiations are in progress with others.
 There will be performances every evening except Saturdays. The allotment of subscription boxes and seats for one or more nights a week will take place shortly. If prices are raised for any performance the increase is not to be charged to subscribers. Prices range from £420 for a pit or grand tier box for every night of the season, to 5s. 9d. for an amphitheater stall for a single performance.

MISS THOM IS LAID AT REST IN ROSSLAND

Well-Known Trail Educationist Goes to Last Resting Place, Rossland Cemetery

TRAIL, B.C., March 9.—Funeral of Miss Elizabeth Thom, well known educationist in this district, who died on Wednesday, was held this afternoon from Knox United church, Rev. B. L. Oaten, officiating. Burial was in Rossland cemetery.
 The pallbearers, all old friends or associates, were T. W. Binsay, James Buchanin, Hugh Palmer, H. E. Wade, F. W. Warren and E. W. Haggisford.
 Among those attending the funeral were Peter Lamont of Vancouver, her brother-in-law, and Dr. E. C. Arthur of Nelson, who was associated with Miss Thom in her school work in Nelson.
 CHURCH PACKED
 The church was well filled with mourners. E. Eccles, at the organ, played a prelude, "Angels Ever Bright and Fair," by Handel. There was a full choir.
 Mr. Oaten gave a very feeling address. As the mourners left the church Mr. Eccles played a prelude, "Who Strive is Over, the Battle Won."
 As the cortege left for Rossland by road, several hundred school children who had been released for the afternoon, out of respect to Miss Thom, marched behind for a distance. Among them were many who were under the personal direction of Miss Thom during her years as principal of Trail schools.

Toronto Woman Claims Married Ladies Most Efficient in Business

TORONTO, March 9.—A letter to a local paper written by a married woman, declares most emphatically that the reason such success in work outside their homes is the fact that "they do the work as it should be done. They are here at starting time and work all day, 'not fooling,' or quitting 10 minutes before quitting time to powder their noses. The boss knows who it is that is there on time in the morning, and who sticks to their work all day, and who minds her own business all day. That is why the married woman gets the work."
DIVISION FOUR LEADS IN TRAIL
 Captures Attendance Honors With 97.45 Per Cent; Honor Rolls

TRAIL, B.C., March 9.—Division 4 headed central school for attendance honors in February, with a percentage of 97.45. Several other divisions were close behind.

Pitman Endorses Nelson Business College Methods
 EXAMINATION PLAN ASSURES "VERY THOROUGH KNOWLEDGE" BY STUDENTS
 Following is a letter from Sir Isaac Pitman & Sons, Limited:
SIR ISAAC PITMAN & SONS, LIMITED
 70 Bond Street, Toronto 2.
 Mr. C. W. Tyler, February 24th, 1928.
 Nelson Business College, Nelson, B.C.
 Dear Mr. Tyler:
 Many thanks for your letter of the 17th, and the specimen copies of the three examination papers. We have carefully examined the three test-papers, and congratulate you upon the very thorough and comprehensive manner in which they have been compiled. To be able to complete each paper, the student must have acquired a very thorough knowledge of the particular lessons involved.
 We have no criticism to make of your method of testing the students' progress. The questions on the Theory of the system are good, and if you have sufficient time at your disposal to enable your students to work these papers, there is no reason why you should not do so, and give yourself the fullest opportunity of discovering how they are progressing. The marking is very fair, and in the last section, very similar to that adopted by this Department.
 Yours very truly,
 SIR ISAAC PITMAN & SONS, LTD.
 "A. D. Pointing", Manager.

Pitman Endorses Nelson Business College Methods
 EXAMINATION PLAN ASSURES "VERY THOROUGH KNOWLEDGE" BY STUDENTS
 Following is a letter from Sir Isaac Pitman & Sons, Limited:
SIR ISAAC PITMAN & SONS, LIMITED
 70 Bond Street, Toronto 2.
 Mr. C. W. Tyler, February 24th, 1928.
 Nelson Business College, Nelson, B.C.
 Dear Mr. Tyler:
 Many thanks for your letter of the 17th, and the specimen copies of the three examination papers. We have carefully examined the three test-papers, and congratulate you upon the very thorough and comprehensive manner in which they have been compiled. To be able to complete each paper, the student must have acquired a very thorough knowledge of the particular lessons involved.
 We have no criticism to make of your method of testing the students' progress. The questions on the Theory of the system are good, and if you have sufficient time at your disposal to enable your students to work these papers, there is no reason why you should not do so, and give yourself the fullest opportunity of discovering how they are progressing. The marking is very fair, and in the last section, very similar to that adopted by this Department.
 Yours very truly,
 SIR ISAAC PITMAN & SONS, LTD.
 "A. D. Pointing", Manager.

Round About the Earth Via Radio

"Hello, London; this is Vancouver speaking." If 10 years ago, we had been told that a businessman in Vancouver would today be speaking to a firm in London and that the conversation would be carried out without the use of wires, that the sounds would be carried through on the air on electric waves we would have been considered, at least, to be visionary.

Just think of the possibilities in the annihilation of space and time which has been brought about by radio. A Nelson radio owner today hears his name being called out by an announcer in Australia who wishes to put him in touch with a relative in that Dominion. A San Francisco shipping merchant discusses with a London firm a shipment of cargo. New York stock brokers hear minute by minute of the price movements on the London exchange.

Isn't it Puck in "A Midsummer Night's Dream" who promises to "throw a girdle round about the earth in 40 minutes?" Forty minutes? Why, in another few years we'll be talking round about the earth in fractions of a second.

Sons and daughters in Canada will be holding radio conversations with their parents in England; the Britisher temporarily exiled in Kurdistan will talk to his sweetheart in Birmingham; Australians in Melbourne will radiophone their orders for merchandise to the warehouses off Threadneedle street.

Rapid as has been the development of aviation, it will be as nothing to the development of radio.

Provincial Wide Daylight Saving Getting Strong Support

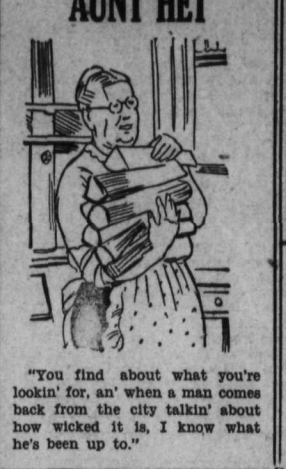

Vancouver, the largest city in British Columbia; Kelowna, center of one of the province's best agricultural districts, and Kimberley, the location of the greatest mine in the province, have all endorsed the request of the Nelson board of trade to the provincial government to put into effect the Daylight Saving act. It has been on the statute books of British Columbia for some years and only requires the Nelson board of trade to put into effect the Daylight Saving act.

Trail Hockey Team Still Going Strong

Champions of Kootenay, champions of British Columbia, Trail hockey team is now to meet Dellele, champions of Saskatchewan.

The Lighter Side

AUNT HET

"You find about what you're lookin' for, an' when a man comes back from the city talkin' about how wicked it is, I know what he's been up to."

Contempt of court isn't the only crime, however. There's poverty. Anything in the nature of an idea seems propaganda to the ignorant.

Volume: The frightful noise an expensive radio set brings in with the music. There isn't much railway construction over, except the building of the G.O.P. detrack for Hoover.

Young man, get married. Many a man grows great in the effort to show his wife's people he isn't as worthless as they think.

Indiana can retort that it's better to let the neighbors see the dirt you sweep out than to sweep it under the bed.

Not all of war is glorious. The tax collector doesn't wear leather putties or spurs.

Canadianism: Knocking the great in order to show how little they impress a man of your importance.

Strange that a man who won't believe in a deity he can't see will believe in thought and life.

IN THE OLD DAYS, PARENTS WERE GLAD TO SEE A DAUGHTER MARRIED BECAUSE THAT MEANT SHE'D NEVER GET WILD.

All a European nation wants is a neighbor rich enough to buy goods and too poor to make war.

You don't read the papers? Blah! Where else did you learn it is considered smart to say you don't read the papers?

Correct this sentence: "Yes, I'm forty-five," said he, "but hatless college boys don't give me a pain."

Efficient Housekeeping

By LAURA A. KIRKMAN

LETTERS FROM READERS

TOMORROW'S MENU

Breakfast: Grapefruit, Cereal, Muffins, Coffee. Dinner: Olives, Roast Leg of Lamb, Brown Gravy, Potatoes, Cauliflower, Pineapple Pluff, Coffee. Supper: Baked Rice and Cheese, Mixed Vegetable Salad, Preserves, Grape Juice, Cake.

Mrs. K.: "If the 'Mrs. G.' who wrote about brown sugar, will put her brown sugar in a bread box she will not need ice to keep it from lumping. She can put the bag in which she buys it right in the box."

"Mother-Reader: My ice box cake—Place one-half of a large bar of sweet chocolate in the top of your double boiler with three tablespoons of hot water, and when melted remove from fire. Separate four eggs, beating the yolks with three tablespoons of powdered sugar. Beat the three egg whites stiff and fold them into the yolk mixture, then stir in the melted chocolate. Line a bowl with wax paper, then line the bottom of the bowl with halved lady fingers (rounded sides next to bowl). Let the lady finger halves rise up the sides of the bowl also. Now add a layer of the prepared mixture, then a layer of halved lady fingers—till the bowl is full and the mixture used up. Finish with a lady finger layer. Place the bowl in your ice-box for 24 hours, then invert to release from the bowl and take off the waxed paper. Serve with one-half pint of heavy cream whipped stiff and sweetened slightly."

Mrs. G. S.: "Artificial flowers are so popular today that I am sure many housekeepers would like to learn how to make them for their own dinner tables. Will some of your readers write in, giving hints concerning this art? For instance, what should one use with paraffine in waxing such flowers, so that the flowers may be washed in water when dusty? I shall wait eagerly in the hope of seeing other readers' letters on this subject in our column."

Mrs. T.: "My Mocha icing—Why will so many housekeepers refuse to use their inventive powers? For years, I went on making just plain chocolate icings for a dark chocolate layer cake—then it occurred to me that my family was tired of its monotony. So now I often change it to Mocha icing, with nuts in it. To make this, I put confectioners' sugar into a bowl, stir in enough cold, strong made coffee to make a stiff paste, then add a teaspoon of melted butter to make it creamy, and chopped nuts to suit my liking. Spread this on any kind of hot, freshly baked cake." (Note—This answers Mrs. G.'s request.)

Address inquiries to Miss Kirkman, and inclose stamped-addressed envelope for reply.—Editor.

TEN YEARS AGO

(The Daily News, March 10, 1908.) Private Howard Parker is at Slocan City, on leave.

T. H. Waters & Co., of Nelson, have been awarded the contract by the Dominion military commission for the construction of a new pavilion at the Balfour sanitarium.

Fire yesterday morning destroyed the home of John McKay, Victoria street, and completely destroyed the furniture.

Many Gray Creek ranchers have commenced pruning operations. The present condition of the trees point to a good crop this year.

That Body of Yours

By JAMES W. BARTON, M.D.

More Uses of the Skin

Perhaps you give the skin little thought except that you believe it should be kept clean. Perhaps you think of it as a sort of bag holding the muscles and other parts of your body together. And yet it is as delicately organized as any organ in the body.

In addition to being a covering or protection to the body, and also throwing out some of the wastes, we know now that the skin plays a most important part in controlling the temperature of the body through its ability to conduct heat and evaporate water.

It certainly does its job well of protecting the underlying structures, as it cannot be dissolved by the ordinary chemical agents. And yet it allows the penetration of the ultra violet rays of the sun, which as you know enrich the skin and stimulate the circulation.

We had begun to think that with our knowledge of the sweat which helps to remove heat from the body, and likewise our knowledge of the little oil glands which keep the skin soft and pliable, that we knew all that was to be known about the skin. And now they believe that the skin has the power of storing water within it. When deprived of water, and with loss of blood by hemorrhage or bleeding, it was found that the skin had considerable water stored up within it, and in proportion to its extent and thickness gave up to the blood as high a percentage as any other tissue.

Further, when a normal salt solution was injected into the body, the skin took up a very large proportion of the salt water injected, and 30 minutes afterward it held 14 per cent of the total amount of water injected. Further, the skin has the power to hold a large amount of sugar within itself, because 30 minutes after a sugar solution was injected, the skin contained almost as much sugar as the blood.

It is believed that the skin does not simply store this water and sugar, but that both the sugar and water are given up by the skin to the blood as they are needed by the system.

Therefore to our conception of the skin as a bag or covering, and as a heat regulator, must be added these new uses of the skin in the body, that is storage of water and sugar. The lesson then is that the skin should be kept active not only by bathing but by exercise of the muscles beneath it, which thus bring the blood to the surface in increased amounts.

Skin activity, by exercising the muscles, would give the liver less work to do, storing sugar, and removing wastes from the blood.

Keep the skin active.

MARCONI RADIO—For Radio Service call at D. B. Crowther's Radio Store, 509 Ward St., Nelson. (2526)

TWENTY YEARS AGO

(The Daily News, March 10, 1908.) Born March 6, to Mr. and Mrs. F. Elwell of Bonnington, a son.

The largest shipment of silver bullion ever made in the history of Canadian mining left the plant of the Consolidated Mining & Smelting company here tonight, on route to China.

A. B. Perry and G. G. Wilson have leased the O. K. Mine and mill at Rossland and will commence operations.

Payroll of the St. Eugene mine at Moyie amounts to something over \$35,000.

KASLO NOTES

KASLO, B.C., March 9.—Arthur Lakes, M.E., arrived from Nelson Wednesday evening and together with W. H. Burgess made a visit to the Cork mine Thursday.

O. Larson is down from Whitewater for a few days. Mrs. Downey of Cranbrook has arrived in the city, where she will make her home for a time. Miss Violet Perkins returned home Monday, after spending a few days in Nelson.

Miss E. Marshal of Silverton has been the guest of Miss Marjorie Cadden for the past few days. Miss Ida Perkins has returned to town, after having spent several weeks in Spokane, Idaho and Erickson.

Mrs. E. M. Cadden was a recent visitor in Nelson. J. J. Binns left for Winnipeg Thursday, after having spent some time at his home here.

Leonard Cadden left Thursday morning to take in the hockey game at Trail. He will be the guest of his sister.

Mr. and Mrs. W. S. Harris left Wednesday for their home in Burns, Idaho. Mr. Harris is manager of the Wellington mine, and will return to town in a few days.

W. G. Smith returned to the Jackson Basin Wednesday, after spending several days in the city.

Wife Leaves, Taking Furniture and Child; Husband Wants Tot

WINNIPEG, March 9.—Frank Vost of St. Boniface, near here, whose wife departed from him recently taking with her the household furniture and their 8-months-old child while her husband was at work, has asked the aid of police in helping him find his wife.

Vost, who returned home from his work to find his house bare of furniture, declares he is not anxious for the return of his wife, but wants his young child.

Indigestion Immediate Relief! What most people call indigestion is usually excess acid in the stomach. The food has soured. The instant remedy is an alkali which neutralizes acids. But don't use crude helps. Use what your doctor would advise. The best help is Phillips' Milk of Magnesia. For the 50 years since its invention it has remained standard with physicians. You will find nothing else so quick in its effect, so harmless, so efficient.

One tasteless spoonful in water neutralises many times its volume in acid. The results are immediate, with no bad after-effects. Once you learn this fact, you will never deal with excess acid in the crude ways. Go learn—now—why this method is supreme. Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any drugstore.

BUILDING MATERIAL

Roofs, Gutter and Down Pipes quickly and efficiently done at reasonable prices. Galvanized and Tin Work in all its branches.

DO IT NOW! NELSON HARDWARE CO. Wholesale and Retail "Quality Hardware" NELSON, B. C.

For complete details concerning the Dominion Life achievement of 1927, write for a copy of our Annual Report.

IN the summary appearing above is to be found in brief the story of the Dominion Life's most successful year. Of interest not only to Dominion Life policyholders, but also to all those Canadians who appreciate the necessity of protection for home and family, each item represents a record of which the Dominion Life and its policyholders may well be proud.

To indicate the success achieved in 1927, as brought out at the Company's Annual Meeting held on February 10th, particular reference is made here to two significant features.

\$107,364,499.00 of insurance in force at the end of 1927 represents a notable increase during the past year. Every year thousands of Canadians have been added to those sharing in the benefits of sound, economic protection as provided by Dominion Life policies—to such an extent that the amount of insurance in force at the present time is more than double that of six years ago.

\$1,342,879.75 represents the total payments to policyholders and their beneficiaries throughout the past year. Told in figures this perhaps conveys little. It could be best told by those receiving the benefits—widows free from want, families provided with the necessities of life, elderly people living in independence, disabled wage-earners in receipt of incomes and policyholders sharing in Dominion Life profits.

Foster's Weekly Weather Bulletin

WASHINGTON, March 10.—A storm wave of moderate intensity is expected to cross continent during week centering on March 11; this disturbance will close a short period of above normal temperatures and following the passage of storm center, average temperatures are expected to trend downward, reaching lowest point centering on 13 and 23, but averaging below normal for the period 12 to 24, inclusive. Storm center of March 11 will be expected to move south of central transcontinental storm path, but not so far south as will storm wave centering on 16. Storm waves centering on 16 and 20 are expected to be the most severe of month, to travel far southward and to probably attract moderately severe storms from southwest of the continent across west gulf. BEAVERDELL BRIEFS

BEAVERDELL, B.C., March 9.—Mrs. E. Northman left on Monday morning to spend some time visiting friends in Vancouver.

L. Walker, who has been in business here for the past few months and recently burned out, left on Wednesday for Vancouver.

The Killarney Mines syndicate, a Vancouver company, has suspended

WHAT A DOCTOR KNOWS ABOUT CONSTIPATION

There is a way of overcoming the tendency to constipation. And here is how you PROVE it. The next time your bowels need any assistance, don't take the first laxative that comes to mind. Take one of the Cascarets that assure you are made with SCARA. Just as effective as using SCARA. Just as good for the system. In fact, it helps make good blood. For SCARA is nothing but the bark of a tree. The Indians chew this bark, and to an old age without a day's illness.

What happens when you cascade bowels? They will usually function for SEVERAL DAYS. One more day—no larger, and perhaps smaller in the first—and the bowels function of their own accord for a still longer time. Until you don't feel the need of any aid or resort for weeks on-end.

So, the only habit you get from cascading is that of natural and normal regularity. How different from things one must usually repeat on the morrow! Cascara is the ideal laxative; and the familiar little candy cascarets are doubtless its ideal form. Children beg for these tasty tablets, and many men and women wouldn't think of taking ANYTHING else for the purpose. And every drug store has them.

CASCARETS They Work While You Sleep.

SOUTH SLOCAN INSTITUTE IS LEADER IN B.C.

Pays Allotment to Solarium Fund; Plan Prizes for Entrance Pupils

SOUTH SLOCAN, B.C., March 9.—The Bonnington and South Slocan Women's Institute held their monthly meeting in the hall on Wednesday afternoon, which was largely attended. Mrs. MacDowdle presided. After the reading of the minutes and the financial statement, it was decided to send the balance of \$33 to the Queen Alexandria solarium to make up \$100 for the Otha Scott endowment fund as outlined by Mrs. V. S. McLachlan, superintendent of women's institutes (at the district convention in Kaslo last November. Mrs. McLachlan wired the institute congratulations on being the first in the province. The sum of \$15 was also voted to the solarium for working expenses and \$10 to be sent to the Crippled Children's hospital in Vancouver. A prize was offered to the pupil in the entrance classes of district schools making the highest marks. The district schools include Bonnington, South Slocan, Crescent Valley, Shoreacres and Belford.

Mrs. Rod Macdonald and Mrs. W. W. Bell are the conveners for a bake sale to be held in the course of a week. It was also arranged to have a grand ball in Easter week. Detailed reports were received from the working committees. Mrs. B. Greyson gave a very lucid and interesting report of the district conference, which she attended as a delegate and which had been left over at previous meetings on account of general business. Mrs. E. Watts was hostess for tea.

operations on the Gold Drop claim, which they have been operating for the past year. William McIntomney has been in charge. Steve Pittendrig has returned to the Bell mine, after a few days' holiday, spent down the valley.

PROCTER NOTES

PROCTER, B.C., March 9.—A. W. Robertson of Cranbrook was a visitor here on Monday. W. J. Astley of Nelson spent Tuesday here. G. R. Clark was a visitor here on Wednesday.

George Hill returned from Vancouver on Tuesday and is spending a few days here, the guest of Mr. and Mrs. O. B. Appleton, before leaving for Banff.

Mrs. M. Lanning and son, Bernard, spent Wednesday in Nelson. Mr. and Mrs. J. Nichols were in town on Wednesday.

Mrs. L. Exton of Nelson is here, visiting friends for a few days. O. B. Appleton and son, Herbert, left for Nelson on Wednesday morning on business.

Mrs. H. Lumb and two daughters returned back from a few weeks' holiday spent at Vancouver, recently.

Mrs. Oscar Appleton, who has been a patient in the Kootenay Lake General hospital, arrived home recently.

Mrs. H. Lumb entertained at tea on Wednesday afternoon, her guests being Mrs. A. Gallup, Mrs. G. Kinney, Miss E. Robertson and Miss J. McLean.

Miss J. McLean's radio picked up the first Trans-Canada concert from station CKOW at Ottawa, Winnipeg and Yorkton, Sask., on Tuesday night. The Ladies' aid of the United church held a meeting at the home of Mrs. P. Bennett on Thursday afternoon. A sale of work was planned for. Those present were Mrs. A. Gallup, Mrs. G. Kinney, Mrs. T. Weston, Mrs. E. Walton, Mrs. A. Highton, Mrs. W. Donaldson, Mrs. W. A. Soles, Mrs. H. McArthur, Mrs. J. Sewell, Mrs. Hurst, Misses Violet and Olive Muirhead, Miss E. Rolston, Miss J. McLean and Mrs. McKinnon. A delicious tea was served during the afternoon by Mrs. Bennett, assisted by Mrs. Weston and Mrs. Soles.

SOUTH SLOCAN NOTES

SOUTH SLOCAN, B.C., March 9.—Mrs. E. Stevens and Mrs. W. J. Findale were hostesses for tea and refreshments in the evening at the West Kootenay hall No. 3 plant, on Wednesday, March 7. Amongst the players were Mrs. H. Rhodes, Mrs. W. R. McDonald, Mrs. F. B. Hardin, Mrs. T. McLaughlin, Mrs. F. Frisby, Mrs. W. W. Bell, Mrs. E. Watts, Mrs. E. C. Passmore, Mrs. E. J. McGregor, Mrs. A. McDonald, Miss M. Houston, Miss G. Fotheringham, Miss K. Edwards, Miss M. Russell, M. Bryne A. Lambert, G. Platt, N. Rhodes, M. Turnbull, W. Rodgers, W. Gemmill, J. West, E. Stevens, H. J. Hendry, J. H. P. Matheson, A. Pasingham, F. B. Hardin and W. J. Findale.

J. H. Gagnon, principal of the public school, is spending the week-end in Nelson.

Mr. and Mrs. A. K. Cairns were bridge hostesses on Saturday evening, when their guests were Miss K. Brodie, Miss I. Galbraith, Miss M. Humphrey, A. Lambert, M. McMoran and M. Turnbull.

Mrs. A. K. Cairns is spending a couple of days in Trail.

HALL REMANDED ON VAGRANCY CHARGE

TORONTO, March 9.—Alfred Ernest George Hall, who reached Toronto recently for a lecture engagement and claimed to be one of the world's most honest psychologists, appeared in police court today on a nominal charge of vagrancy and was remanded. He is being retained in custody for examination by the Dominion immigration officials. Hall has been lecturing for two weeks here and is charged with having entered Canada illegally.

RECORDED IN VANCOUVER

VANCOUVER, March 9.—A. E. G. Hall, held in custody in Toronto, is well known in Vancouver, according to police records here. Hall was arrested in August, 1923, on a charge of obtaining credits by false pretences, but was allowed suspended sentence. Later that year he was acquitted on a fraud charge. He was convicted on four charges of obtaining money fraudulently and served a six months' sentence. In 1925 he served 12 days on a worthless check charge. Hall came here from Victoria.

SOCIETY

This column is conducted by Mrs. M. J. Vignoux. All news of a social nature, including receptions, private entertainments, personal items, marriages, etc., will appear in this column. Telephone Mrs. Vignoux at her home on Silica street.

New Hair Mode Seen in New York The most beautiful girls in New York are doing their hair the new way. It's so lovely, but so simple. That's why it appeals to popular girls, who need to save time wherever they can. One of the busiest of them is attractive Mary Chandler, for three seasons a member of "George White's Scandals" and now appearing in "Artists and Models." She says: "I am so busy, I don't know how I'd take care of my hair, if I hadn't learned the new way so many of my girl friends are doing theirs. "All I do now is put a few dashes of Danderine on my brush each time I use it. This wonderful preparation keeps my hair looking so lovely that many friends want to touch it. I set my waves with Danderine, too, and it holds them over so much longer. All dandruff disappeared with a few applications, and my scalp always feels fine. I shampoo just once a month, now. Danderine keeps my hair so clean." Danderine removes that oily film from your hair and gives it new life and lustre. It makes hair easy to dress and holds it in place. It isn't oily and doesn't show. It gives tone and vigor to the scalp. All drug stores have the 35c bottles. A delicately fragrances necessity for the well-groomed girl.

ASPIRIN

The whole world knows Aspirin as an effective antidote for pain. But it's just as important to know that there is only one genuine Aspirin. The name Bayer is on every tablet, and on the box. If the name Bayer appears, it's genuine; and if it doesn't, it is not!

Physicians prescribe Aspirin; it does NOT affect the heart

Aspirin is the trade mark (registered in Canada) indicating Bayer Manufacture. While it is well known that Aspirin means Bayer manufacture, to assure the public against imitations, the Tablets will be stamped with their "Bayer Cross" trademark.

STYLE, beauty, luxury, power, smoothness and agility... these are facts, which McLaughlin-Buick owners have weighed to their satisfaction.

Let Facts not Fads dictate your choice

Every item contributing to McLaughlin-Buick long life and performance has been proved on the General Motors Proving Ground. The improved McLaughlin-Buick valve-in-head engine has proved better. It has been proved that the Sealed Chassis with Triple Sealed Engine increases McLaughlin-Buick efficiency and longevity.

'SHIRLEY'

The Girl Who Leaped Into Life By NANCY BARR MAVITY

CHAPTER IX.

Mr. Hardin was not seriously concerned about the "new youth." It oozed in the newspapers, along with the crime wave, movie scandals, and the astounding proclivities of the Prince of Wales for falling of a horse. The twins were all right. They brought home good report cards from school, and when they went out in the evening there was never any doubt that they were where they said they would be, and would return at a reasonable hour.

Mr. Hardin had learned something from his children. He knew that Shirley's response to that would be, "Well, girls must be girls, too, I suppose."

But the point was that girls were supposed to be girls—and the twins, neither of them made that point very clear. Not that there was anything aggressively "masculine" about Shirley—a trait which would have excited Mr. Hardin's virulent distaste, and would have roused him to "take steps" if he had encountered it in his daughter. She took pretty clothes and dancing and household tasks in her stride. And not that Allen was boorish or rude. But that was superficial. There was something underneath. If he never put on any airs of superior authority with Shirley, Allen also never showed her any chivalrous deference. It made it very hard to begin to discriminate between them now.

Mr. Hardin sighed heavily as he hung up his hat in the hall and walked down the passageway to the lavatory to wash his hands for dinner. He had always provided well for his family. It hurt his pride to deny them anything—and something they had taken so securely for granted, too! It hurt him with sense of failure. It wasn't that he loved Shirley less—why, he'd cut off his right arm for Shirley! But surely she'd understand that. She'd have to see that he wasn't "playing favorites"—that there were times when apparent equality would really be working an injustice on Allen. They were growing up; it was time they found out that conditions of life simply were different for men and women—always had been and always would be.

As he passed into the living room at the sound of the dinner gong, Mr. Hardin laid his arm across Shirley's shoulder as she arose from her chair. His affection for his children usually expressed itself in the form of money spun across the table or tossed through the air into their uplifted hands, but it was nonetheless real for that. Shirley clasped the hands that hung over

her shoulder, and looked up sideways with an inquiring smile. "Your old dad always means to do what's best for both of you, Shirley," he said. "I've done all I could to make you happy."

Before Shirley could answer, they had reached the dining room, where Mrs. Hardin and Allen already stood waiting behind their chairs. Mr. Hardin was usually silent at meals, except for occasional remarks cast into flowing ripples of talk like pebbles dropped to the bottom of a stream. The conversation eddied around and over him. But this time he could not let it lap the shores of consciousness with his usual comfortable inattention.

"I suppose college will be lots harder than high school—it's bound to be, in ever so many ways," Shirley was saying. "But if Helen Willis could get Phi Beta Kappa her junior year, and win the tennis championship besides, I guess we can."

"Ho!" Allen snorted. "You rather fancy yourself, don't you? Lucky Helen Willis is out before you get there. It would make her feel real bad to get beaten."

"Rats! You know perfectly well what I mean. You'll have a terrible grind of it if you're going in for medicine. But there's Bud Chandler, that got all 'A's'—if we keep our wits about us we'll be winning a family mixed doubles, at Wimbledon, like Mr. and Mrs. Godfrey, yet."

"Who are these people your children are always talking about?" Mrs. Hardin broke in. "I've heard of Helen Willis, of course, but I never know nowadays whether you're referring to somebody giving a party next week or to the winner of some tennis match at the other side of the world."

"I'm just telling Allen that we mustn't let tennis interfere with our college education," Shirley explained.

"Yes, you are!" Allen grumbled. "It sounds more like you're just telling Allen how you're the future Helen Willis. And that reminds me, Shirly, we've got to make sure of getting into the same freshman lab divisions, so we can have the same time off for practice. That overhead of yours needs some work, and so does my backhand drive, if we're going to get anywhere."

Mr. Hardin laid down his knife and fork. There they were again, bickering, planning, shoulder to shoulder. But this time it hurt. "What's the matter, Charles? Isn't your steak tender?"

He picked up his knife and fork again, to put off the moment that must come.

"It's all right. I'm just not so hungry, that's all."

He had to tell them. He might as well say it and have it over. He cleared his throat. Out with it!

"I'm afraid I have some bad news for you," he said, staring straight before him at the white table cloth. "Shirley will have to give up her plan to go to college. There isn't enough money to send you both. Fortunately, I can still put Allen through, but that'll be all I can manage."

(To Be Continued.)

NEW TUG TRIALS PROBABLY TO BE HELD ON MONDAY

Arrangements for construction of New Steel Barge Are Going Forward

Trials of the new Canadian Pacific tug, Granthall, which was launched here on Wednesday, will probably take place on Monday, officials announced yesterday. It was originally planned that the trials should be held this morning, but this was found impossible.

Arrangements for construction of a new steel barge, similar to the craft built in 1926, and now in service between Procter and Kootenay Landings, are going forward. The new barge will be a duplicate of the last one, which was built in Montreal by Vickers Canadian company, shipped here by rail, and assembled at the Fairview shipyards.

SANDON NOTES

SANDON, B.C., March 9.—Mrs. C. F. Oland returned Friday to her home in Kaslo.

Mrs. M. Thompson, who has visited with friends in Nelson and Trail, returned to her home here.

J. Jordan is a Kaslo visitor.

Mrs. James Greer spent Wednesday in New Denver.

Mrs. George Kirk and son have returned from Nelson where the latter was a patient in the Kootenay Lake General hospital.

Miss Freda Fox, R.N., left Friday for coast cities.

Mr. and Mrs. G. Grimwood of Kaslo are guests of Mrs. Grimwood's parents, Mr. and Mrs. A. Wallace.

Russell Thompson and John Vallance spent the week-end with their families in New Denver.

Mrs. Paul Lincoln and Miss Francis Lincoln returned Wednesday from a week's visit in Nelson and Kaslo.

Miss Yuill arrived in town Wednesday. She will act as matron at the Miners' Union hospital.

Mrs. Beck was a Sandon visitor Monday.

Mrs. G. Levick and baby daughter arrived Wednesday. They will remain some time with Mr. Levick.

HARROP NOTES

HARROP, B.C., March 9.—C. F. Hunter of Nelson was a Harrop visitor Friday.

Mrs. C. D. Ogilvie returned Monday from Trail, after a visit of two weeks there.

Miss Katherine Renton was a Nelson visitor Tuesday.

W. J. McConnell arrived Saturday from Nanton, Alta., where he was called through the illness and death of his father.

Miss Lorna MacLean is spending

the week-end in Nelson with her parents, Mr. and Mrs. W. R. MacLean.

Mrs. W. S. Ashby and Miss Joan Ashby have returned from a short visit in Wycliffe.

Mrs. E. Fitchett was a Nelson visitor Wednesday.

GUILTY THEFT AND VAGRANCY

Joseph Shea Pleads Guilty to Two Charges and Gets Six Months on Each

Joseph M. Shea pleaded guilty before Stipendiary Magistrate John Carmichael yesterday morning to charges of vagrancy and theft, and was given concurrent sentences of six months on each charge.

On or about October 28, Shea stole an army blanket and canvas from J. B. Baxter at Bird Creek.

SENT FLOWERS

Among those making floral tributes to Mrs. Regina R. Brown, whose funeral was on Wednesday, were Mrs. R. Hermon and family of Trail, and Mrs. W. B. Melnecuk and family, Ida Flater and Jenny and family.

BURNED TO DEATH

DAUPHIN, Man., March 9.—Alex Esplin, brother of Archie Esplin, former M.L.A. for Dauphin, was burned to death today at his home in Lowring park, in a fire that destroyed his barn and contents. Esplin was in the barn loft when the fire started.

WHY YOUR STOMACH GRUMBLES

Your stomach "grumbles" because it tries to tell you it is out of order. Heed its warning, for although the trouble may not yet be serious, it is often the forerunner of severe gastritis and stomach ulcers.

Nine times out of 10 indigestion and allied stomach disorders are due to excess stomach acid, which impedes normal digestion and forms sour gases that cause intense pain. To restore good digestion you must eliminate this cause. A tablet of "Pape's Diapepsin" after eating or when pain is felt will instantly neutralize the acidity and banish all digestive trouble and pain.

Get a 60-cent package of "Pape's Diapepsin" today, for it not only brings instant relief, but by soothing, healing and strengthening your weak and acid-ridden stomach "Pape's Diapepsin" keeps your digestive system healthy and helps to prevent further disorders.

A MILLION FEET OF COTTONWOOD AWAITING DRIVE

Bank of Lardeau River Lined With Logs for British Columbia Veneer Works

CUT BY NEWCOMEN OR BY HIS CONTRACTORS

Spring Breakup Shuts Off Supplies by Rail and Plant Shut Down Time Being

No fewer than five camps along the lower part of the Lardeau river, engaged in getting out cottonwood logs for H. Newcomen, as raw material for the plant of the British Columbia Veneer Works, Nelson, have their recent cut lined up on the river bank, ready for pulling into the water. As soon as the Lardeau river rises two feet, something a two days rain would accomplish, there will be sufficient depth to start the run, which thus may get in motion any day.

SCALER NOW BUSY Altogether there is more than 1,000,000 feet of cottonwood logs, board measure, "banked" for inspection of the company's scaler, who went up last week to scale the logs, so payment can be made on them.

From now on, it is stated, the cottonwood supply of the British Columbia Veneer Works will always move wholly by water. The past winter some logs were moved by rail from the Lardeau, and some purchased at Boulder on the Great Northern, of course, arrived by the same means. A year's supply has now been arranged for.

Some of the five camps, which are located at Hower, Meadow Creek, Cooper creek, and below Cooper, are operated directly by Mr. Newcomen, and others are of persons cutting for him by contract. One of these camps, within two miles of Kootenay lake, is operated by Creed Brothers.

To Make White Pine Veneer In the course of the season the company will make a certain quantity of white pine veneer, which is specially desirable and has been arranged for a log supply from the W. W. Powell company, Nelson match block manufacturers.

The veneer plant shut down this week, its supply of cottonwood logs having been exhausted, while the breakup of the roads made impossible the hauling of logs to the mill. The raise of the Lardeau under present conditions may occur at any time, and may be occurring now. When the run starts, the plant will not have long to be idle.

Kimberley Showers Miss Harris, Who Will Soon Be Bride

KIMBERLEY, B.C., March 9.—In honor of Miss Flossie Harris, whose marriage to H. C. Phillips on Wednesday next has been announced, a pleasant function took place at the home of Mrs. E. Marsden last evening, when the bride-to-be, in the presence of a large number of friends, was showered with many attractive gifts. Mrs. Phil Gougeon and Mrs. Marsden were, jointly, responsible for the affair. The presentations were made by the Misses Isobel and Frances Holland. Several pleasing vocal selections were given by Mrs. Abbott, Mrs. E. Marsden and Miss Diebolt, Mrs. Foster accompanying.

Three Indian Boys on Way Vancouver Industrial School

CRANBROOK, B.C., March 9.—Constable Sharp, of the provincial police, accompanied Steve Brodie to Nelson jail Friday morning. Brodie will serve a six months' sentence in jail. Constable Sharp has in his charge as well the three Indian boys who will spend the next three years in the industrial school at Vancouver.

CHIMNEY FIRE SPREULL HOME IN CRANBROOK

CRANBROOK, B.C., March 9.—A chimney fire at the residence of G. J. Spreull, at 11:30 Friday morning was put out by the use of chemicals.

Spare Tubes PREVENT DISAPPOINTMENT

Just as a motor trip can be ruined for lack of a spare tire, so can your radio programs be spoiled if a radio tube is defective. Be on the safe side and always have a spare radiotron on hand. For best results insist on having genuine Westinghouse Radiotrons.

Westinghouse RADIOTRONS

ALL-STAR GIRLS TRAVEL FRIDAY

School Hoopsters to Play at Trail on March 16 and 17

March 16 and 17 were the dates agreed yesterday by "Red" Hastings, coach of the Trail Stenos, and Alma Hille, representing the Nelson High School All-Stars, when final arrangements were made over the long-distance phone for the proposed trip of the girls to Trail. The Nelson team will play the Stenos on March 16, and Trail high school girls on March 17. It was announced last night by R. Hille, coach of the two high school teams, that the All-Star team will be accompanied by a lady chaperone. The team is to be picked Monday when a tryout of all the members of the two high school teams will be held at the high school. Practices will be held all week when the team is in Trail.

Kamloops Intermediates Win Interior Title in the Hoop Series

VERNON, B.C., March 9.—The Kamloops Intermediate "A" squad of hoop players are now the proud possessors of the MacPherson cup for the intermediate championship of the interior, having defeated the Vernon boys last Saturday in Kamloops 29-20 and beat Vernon here last night 29-19. Kamloops will play the coast for the British Columbia intermediate championship.

Victorias Take Two Goals and Blank the Truro Bearcats' Team

MONTREAL, March 9.—Victorias of Montreal gained an advantage in their attempt to turn back the first challenge of the maritime provinces since 1900 when they defeated Truro Bearcats 2-0, in the first of a two-game series in the annual elimination play here tonight. One goal in each of the second and third periods gave the Victorias their margin over the easterners.

C.P.R. TEAM IS TO PLAY THE MONARCH CREW

Games Will Take Place at Vancouver Next Week; Winnipeggers Fast

VANCOUVER, March 8.—Sanction of amateur hockey rules in British Columbia and Manitoba has been secured for a two-game hockey series between the Winnipeg Canadian Pacific railway team of the Big Four Senior League and the Monarchs, Vancouver champions. The games are to be held in Vancouver, Wednesday, March 14, and Friday, March 16. The Winnipeg boys have been going great guns in the prairie city amateur league this winter, where the Simon Pures have been drawing crowds of 5000 spectators and over every game.

They arrive in Vancouver Tuesday under management of Jimmie Gordon of Winnipeg, in time for a couple of live workouts before they tangle with the local Monarchs. The lineup of the C.P. team will be: Goal, Foster or Dick; defence, Bob Davis, Dick Davis, Mayalak and Hinkle; forwards, McAdam, Holt and Star, Jackson, Burdick, Cardinal, Kernahan and O'Connell.

Third Promoter Is Dickering for the Services of Mandell

BOSTON, Mass., March 9.—The promoter's race for the services of Sammy Mandell, lightweight boxing champion, became three-cornered today when Eddie Mack, matchmaker of the Argonne A.A. of Boston, announced a new offer to the lightweight king for an outdoor title match here next spring against Bruce Flowers, New York neophyte.

Over the long-distance telephone from New York, he offered Mandell a flat guarantee of \$50,000 and the privilege of a 40 per cent "cut" in the gate receipts to box Flowers at Braves Field, here, on March 29. The only string provides that both boxers train in or near Boston for two weeks preceding the match.

CLUBS JOIN IN FRIENDLY GAMES

Nelson Badminton Club and Associate Members Hold Knockout Contest

Nelson Badminton club and Associate members joined forces last night in friendly matches at the fair building. The players were drawn in doubles, a Nelson club member and an Associate member playing as partners. Mrs. E. C. Wrasage and Miss Ruth Crawford beat Mrs. H. Rosling and Miss M. Sanderoock in the final match, to win the ladies' doubles knockout competition. George Godfrey and Charles Hamilton beat F. C. Whitehouse and J. S. W. Glover to win the men's doubles knockout competition. Refreshments were served by Mrs. E. G. Morey and Mrs. Faulkner of the Nelson club after the matches.

MARLBORORS HAVE LEAD ON SAULTS

Score Five-Nil Victory in Junior Playoff Series, Ontario

TORONTO, March 9.—Marlboros of Toronto, Ontario Hockey association junior champions, earned a five-goal lead in the first of a two-game series for the provincial title by defeating Sault Ste. Marie, Junior champions of the Northern Ontario Hockey association, 5-0 at Arena Gardens tonight. The second contest will be played on Monday. Tonight's game was a reaction from the tenaciousness of the Newmarket series. The lads from the north country opened at a whirlwind pace and maintained their style of play until they tired in the latter stages. And Marlboros opened up, too. They skated faster than in any previous appearance this season and missed the puck with reckless abandon often slashing the rubber the full width of the playing surface.

VIC FOLEY BEATS PELZ OF PORTLAND

Local boxer, tonight won a 10-round decision over Benny Pelz of Portland, Ore. in the main event of a boxing program at the Auditorium here tonight.

LEGION "A" CLUB WILL PLAY HUME, BADMINTON

The "A" club of the Canadian Legion Badminton association is to be "at home" to the Hume Badminton club this afternoon and evening, when the two clubs will engage in a friendly interclub tournament. The tourney will consist of mixed doubles, ladies' doubles and men's doubles.

LADY STARTS ON LONG SOLO TRIP

LONDON, March 9.—Lady Mary Bailey, wife of Sir Abe Bailey, Transvaal mine owner, today started on a solo flight of 6000 miles from Croydon to Cape Town, South Africa. She plans to make her journey in short hops, stopping at Paris tonight and then visiting in succession Rome, Malta, Benغاز and Cairo. She is flying a De Havilland moth plane capable of remaining in the air 10 hours at a stretch.

Plans to Fly From Croydon Field to Capetown in Moth Plane

Lady Bailey, before starting, said her trip was purely for private amusement to see how far she could get. Her destination was Cape Town. "But," she remarked, "I think I am too much of a novice to say anything about it, and I cannot tell that until I get going."

TO TAX BROKERS

QUEBEC, March 9.—The legislative assembly today approved of a measure to tax stock and bond brokers \$500 a year.

Al Draws \$3 As Umpire; Worth It!

WHILE COACHING HARVARD, IF ONE OF MY MEN LOST HIS TEMPER HIS TEAMMATES WOULD GATHER ROUND HIM AND SHOUT TEAM-TEAM TEAM!! TO SHOW HIM THE PROPER SCHOOL SPIRIT!!

GOSH!! THAT'S A GOOD IDEA PERCY!!

WHAT'S THE BIG IDEA? TRY TO SHOW ME UP? GET OUTA TH' BALL PARK!!

By AL DEMAREE

(Former Pitcher New York Giants) Sherwood Magee, who has been made an American league umpire, was such a great hitter, fielder and base runner while he was in the outfield of the Phillies about 25 years ago, that he would have won the most valuable player award if that honor had been up at that time. Sherwood has had experience as an umpire. Near the end of the season in the American association when he was with Milwaukee and I was with Columbus, one umpire got sick and the other caught his spike in the bag at first while giving the decision on a double play, and broke his leg. It was decided to use two players as umpires, and Magee and I were selected. We umpired three double-headers in three days, and Sherwood asked me as I left for Chicago to have Tom Hisey, president of the league, send him his check. We figured we'd get about \$15 per game. I went to big-hearted Tom, and he wrote out a check for \$18 for me. We got \$3 per game!

CAPITALS BEAT MOOSE JAW TEAM

Score 6-0 in Listless Game; Moose Jaw Does Not Seem to Care

REGINA, Sask., March 9.—The prairie professional hockey league play came to a close here tonight when Regina Capitals took a 6-0 victory from the Moose Jaw Maroons. The game did not have any effect on the standing, consequently the teams, particularly Moose Jaw, did not pay much attention to playing hockey. LINKUP: Moose Jaw — Yorke, Taylor, Matz, McLennan, Sutherland, Teel, Conn, Evans, Brown. Regina — Morrison, Mulligan, Daly, Thorsteinson, Sparrow, Harris, Armstrong, Johannesson, Metcalfe. Referee—Battell. SUMMARY: First period — 1, Regina, Mulligan, 10:30. Second period — 2, Regina, Sparrow, 4:50. Third period — 3, Regina, Mulligan, 5:40; 4, Regina, Johannesson, 6:37; 5, Regina, Armstrong, 13:55; 6, Regina, Sparrow, 17:52.

Hastens Back to the Old Country in Order to See His Horse Run

TORONTO, March 9.—The desire to see his horse, Gooling, run in the famous Grand National at Liverpool, Eng., on March 30, is behind the quick journey from New Zealand to England being made by Lord and Lady Grimthorpe. The couple arrived in Toronto today, and will continue to New York to sail for Britain in a few days. Lord Grimthorpe, although making only a flying trip, indicated that he was so favorably impressed with Canada that he would return in the near future and possibly start a ranch in Alberta. He is an enthusiastic horseman.

BOXER DIES

DETROIT, March 9.—George Lavigne, aged 38, former lightweight boxing champion, died at his home here tonight following a brief illness.

Canadian Runners Scattered Through List in Marathon

LUDLOW, Cal., March 9.—The standing of Canadians in the Los Angeles to New York marathon when they reached Mojave Wells, Cal., yesterday, with their elapsed time for the 185 miles, follows: John Cronick, Saskatoon, 28:06:09; eighth. Phillip Gravlille, Hamilton, Ont., 30:12:05, twelfth. George Liebergall, Bellevue, Alta., 35:59:05, sixty-second. David Davies, Sandwich, Ont., 36:27:35, sixty-seventh. R. D. LeGage, Montreal, 41:12:00 (position not given). S. Stevens, Calgary, Alta., 44:12:40, one hundred and ninth. H. A. McNutt, Alberta, 44:33:55, one hundred and fourteenth. J. J. Krause, Regina, 44:54:00 (position not given). Walter Cicketts, Southampton, Ont., 45:53:30, one hundred and twenty-seventh. Osmond Metcalfe, Toronto, Ont., 50:24:16, one hundred and forty-second. W. J. Ferguson, Canada (no town given), 45:11:30, one hundred and forty-ninth.

Mashers Prepare for Long Grind in The Pas Derby

THE PAS, Man., March 9.—Speeding over the lonely northern trails, dog mashers of the north country are actively preparing for the annual The Pas 120-mile dog derby, which is scheduled to start at 11 a.m. Tuesday, March 13. The famous mashers of the north, Emil St. Godard, Earl Byrdes, Shorty Russick, Harry Olenky, Leo St. Godard, are some of whom raced in the eastern classics this year, and are among the entrants whipping their teams into excellent condition, and fast time is expected, with expectations of record-breaking runs. The course is on the Saskatchewan river and each day the race will be 40 miles, making five laps to each day's run on Tuesday, Wednesday and Thursday. Next week will be "carnival week," and many attractions have been arranged in connection with the derby, including a bonspiel, a "work dog" race, and skating competitions. Miss Esther Lee, elected by popular vote, will be the 1928 "carnival queen."

Prince Albert Dog Derby Racer Wins in Blinding Snowstorm

PRINCE ALBERT, Sask., March 9.—Finishing in a blinding snow storm, Thomas Elvery, local musher, today won the Premier Mackenzie King trophy awarded at the Prince Albert winter carnival for the dog racing championship of Saskatchewan. His time for the total of 40 miles, run in four laps of 10 miles a day, was three hours and 17 minutes.

Canadian Marathoner Is Injured When Hit by Auto; in Hospital

BAGDAD, Cal., March 9.—The first casualty in the coast-to-coast marathon came tonight when Walter Ricketts, Southampton, Ont., was struck down by an unidentified motorist. Witnesses said the car came from the opposite direction to the runner and was traveling at high speed, pitching from side to side. Ricketts received two fractured ribs. The accident occurred 10 miles from Bagdad, and the injured man was taken to a hospital.

Hamilton Runner Ranks Nineteenth in Marathon Race

BAGDAD, Cal., March 9.—Phillip Gravlille of Hamilton, Ont., Canadian walking champion, was 19th in today's lap of the coast to coast marathon. The distance covered was 41.9 miles. John Cronick of Saskatoon, Sask., was 10th tonight in elapsed time, his time being 37:01:05. Gravlille is fifteenth in elapsed time of 38:32:50.

UNIVERSITY HOOP TEAM IS VICTOR

NEW WESTMINSTER, March 9.—University of British Columbia basketball team tonight defeated Jordan River, Vancouver Island champions, in the semi-final of the senior A provincial championship 37-23 and earned the right to meet Kelowna, in the final. Jordan river led at half time 21-20.

KIMBERLEY NOTES

KIMBERLEY, B.C., March 9.—J. C. Adams leaves on Friday for Regina to attend a convention of the retail jewelers of the Dominion. T. A. Leighton left for Vancouver to spend a two-months' vacation. George Sutherland is spending a few days in Calgary, to which city he has been called on account of the illness of his wife. Miss Jacobson returned this week from Spokane, where she attended the funeral of her father. Newcomers to Kimberley this week are Mr. and Mrs. T. H. Ireland of Creston, who are to make their home here. Alex D. Pearson of Fitzhugh, Scotland, is a recent arrival. He is making his home with his brother, C. Pearson, of Chapman.

Reduced in Price finer than ever Whippet Coach

Now \$948

F.O.B. Nelson, Fully Equipped with Front and Rear Bumpers and Spare Tire.

THE recent drastic price-reductions make the Whippet the lowest-priced car of proven quality on the market today.

Back of the perfected Whippet is an unequalled array of performance records. 71.6 miles per hour at Rockingham Speedway... A.A.A. Coast-to-Coast economy record... in a second-gear run of 135 miles the Whippet averaged 33.33 miles per hour... Whippet is the first and only light car ever to climb Stone Mountain—a 400-ft. incline—a 45-degree angle. There you have conclusive evidence of Whippet's mechanical superiority over all light cars—in speed, economy, stamina and power.

Bear in mind too, that Whippet is time-tried and owner-tested by millions of miles of driving. Come in and see it—now—today.

BIDGOOD SALES HEAVY AND UP

High Ore Values Reported; Barry Holly Up; Noranda Recovers

TORONTO, March 9.—Bidgood and Malarctic were the outstanding features on the Standard Mining exchange today. Reports of very high values of ore in the drift at a depth of 370 feet brought unusually heavy accumulation of Bidgood, the sales for the day amounting to 264,400 shares. Final sales were at 97c, a net gain of 11c. Malarctic reached a new high for all time at \$1.05, and finished at \$1.04, an advance of 7c.

Barry Hollinger closed at \$1.07, 7c higher. Sudbury Basin touched \$0.75 and finished at \$0.30, a net loss of 20c.

Dome broke sharply when the annual report was released, one lot of 500 shares changing hands at \$1.00. In the afternoon the range was from \$1.01 to \$1.07 with the close at the former figure, a decline of 50c. Hollinger made a further gain of 5c, to \$1.25, but McIntyre was off 10c, to \$2.40, in very light trading. A few sales of Nipissing were effected at \$5.75, but the issue gradually slumped to \$5, a loss of 60c.

The higher-priced Kirkland Lake issues were quite weak, declines including Teck Hughes 85c, to \$8.65; Lake Shore 25c, to \$24; Wright Hargreaves 10c, to \$5.30; and Sylvanite 5c, to \$3.45.

Noranda recovered 5c of its previous day's loss, and closed at \$19.85. Amulet declined 16c, to \$4.10; while Towagaming was down 10c, to \$3.20.

Sherritt-Gordon lost 5c, to \$7.45, and Hudson Bay Mining fell back 60c, to \$17.10. Pend Oreille rallied 40c, to \$17.90. Other British Columbia issues were easier.

Plans for World's Grain Show Regina Will Be Discussed

REGINA, Sask., March 9.—Preliminary plans for holding of the world's grain show and congress at Regina in 1932 will be carried a step further at a conference representative of agricultural, governmental and business interests in western Canada to be held here March 17.

Starting at \$25,000, the tentative prize list for the world's grain show is now expected to exceed \$300,000 and may reach the \$250,000 mark, with sweep-stake prizes for the world's best wheat, oats and barley of probably not less than \$10,000 each. From one source alone an offer of \$15,000 as a prize for the best pack of wheat in the world's grain show has been received. It is proposed to hold the world grain show and congress in connection with the provincial exhibition in Regina, beginning August 1, 1932.

For very small monthly dues these delights are yours—as well as complete financial protection in adversity, sickness or death.

Institute at Harrop Makes Black Cats for Patients at Solarium

HARROP, B.C., March 9.—Mrs. H. Fairbank and Mrs. W. S. Ashby were joint hostesses on Thursday afternoon, at the March meeting of the Women's Institute, Mrs. C. D. Ogilvie presided. Financial report on the recent leap year dance was given and it was found the institute was still on the right side of the books.

Announcements of coming social events were made and committees and matters arranged.

Following the business, the members made black cats from discarded stockings. These will be sent to amuse patients at the Queen-Alexandra solarium. Mrs. Fairbank had charge of this part of the program. Mrs. Ashby conducted a competition of jumbled words. Those having the most correct words were Mrs. J. P. Stevenson and Miss K. Renton.

Tea hostesses were Mrs. L. O. Serres and Miss S. McIntosh.

Orange Lodges Are Flourishing

PRINCE ALBERT, Sask., March 9.—Stereotypes given following the conclusion of the sessions of the provincial grand lodges of the L.O.L. and L.O.B.A. here today indicated that both organizations were flourishing.

N. G. Iven of Delisle, Sask., was elected provincial grand master of the L.O.L. and Mrs. A. Gordon of Moose Jaw, provincial grand mistress of the L.O.B.A.

The next session of the grand lodges of both organizations will be held in Moose Jaw in March, 1929.

TRUE FISSURE HAULS OUT TWO CARLOADS ORE

Will Move to Smelter When Ice
Out of Trout Lake; Morgan
Developing

EARLY STRENGTH EASES OFF, COAST

Pend Oreille Gains, Then Drops
Back in Afternoon Trade
on Mining List

Two carloads of sacked ore from the True Fissure property above Ferguson, in the Trout Lake district, have been hauled down to Trout Lake, from which point, after the ice goes out, it will be barged to Gerrard, en route to the Consolidated Mining & Smelting company's smelter at Trail, according to word from that district. It will probably move about May 4.

The ore represents part of the development work carried on by Superintendent Dave Morgan, for the True Fissure Mining & Manufacturing company, representing Cincinnati capital, and headed by G. F. Park. Last season a road was built to better serve the property, which has been under development for many years.

It is reported that larger scale operations are being considered.

Assays of the True Fissure ore go up to 75 ounces of silver, 35 per cent lead and 25 per cent zinc.

VANCOUVER, March 9. — After displaying strength during the morning session, during which numerous issues made substantial gains, trading on the Vancouver Stock exchange eased off during the afternoon, and a slight recession set in, wiping out part of the advance.

Pend Oreille, which opened strong in the morning, selling up to \$18.50, closed at noon at \$18.05, a net gain of 25c, but in the later session forfeited this, finishing with a net loss on the day of 40c, at \$17.40.

George Copper made a net gain of 35c, to \$4.85, and Porter Idaho 10c, to \$2, as did also Whitewater common at \$2.70, after touching \$2.80.

Coast Copper was quoted at \$43, \$2.50 down.

Premier advanced 4c, to \$2.74, while numerous other issues closed with gains of fractions to 3 points.

Total sales \$22,865; value \$126,354.

Metal Markets

NEW YORK, March 9. — Copper, steady; electrolytic, spot and futures, \$14 1/4.

GENERAL MOTORS GOES UP NINE

Hits New Peak of \$159 1/4; Bear Traders Take Beating Radio Soars

NEW YORK, March 9.—General Motors common stock, soaring 9 1/2 points to a new high record at 159 1/4 on a turnover of more than half a million shares, led a spirited advance in prices in today's market. Extreme gains in the high priced industrials ranged from 4 to 17 1/2 points, but some of these were cut down on profit-taking. The day's total sales were 3,706,500 shares which have exceeded once in the history of the exchange on March 3, 1926, when 3,785,000 shares changed hands in a declining market.

This was the sixth consecutive day that General Motors had established a new peak, today's final quotation representing a gain of more than 20 points during the past week.

"Bear" traders were reported to have taken a terrific beating in today's market not only in General Motors but in such stocks as Radio, which soared 9 1/2 points; United States Steel common, which closed 4 points higher at 145 3/8; Hudson Motors, which crossed 94, and several others. Baldwin Locomotive in which the floating supply is small, sky-rocketed 17 1/2 to 273 1/2, the highest price at which it has ever sold and then fell back to 268.

Midland Steel Products preferred jumped 12 points to 237 and net gains of 3 points or more were recorded by nearly a score others.

The money market continued relatively easy, call money being in plentiful supply at the renewal figure of 4 1/2 per cent.

Trails failed to participate to any extent in the buying movement.

IMPROVEMENTS ON MONTREAL LIST

National Breweries Is Active Leader; Winnipeg Electric Distinguishes Self

MONTREAL, March 9.—The Montreal stock exchange today underwent substantial improvement in volume and price tendency.

National Breweries was the active leader with a turnover of 7441 shares and was also a strong spot with a net gain on 2 points at 131. The issue establishing the new high of 121.

Winnipeg Electric further distinguished itself by turning the greater net advance of the list being 3 1/2 points up at 124 1/2. Nickel figured among the most active stocks and was also stronger being up 2 1/4 at 84 1/2. The Old Brazilian came in for fresh demand and advanced 1 1/2 points to 201 1/2.

The only losses of consequence were suffered by Ogilvie and Southern Canada Power each of which declined 5 points on light offerings.

Total sales 45,693 shares; bonds \$57,600.

INCOME TAX CUT IS TEN PER CENT

Such Is Ruling Applied in Amendments to Taxation Act at Victoria

VICTORIA, March 9.—A flat reduction of 10 per cent in the rates of taxation on income is provided for in the taxation amendments brought down in the legislature today by Premier MacLean as finance minister. The reduction relates to the net taxable income before deducting rebats for dependents. Reductions in gross income tax payable by trades, businesses and professions are provided. The rate of taxation on coal lands held in reserve (classified "B" under the act) is reduced from 4 per cent to 2 per cent. Provision is made for entering into cooperative arrangements with the Dominion government in the matter of checking income tax returns.

TORONTO LIST MUCH STRONGER

Sudbury Basin Most Active; Goodyear Tire Preferred Jumps Up Ten

TORONTO, March 9. — A somewhat brighter aspect and stronger trend were observable in operations on the Toronto Stock exchange today.

By far the most active stock in the unlisted section of the exchange was Sudbury Basin, running from 40 to 49.70 and closing at 49.40. One of the starting performances of the day was put up by Great West Sillery, which had been added to the curb for the first time. There were 3773 shares of the common stock, and the price advanced from a low of 22 to a high of 24 1/2, at the close. Three hundred and five shares of the preferred stock also changed hands at 99, 99 1/2 and the closing sale of 99 1/2. These prices compare with an issue price of \$18.50 a share.

Goodyear Tire preferred stock made a jump of 10 to the close at 145.

**LIQUIDATION OF
OLD RAMBLER IS
AGAIN AFFIRMED**

Wishes of Shareholders Will
Now Be Given Effect as
Law Provides

NEW COMPANY WILL
FULLY PROBE MINE

Geological Examination Prelude
to Working Out Program
of Operation

Confirming the action taken on Feb-
ruary 17 at a similar meeting, share-
holders of Rambler-Cariboo Mines, lim-
ited, in extraordinary general meeting
at Kaslo yesterday afternoon, reaffirmed
the resolution providing for liquidation
of the company, and appointing A. F.
McClellan Jr. of Spokane, liquidator, ad-
vice from Kaslo state.
This double passage of the resolution
satisfies the laws of British Columbia,
and the liquidation of the company will
now proceed in accordance with the
agreement made with the Slocan-Ram-
bler Mining company, which has ac-
quired the Rambler mine, for so many
years a large and consistent Slocan ship-
per, its activity terminating with the
death, in a motor accident two or three
years ago, of Wilford A. Cameron. Four
shares of the old company are exchange-
able for one share of the new one.
START CREW IN SPRING
It is understood to be the intention
of the Slocan-Rambler Mining com-
pany, of which R. B. Lamb, representing
Toronto interests, is president, to have
a careful geological examination of the
property made, as soon as weather con-
ditions permit, when a crew of 10 men
will be put on. The examination, which
will probably be made by W. W. B.
McDougal and Arthur Lakes, will be
the prelude to working out of an oper-
ating program, which, presumably, will
be on a generous scale.
The Rambler is equipped with a mill,
on the Kaslo & Nakusp branch of the
Canadian Pacific railway, and its deep
tunnel was famous as one of the first
"big bores" of the Slocan.

Total Precipitation
for This Week Is
Nearly Half an Inch

With a rainfall of .16 inch in the
24 hours ending at 5 o'clock yester-
day, the total precipitation since the
rainy weather set in early in the week
is .32 inches. Today will be generally
fair and cloudy.
Both the maximum and the mini-
mum temperatures for the same period
dropped 4 degrees, the maximum be-
ing 39 and the minimum 34.

Trail Doctors May
Reside Kimberley;
Contract Rumored

KIMBERLEY, B.C., May 9. — Dr. C. S.
Williams and Dr. Bisset of Trail were
visitors here this week.
There are persistent rumors that Dr.
Williams will be given the medical con-
tract, and that Dr. Bisset and another
doctor will be resident here, and that in
case of special surgical cases the Trail
clinic will be used.
The doctors, when here, had a busy
time being greeted by many former
Trailites.

**CONSOLIDATING
NOBLE FIVE AND
SURPRISE MINES**

Famous Sandon Properties Are
Placed Together Under New
Incorporation

THEY ARE ADJACENT
ON RICO MOUNTAIN

Can Be Worker Together Ad-
vantageously; Large Scale
Development

Incorporation of a company named
Noble Five Mines, limited, with a cap-
ital stock placed at \$3,000,000, announ-
ced from Victoria Thursday night, brings
to a head an important Slocan mining
deal known to have been maturing for
some time. It is the consolidation of
the Noble Five property, owned for many
years and developed in a big way by
Horn James Dunsmuir, and now con-
trolled and operated by Paul Lincoln,
and the Surprise property, owned by
the Rosebery-Surprise Mining company,
and an important operator during the
war.
Both these groups are on Rico moun-
tain, and their relative situation is such
that it has been generally thought that
the Surprise could be worked to ad-
vantage from Noble Five ground.
DUNSMUIR DEVELOPMENT
The Noble Five is noted for its big
shaft, rising from the working tunnel
for 1000 feet, with stations cut at inter-
vals for crosscuts to the three veins
that, more or less, parallel it, develop-
ment made under Mr. Dunsmuir. Last
year Mr. Lincoln shipped about 1500
tons of milling ore from the upper
workings, while recently, sinking from
the lowest level, he has proven shipping
ore in the Noble Five vein continues
downward. The property has a modern
mill at Cody.
The Rosebery-Surprise Mining com-
pany a few days ago disposed of the
Bosond mine, its chief operator, to the
Glasford Mining corporation of Vancou-
ver.
Mr. Lincoln left a few days ago for
the coast.
